Cohen, Includes chapters on hunting and gathering horticulture pastoralism agriculture and transitions to modernity in societies and cultures around the world *The Oxford Handbook of Ethiopian Languages* Ronny Meyer, Bedilu Wakjira, Zelealem Leyew, 2023 This handbook provides a comprehensive account of the languages spoken in Ethiopia exploring their structures and their function and use in society It offers overviews of individual languages many of them less documented as well as detailed studies of specific

aspects of language use in Ethiopia      Acts: An Exegetical Commentary : Volume 4 Craig S. Keener, 2015-10-06 Highly respected New Testament scholar Craig Keener is known for his meticulous and comprehensive research This commentary on Acts his magnum opus may be the largest and most thoroughly documented Acts commentary ever written Useful not only for the study of Acts but also early Christianity this work sets Acts in its first century context In this volume the last of four Keener finishes his detailed exegesis of Acts utilizing an unparalleled range of ancient sources and offering a wealth of fresh insights This magisterial commentary will be an invaluable resource for New Testament professors and students pastors Acts scholars and libraries The complete four volume set is available at a special price      **Pathways to Data** Robert W. Habenstein, 2017-07-12 It is much better observed C Wright Mills in an essay on intellectual craftsmanship to have one account by a working student of how he is going about his work than a dozen codifications of procedure by specialists who often as not have never done much work of consequence This observation underscores the premise of this book that there is a need for students to communicate the procedures and strategies of field research they have found consequential in their own studies to the less instructed or less experienced The contributors to this book are well known researchers and share their field developed techniques of research craftsmanship The pathways to data they describe wind in a common direction toward a concern with research happenings in situations in agencies associations institutions campaigns demonstrations and goal directed social movements The selections included in Pathways to Data are neither biographies of research projects nor subjective evaluations of personal experiences Rather the writers emphasize techniques operations and know how Pathways to Data s chapters are collateral cousins to the collection of research biographies found in Sociologists at Work another classic in the field But the lineage or progression of thought traces back to the Webbs Methods of Social Study and is most closely related to the Glaser and Strauss volume The Discovery of Grounded Theory The contributors to this book reflect a common concern with organization in the down home sense of social bonds opening and closing of self involvement and most importantly social structure Process is stressed above system becoming over being Seen programatically field methods deliver data to concepts and techniques are grounded in the heuristic value such data display Theory is grounded in concepts validated by the effectiveness with which they give meaning to the data The production of social knowledge is symmetrical reciprocal but analytically divisible The student of society will consequently find an assortment of knowledges that makes large portions of our society more understandable      **Cultural Anthropology** Stephen A. Grunlan, Marvin Keene Mayers, 1988 This important resource covers such topics as anthropology and missions man culture and society verbal and nonverbal communication technology and economics and anthropology and the Bible It is designed for classroom use with diagrams discussion questions and suggested readings      **The Ancient Church as Family** Joseph H. Hellerman, 2001 The author explores the literature of the first three centuries of the church in terms of group identity and formation as surrogate kinship Why did this become the organizing model in the earliest churches How did historical developments intervene to shift

the paradigm How do ancient Mediterranean kinship structures correlate with church formation Hellerman traces the fascinating story of these developments over three centuries and what brought them about His focus is the New Testament documents especially Paul s letters second century authors and concluding with Cyprian in the third century Kinship terminology in these writings behaviors of group solidarity and the symbolic power of kinship language in these groups are examined

**Methods of Social Research** Margaret Stacey,2013-10-22 Methods of Social Research provides an introduction to the procedures of social research This book shows that sample surveys are only one approach among many of undertaking social research Organized into nine chapters this book begins with an overview of the various methods of social investigation concerning those that increase the knowledge of the facts of social life This text then explains the main reasons for doing research including solving a practical problem and determining how something works just because it is interesting to know Other chapters consider the method of observation utilized in the social sciences that fall into two main groups namely participant ad non participant This book discusses as well the importance of sample survey in gathering information about a particular population either on a simple matter of fact or religious or political allegiance The final chapter considers several problems involved in designing and asking questions Social scientists will find this book useful
