## **Loyal She Remains A Pictorial History Of Ontario:**

Loyal She Remains United Empire Loyalists' Association of Canada, 1984      Dad's Best Memories and Recollections Charles J. Humber, 2016-01-19 DAD S BEST MEMORIES AND RECOLLECTIONS is Chazzz Humber s epithaph casting a very long and sentimental shadow across North America and beyond This 230 page volume is his granite monument well polished It lavishly records 125 of his best memories over a life span of nearly eighty years The vignettes are serenaded with more than 400 illustrations Those discovering this volume likely will find themselves wanting to record in their own sunset years their personal memories and recollections And when they do they are apt to recall what it was like to live in their fluctuating world dominated by a variety of personalities and cascading events Mr Humber vividly describes what it was like in 1945 to travel in a 1930 Model A Ford from Toronto to Boston With lively enthusiasm he reports what it was like to live in post World War II Boston to cook a lobster for a former President of the United States or to sell a pair of elevator shoes to one of Hollywood s shortest celebrities or to shine the shoes of a Derby hatted father of a future President of the United States It is not a remarkable achievement to reflect to recall or to have memories that are treasured But to tell them with literary aplomb to recall the events that happened nearly seventy five years ago with utmost clarity is definitely an admirable achievement and should be cherished not only by the kin who follow Mr Humber but by those who might like to imitate what he has monumentally achieved in Dad s Best Memories and Recollections      Modest Hopes Don Loucks, Leslie Valpy, 2021-09-14 Celebrating Toronto s built heritage of row houses semis and cottages and the people who lived in them Despite their value as urban property Toronto s workers cottages are often characterized as being small cramped poorly built and in need of modernization or even demolition But for the workers and their families who originally lived in them from the 1820s to the 1920s these houses were far from modest Many had been driven off their ancestral farms or had left the crowded conditions of tenements in their home cities abroad Once in Toronto many lived in unsanitary conditions in makeshift shantytowns or cramped shared houses in downtown neighbourhoods such as The Ward To then move to a self contained cottage or rowhouse was the result of an unimaginably strong hope for the future and a commitment to family life Through the stories of eight families who lived in these Modest Hopes authors Don Loucks and Leslie Valpy bring an important but forgotten part of the Toronto narrative to life They illuminate the development of Toronto s working class neighbourhoods such as Leslieville Corktown and others and explain the designs and architectural antecedents of these undervalued heritage properties      Ask the Grey Sisters Elizabeth Iles, 1998-06 Ask the Grey Sisters Sault Ste Marie and the General Hospital 1898 1998 tells the story of the creation and one hundred year history of the Sault Ste Marie General Hospital At a time when Canada s healthcare system is at a crossroads and we are asked to make crucial decisions for its future it is intriguing and enlightening to look at the colourful past of a typical community hospital Throughout the 1890s Sault Ste Marie was a town in search of a hospital Its glory days at the centre of the fur trade route were long gone and the

Sault was in the process of becoming a modern industrial community. Such a community needed a hospital as a centrepiece to attract investors and as a necessary social institution to care for the hundreds of workers who were flocking to town without family support. The General Hospital was established in 1898 after the town committee charged with developing a hospital had been refused funding by both the federal and provincial governments. In desperation the committee met with the provincial Inspector of Asylums and Prisons, the only provincial official with hospitals in his mandate. If you wish a hospital of which the work is serious and lasting, he is reported to have advised them, ask the Grey Sisters. And so began a fruitful association between the community of Sault Ste Marie and two orders of Grey Sisters who have operated the hospital through its one hundred year history. Based in part on the extensive archival collections of both orders of nuns, this history includes material from the sisters' Chronicles and their personal reminiscences. The result is an intimate and detailed portrait of a community hospital placed in the context of an emerging provincial system of health care. Picturesque Ontario Towns Fred Dahms, 2003-05. Fred Dahms presents ten prosperous attractive communities with a strong sense of heritage, all located east of Toronto. They offer a welcome respite for city dwellers looking for a pleasant outing or a new home. Some such as Bobcaygeon and Port Perry are popular with visitors, while Fenelon Falls, Deseronto and Millbrook are pleasant surprises for the curious traveler. Each of these towns makes a comfortable and enjoyable day's outing for residents of Toronto and the GTA, Peterborough, Kingston and the other urban areas of south central Ontario. Fred Dahms, who studies what makes small towns healthy and successful, shares his knowledge of each place's history, its amenities and the reasons for its success. Lavishly illustrated with full colour photographs, Picturesque Ontario Towns also includes maps for each community. Canadian History: Confederation to the present Martin Brook Taylor, Doug Owram, 1994-01-01. In these two volumes which replace the Reader's Guide to Canadian History, experts provide a select and critical guide to historical writing about pre and post Confederation Canada, with an emphasis on the most recent scholarship. Cover **The Mighty Niagara** John N. Jackson, 2003-03. Jackson makes some notable contributions to the popular and scholarly literature about the Niagara region, a welcome addition to the literature of US-Canada cross border studies. The Canadian Historical Review provides a most engaging and eloquently written story, a learned tale of the Niagara region's associated historical triumphs and abiding challenges. The book's geographical and social histories will be of interest not only to residents of the Niagara Frontier but to anyone who has ever been fascinated by the complexly related natural and technological wonders that have helped to make Niagara one of the world's most famous and enduring icons. ISLE This in depth regional study of the Niagara Frontier traces the evolution of landscape and patterns of settlement on both sides of the Niagara River, extending from St Catharines, Ontario to Lockport, New York. This significant region, astride an international frontier, both connects and separates, unites and divides Canadian and American territories bordering the Niagara River. Like map overlays that build on an underlying base geography, Professor Jackson's chronological approach begins with the qualities of the physical background and their

ongoing ramifications up to the present for the use and development of land He then adds the Native settlements showing their trails and economic activities while highlighting the amazing fact that certain Native features remain an intrinsic part of the modern landscape The next time period reveals that the previous human landscapes once continuous across the Niagara River became acutely discontinuous with the creation in 1783 of an unseen but divisive international boundary Subsequent chapters follow the changes over the course of time as canals railways hydroelectric power and the dominance of the automobile in the present era all transform the environment Jackson also discusses Niagara Falls as the fulcrum around which the Niagara Frontier has developed and the impact of the tourist industry on the region This thorough analysis of an important international region will be of great use to students of regional urban and historical geography as well as to anyone involved in cross boundary trade education or tourism John N Jackson St Catharines Ontario is professor emeritus of applied geography at Brock University and the author of fourteen previous books on regional geography and history John Burtiak St Catharines now retired was the special collections librarian and university archivist at Brock University Gregory P Stein Buffalo NY is associate professor of geography and planning at SUNY College at Buffalo

**Engaging the Line** Brandon R. Dimmel, 2016-10-15 For decades people living in adjacent communities along the Canada US border enjoyed close social and economic relationships with their neighbours across the line The introduction of new security measures during the First World War threatened this way of life by restricting the movement of people and goods across the border Many Canadians resented the new regulations introduced by their provincial and federal governments deriding them as outside influences that created friction where none had existed before Engaging the Line examines responses to wartime regulations in several border communities including Windsor Ontario Detroit Michigan and White Rock British Columbia This book brings to life the repercussions for these communities and offers readers a glimpse at the origins of our modern highly secured border by tracing the shifting relationship between citizens and the state during wartime

**From Dean to Dand** Don Hathaway, 2020-11-05 From Dean to Dand follows the Hathaway patronymic from its inception in the Forest of Dean in Wales when it was recorded in the Domesday Book The family spread across England before crossing the Atlantic to the American colonies One branch of the diaspora the author's ancestors migrated north into Upper Canada and then west onto the Canadian prairies The story traces that branch of the Hathaway family as one small thread in a tapestry woven from shifting political social and economic forces Perhaps the real story in these pages is the tapestry and its story of the courage to face social political and economic change the energy and resourcefulness of those whose stories launched all of ours
