*Gardener's Monthly and Horticultural Advertiser* Thomas Meehan, 1861      **The Gardener's Magazine and Register of Rural & Domestic Improvement**, 1830      **New England Farmer, and Gardener's Journal**, 1837      *The Floral World and Garden Guide* Shirley Hibberd, 1861      *The Gardener's Monthly and Horticultural Advertiser*, 1868      *One Writer's Garden* Susan Haltom, Jane Roy Brown, 2011-09-08

By the time she reached her late twenties Eudora Welty 1909-2001 was launching a distinguished literary career. She was also becoming a capable gardener under the tutelage of her mother Chestina Welty who designed their modest garden in Jackson, Mississippi. From the beginning Eudora wove images of southern flora and gardens into her writing; yet few outside her personal circle knew that the images were drawn directly from her passionate connection to and abiding knowledge of her own garden. Near the end of her life Welty still resided in her parents' house, but the garden and the friends who remembered it had all but vanished. When a local garden designer offered to help bring it back, Welty began remembering the flowers that had grown in what she called her mother's garden. By the time Welty died, that gardener Susan Haltom was leading a historic restoration. When Welty's private papers were released several years after her death, they confirmed that the writer had sought both inspiration and a creative outlet there. This book contains many previously unpublished writings, including literary passages and excerpts from Welty's private correspondence about the garden. The authors of *One Writer's Garden* also draw connections between Welty's gardening and her writing. They show how the garden echoed the prevailing style of Welty's mother's generation, which in turn mirrored wider trends in American life: Progressive era optimism, a rising middle class, prosperity, new technology, women's clubs, garden clubs, streetcar suburbs, civic beautification, conservation, plant introductions, and garden writing. The authors illustrate this garden's history and the broader story of how American gardens evolved in the early twentieth century, with images from contemporary garden literature, seed catalogs, and advertisements, as well as unique historic photographs. Noted landscape photographer Langdon Clay captures the restored garden through the seasons.
