Manual of Articulatory Phonetics William Allen Smalley,1963 *Articulatory Phonetics* Anita C. Bickford,Rick
Floyd,2006 This textbook is a revision and expansion of A Manual for Articulatory Phonetics compiled by Rick Floyd in 1981
and revised in 1986 It includes many other people s materials from articulatory phonetics courses as taught for over sixty
years in the training schools of SIL International It also includes much information from sources outside of SIL It is written in
an informal personal style and is a practical book for teachers and students alike Most chapters begin with a statement of
goals and conclude with a list of key concepts and exercises Examples tables and explanatory figures are distributed liberally
throughout This book is oriented primarily towards native speakers of American English particularly with reference to
examples used to guide pronunciation of new sounds However most of the information included should be profitable to
students regardless of their native language The International Phonetic Alphabet IPA is used for the phonetic transcription
but the equivalent Americanist symbols are also given in order to equip the student to use other linguists materials
regardless of which system they use to transcribe their data Anita Bickford M A University of North Dakota specializes in
second language acquisition and articulatory phonetics and regularly teaches courses in both at the Summer Institute of
Linguistics University of North Dakota
