Manuel L Quezon The Tutelary Democrat:

Manuel L. Quezon Aruna Gopinath,1987 *President Manuel L. Quezon* Aruna Gopinath,1985 **State and Society in the Philippines** Patricio N. Abinales,Donna J. Amoroso,2017-07-06 This clear and nuanced introduction explores the Philippines ongoing and deeply charged dilemma of state society relations through a historical treatment of state formation and the corresponding conflicts and collaboration between government leaders and social forces Patricio N Abinales and Donna J Amoroso examine the long history of institutional weakness in the Philippines and the varied strategies the state has employed to overcome its structural fragility and strengthen its bond with society The authors argue that this process reflects the country s recurring dilemma on the one hand is the state s persistent inability to provide essential services guarantee peace and order and foster economic development on the other is the Filipinos equally enduring suspicions of a strong state To many citizens this powerfully evokes the repression of the 1970s and the 1980s that polarized society and cost thousands of lives in repression and resistance and billions of dollars in corruption setting the nation back years in economic development and profoundly undermining trust in government The book s historical sweep starts with the politics of the pre colonial era and continues through the first year of Rodrigo Duterte s controversial presidency

Philippine-American Military History, 1902-1942 Richard B. Meixsel,2015-10-02 Military obligations rested lightly upon the Filipino people for much of the period that America occupied the Philippines but Filipinos could enlist in the United States Army and Navy attend the service academies at West Point and Annapolis or join military organizations restricted to duty in the islands such as the Philippine Scouts Philippine Constabulary Philippine National Guard and the navy s insular force In the 1930s the Philippine government established its own armed forces Throughout much of this time the U S army also kept a substantial portion of its troop strength in the Philippines This annotated bibliography of nearly 700 titles highlights the extent and variety of the Philippine American military experience from the conquest of the islands by the United States in 1902 to the defeat of Philippine and American forces by the Japanese in 1942 The bibliography includes memoirs and biographies of Filipino and American officers and enlisted men from MacArthur to Ferdinand Marcos unit histories army post and navy base histories medals and insignia books and the most extensive list of prisoner of war memoirs yet published Annotations address controversies such as the widely disparate estimates of American deaths on the Bataan Death March and include previously unpublished information such as casualty figures for American and Philippine forces in 1941 1942 **The Blood of Government (Volume 2 of 2) (EasyRead Edition) , The Blood of Government** Paul Alexander Kramer,2006 In 1899 the United States having announced its arrival as a world power during the Spanish Cuban American War inaugurated a brutal war of imperial conquest against the Philippine Republic Over the next five decades U S imperialists justified their co

Frustrated Ambition Richard Bruce Meixsel,2018-02-15 Vicente Podico Lim 1888 1944 was once his country s best known soldier The first Filipino to graduate from West Point and a graduate of the U S Army War

College Lim figured in every significant military development in the Philippines during his thirty years in uniform. Frustrated Ambition is the first in depth biography of this forgotten figure whose career paralleled the early twentieth century history of the Philippine military. As independence seemed increasingly likely for the Philippines in the 1930s, Lim positioned himself to take a leading role in developing armed forces for a sovereign nation. But as Lim maneuvered behind the scenes, Manuel L. Quezon soon to be the commonwealth president revealed that he had invited General Douglas MacArthur to serve as military adviser to the Philippines. Frustrated Ambition corrects the conventional historical narrative of events thereafter, one that emphasizes the failure of the nascent Philippine military under MacArthur and inflates the general's heroic role in the defense of Bataan and Corregidor. Richard Bruce Meixsel restores Lim as the then recognized leader of the opposition to MacArthur's mission and shows how Lim took the Philippine Army in a more tenable direction as MacArthur's military system foundered. World War II brought Lim to the fore. While MacArthur directed his troops from Corregidor, Lim commanded a division on Bataan that may have suffered more combat losses at the battle of Abucay than did all American units on Bataan during the entire campaign. When the U.S. high command turned its efforts to evacuating the Philippine Islands, Lim began to prepare for the ensuing underground struggle against the Japanese, a fight that cost him his life. By recounting Vicente Lim's career, Frustrated Ambition illuminates forgotten episodes in Philippine history, offers new perspectives on military affairs during the American occupation, and recovers the story of Filipino soldiers whose service changed the course of their country's military history.

Care in a Time of Humanitarianism Arzoo Osanloo, Cabeiri deBergh Robinson, 2024-08-01. The vast majority of forced migrants/refugees seek shelter and respite in countries of the Global South where humanitarian spaces and practices of care are no exceptions to international humanitarianism but rather part of a project founded on hybrid forms of care that include local and vernacular practices. *Care in a Time of Humanitarianism* presents complex histories of forced migration and humanitarianism in an accessible way. It applies a comparative approach to highlight the diverse cultural and religious traditions of care that are adopted across the Global South for the distant others.

[The Blood of Government \(Volume 3 of 3\) \(EasyRead Super Large 18pt Edition\)](#), **Remodelling to Prepare for Independence** Ian Morley, 2023-12-01. *Remodelling to Prepare for Independence: The Philippine Commonwealth Decolonisation, Cities and Public Works c. 1935-46* illuminates the implications of the USA's final phase of colonial rule in the Philippine Islands. It explores the Filipino side of decolonisation and the management of the built environment in the years immediately prior to self-rule. This book shakes off the collaboration vs. resistance paradigm that empire histories generally follow and consequently yields an original vantage point to comprehend transition within an Asian society in the years immediately prior to, during, and after World War Two. This will not only deepen insight of the American Empire but also grants the opportunity to tie Philippine political/cultural change to the global history of urban planning's advancement. Accordingly, it opens a new window to rethink Filipino ethno history and societal evolution alongside the opportunity to

compare the Philippines with other nations that undertook planning projects as part of their decolonisation process and early postcolonial advancement The book utilises theoretical frames in order to help creatively excavate the era 1935-46 for the purpose of not just revealing what public works occurred but to also uncover what those projects meant to the Commonwealth Government the BPW's staff and the public who benefitted from public works projects The book will be relevant to students and researchers of Urban History Asian and American Empire History and Imperial and Colonial Studies Architects planners and members of the public who are interested in the form and meaning of urban environments designed constructed in the past will also find the publication to be of great interest

Imperialism in Southeast Asia Nicholas Tarling, 2003-08-29 Imperialism in Southeast Asia examines its subject against a backdrop of those countries that could at a given time be called imperialist Britain France Spain the Netherlands and the US Examining the imperialist phenomenon from this wide ranging perspective reveals imperialism as driven by rivalry it also facilitates comparison imperialism has elements in common yet differs according to the territory in which it operates This is one of the few studies of imperialism to concentrate on Southeast Asia Nicholas Tarling's definition of imperialism focuses on the establishment of political control from 1870 to 1914 Moving forward in time the author analyses attempts to re-establish control after the overthrow of imperial regimes in the Second World War Most recently Southeast Asia has become a region of independent states and Tarling discusses imperial ventures as forms of state building At the same time his discussion reflects another contemporary concern globalisation and the relationship of the state to that process Nicolas Tarling is an eminent writer in Asian history His latest book will be of great interest to all those studying or involved in Asian studies history and politics

Nationalism in Southeast Asia Nicholas Tarling, 2004-08-02 Nationalism in Southeast Asia seeks a definition of nationalism through examining its role in the history of southeast Asia a region rarely included in general books on the topic By developing such a definition and testing it out Tarling hopes at the same time to make a contribution to southeast Asian historiography and to limit its ghettoization Tarling considers the role of nationalism in the nation building of the post colonial phase and its relationship both with the democratic aspirations associated with the winning of independence and with the authoritarianism of the closing decades of the 20th century

Perspectives on Human Dignity: A Conversation Jeff Malpas, Norelle Lickiss, 2007-10-06 The Honourable William Cox AC RFD ED Governor of Tasmania The issue of human dignity was given a new impetus at the end of the Second World War as a reaction to the horrors of the

Jewish holocaust and other Nazi atrocities The immediate consequence was its recognition in such international documents as the Charter of the United Nations 1945 and the Universal Declaration of Human Rights 1948 Several new national constitutions likewise gave it recognition Though undefined it was seen as a supreme value possessed by all human beings and one giving rise to rights and obligations in and upon them In recent decades the existence of these rights has led to acceptance of procedures whereby they may be enforced and to the overthrow of such doctrines constraining them as that of Sovereign Immunity In domestic law too there have been ramifications while advances in medical science have raised ethical issues in respect of genetics human cloning and the termination or officious prolongation of life It was timely then that consideration should be given to human dignity by a wide range of researchers and practitioners in disciplines such as law philosophy history political science medicine the arts and theology at the Colloquium in Hobart in 2004 organized by the editors of this volume
