Luck Factor:

The Luck Factor Richard Wiseman, 2003 A revolutionary study of the scientific principles of luck from one of Britain's most highly respected and popular psychologists Is luck real Have you ever wondered why some individuals seem to have all the luck and others seem to be born unlucky And why do some people get to lead happy fulfilling lives while others face endless failure and sadness Is it all just a matter of fate or can unlucky people improve their luck and their lives Enter Dr Richard Wiseman Ten years ago Wiseman decided to search for the elusive luck factor Instead of accepting previous assumptions about genes upbringing intelligence skill and personality he went directly to the source analyzing the beliefs and experiences of lucky and unlucky people A national media appeal helped Wiseman and his research team attract a pool of 400 volunteers willing to put their lives under the microscope for three years The results A radical new way to look at luck It turns out that the lucky people in his study were actually creating their own good luck through their mental attitudes and behaviour Ultimately Wiseman identified four main factors that determined whether or not the subjects would lead a lucky life With solid empirical evidence in hand he used his research to show a group of people who considered themselves to be unlucky how to think and act like lucky people The results were impressive Almost all the participants reported significant life changes increased levels of luck self esteem physical well being confidence and success The principles Dr Wiseman reveals in this groundbreaking study can teach you how to improve your luck and literally change your life [The Luck Factor](#) Richard Wiseman, 2004 Why Do Some People Lead Happy Successful Lives Whilst Others Face Repeated Failure And Sadness Why Do Some Find Their Perfect Partner Whilst Others Stagger From One Broken Relationship To The Next What Enables Some People To Have Successful Careers Whilst Others Find Themselves Trapped In Jobs They Detest And Can Unlucky People Do Anything To Improve Their Luck And Lives Ten Years Ago Professor Richard Wiseman Decided To Search For The Elusive Luck Factor By Investigating The Actual Beliefs And Experiences Of Lucky And Unlucky People The Results Reveal A Radical New Way Of Looking At Luck In This Book Wiseman Identifies The Four Simple Behavioural Techniques That Have Been Scientifically Proven To Help You Attract Good Fortune He Then Shows How You Can Use These Methods To Revolutionise Every Area Of Your Life Including Your Relationships Personal Finances And Career **The Luck Factor (Harriman Classics)** Max Gunther, 2020-08-11 Max Gunther's classic text with a new foreword by Gautam Baid Luck We can't see it or touch it but we can feel it We all know it when we experience it But does it go deeper than this And if it goes deeper does it do so in any way which we can harness to our own and others advantage Taking us on a fascinating tour through the more popular theories and histories of luck from pseudoscience to paganism mathematicians to magicians Max Gunther arrives at a careful set of scientific conclusions as to the true nature of luck and the possibility of managing it Drawing out the logical truths hidden in some examples of outrageous fortune and some of the seemingly absurd theories of its origins he presents readers with the concise formulae that make up what he calls the Luck Factor the five traits that lucky

people have in common and shows how anyone can improve their luck *The Luck Factor* Richard John Wiseman,2003
Examines luck from a psychological perspective drawing on interviews and experiments with more than four hundred volunteers to conclude that luck is a learned ability in a guide that introduces four principles regarding luck Based on his own research Richard Wiseman has written this accessible study of luck He identifies the luck factor as well as showing us how we can all bring more luck into our lives The Luck Factor Max Gunther,1978-05-01 **The Luck Factor (summary)** Richard John Wiseman,2008 *Safety Management* Ron C.
