contemporary art and classical myth while offering novel insights into the artists and myths under consideration Some essays concentrate on single works as they relate to specific myths while others take a broader approach calling on myth as a means of grappling with dominant trends in contemporary art *Luciano Fabro* Galleria Christian Stein, Milan, 2017 **Lead in Modern and Contemporary Art** Sharon Hecker, Silvia Bottinelli, 2021-03-25 Lead in Modern and Contemporary Art is the first edited volume to critically examine uses of lead as both material and cultural signifier in modern and contemporary art The book analyzes the work of a diverse group of artists working in Europe the Middle East and North America and takes into account the ways in which gender race and class can affect the cultural perception of lead Bringing together contributions from a distinguished group of international contributors across various fields this volume explores lead s relevance from a number of perspectives including art history technical art history art criticism and curatorial studies Drawing on current art historical concerns with materiality this volume builds on recent exhibitions and scholarship that reconsider the role of materials in shaping artistic meaning thus giving a central relevance to the object and its physicality
