

Translation Memories & Glossary

Understanding Their Roles in Localization

Translation Memories

- ✓ A TM is a database that stores segments of text (such as sentences, phrases, or paragraphs) in a source language along with their corresponding translations in a target language.
- ✓ TMs help translators by suggesting previously translated content that matches new text. This ensures consistency and efficiency, especially for repetitive or similar content.

Glossaries

- ✓ A glossary is a list of terms and their definitions or translations, often specific to a particular field or industry.
- ✓ Glossaries provide translators with standardized translations for specific terms, ensuring that terminology is used consistently.

Lue Language Glossaries Texts And Translations:

William J. Gedney's The Lue Language William J. Gedney, 1996 Gedney using several informants compiled an extensive glossary of the Lue language complete with texts and translations *Historical Dictionary of Thailand* Gerald W. Fry, Gayla S. Nieminen, Harold E. Smith, 2013-08-08 Throughout its history Thailand has shown remarkable resiliency adaptability and creativity in responding to serious threats and crises and this since much earlier times when it was known as Siam This book while focusing on the modern period does reach back to ancient kingdoms but also shows the impressive rise to a modern democracy although still endowed with a king and even more impressively an economic tiger Moreover it has become a prime tourist destination and is thus known to vast numbers of foreigners as a sort of instant Asia The *Historical Dictionary of Thailand* now in its third edition covers this amazing story in various ways First the chronology traces the most significant events from year to year The introduction then provides a good overview of the land and people the history and traditions and where it now seems to be heading The dictionary which by now has hundreds of detailed and cross referenced entries looks more closely at important persons places institutions and events as well as more generally its politics economy society culture and religion So this is an excellent reference work not only for scholars but many others who have visited the country and were fascinated by it

William J. Gedney's Comparative Tai Source Book Thomas John Hudak, 2007-12-03 This volume provides accurate and reliable data from 1 159 common cognates found in 19 dialects from the Tai language family Originally collected by noted Tai linguist the late William J Gedney the data are organized into the three branches of the Tai language family the Southwestern the Central and the Northern to facilitate comparisons among the various sound systems within the individual branches and within the Tai language family as a whole Supplementing the cognates are phonological descriptions of each of the dialects Included among the nineteen dialects are Siamese White Tai Black Tai Shan Lue Yay Saek and dialects found at Leiping Lungming Pingsiang and Ningming in China The meticulous attention paid to consonants vowels and tones found in each cognate will allow for further dialect studies for the investigation of questions concerning the tripartite division of the Tai language family and for the continuing investigation into the reconstruction of the Proto Tai language family and its wider genetic relationships *Historical Dictionary of Thailand* May Kyi Win, Harold E. Smith, Gayla S. Nieminen, 2005-10-04 Thailand has experienced extremely rapid economic growth and with that growth the increased social mobility and political democracy that comes with it As the only Southeast Asian country to have avoided colonization it still boasts a functioning monarchy remains close to its religious roots and clings to its cultural heritage The second edition of the *Historical Dictionary of Thailand* first provides an overview of the country in the introduction traces the long and complicated history in the chronology and goes into much greater detail in the dictionary Offering 64 new entries as well as updates and revisions to older ones the dictionary presents important persons places institutions and more in an easily accessible resource Significant recent events are discussed including the 1997 98 Thai economic crisis and its effects

reforms of the national government and the growth in political roles of both businessman and other middle class members In addition the book updates basic information relative to population growth urbanization and industrialization of the economy All this is topped off by nearly 20 Appendixes and a solid bibliography making this an essential reference tool **The Languages and Linguistics of Mainland Southeast Asia** Paul Sidwell, Mathias Jenny, 2021-08-23 The handbook will offer a survey of the field of linguistics in the early 21st century for the Southeast Asian Linguistic Area The last half century has seen a great increase in work on language contact work in genetic theoretical and descriptive linguistics and since the 1990s especially documentation of endangered languages The book will provide an account of work in these areas focusing on the achievements of SEAsian linguistics as well as the challenges and unresolved issues and provide a survey of the relevant major publications and other available resources We will address Survey of the languages of the area organized along genetic lines with discussion of relevant political and cultural background issues Theoretical descriptive and typological issues Genetic classification and historical linguistics Areal and contact linguistics Other areas of interest such as sociolinguistics semantics writing systems etc Resources major monographs and monograph series dictionaries journals electronic data bases etc Grammar sketches of languages representative of the genetic and structural diversity of the region
