Manuscritos De Felipa

Seth Kimmel

Manuscritos De Felipa:

Manuscritos de Felipa Adélia Prado, 2007 *Manuscritos de Felipa* foi publicado em 1999. Após cinco anos sem escrever, Adélia Prado foi convidada a ter uma coluna semanal no jornal *Correio Braziliense*. A tarefa ajudou a vencer o bloqueio poético e resultou neste volume de textos curtos marcados pela religiosidade. **Manuscritos sobre antigüedades de la Real**

Academia de la Historia Juan Manuel Abascal Palazón, Rosario Cebrián Fernández, 2005 *Guerra de Granada que hizo el Rei D. Felipe II. contra los Moriscos de aquel Reino, sus Rebeldes ... Nueva Impr. completa de lo que faltava en las anteriores*

Diego Hurtado de Mendoza, 1776 **The Librarian's Atlas** Seth Kimmel, 2024-05-06 In *The Librarian's Atlas* Seth Kimmel explores the material history of libraries to challenge debates about the practice and politics of information management in early modern Europe. Ancient bibliographers and medieval scholastics Kimmel reminds us imagined the library as a microcosm of the world, but for early modern scholars the world was likewise a projection of the library. This notion at first glance may seem counterintuitive, especially as reports from late fifteenth and sixteenth century explorers in the New World slowly refined but also destabilized the Old World's cosmographic and historical consensus. Yet the mapping and ethnographic projects commissioned by early modern rulers like Spain's Charles V and Philip I, anxious to comprehend and inventory their far-flung territorial possessions in the Americas, nevertheless relied heavily on methods of information management honed in the library. Kimmel focuses on the period that marked the birth of both print and transatlantic exploration. Through close readings of a wide array of materials: library catalogues, marginal glosses, book indexes, biblical commentaries, dictionaries, and thesauruses, natural histories, and maps, Kimmel shows how the book lover's dream of total knowledge in an era of too much information helped to shape the early modern period's expanded sense of the world itself. The book should find its audience among scholars of early modern European history, specialists in the early modern cultures of the Mediterranean and Iberia, and a range of students interested in the history of the book and of maps. **Guía de**

manuscritos en las bibliotecas universitarias españolas Ramón Abad Hiraldo, Antonio Luis Galán Gall, 2008 Los manuscritos conservados en las bibliotecas universitarias son magníficas fuentes de información en ocasiones únicas, pues no siempre existen ediciones impresas de los textos. Además el propio manuscrito en su soporte, su escritura, ilustraciones y conservación es por su propia naturaleza un elemento de extraordinario valor para el investigador. Sin embargo a menudo faltaba una guía que orientase a todas aquellas personas que necesitaban acceder a los riquísimos fondos existentes en nuestras bibliotecas. El presente volumen, fruto del Grupo de Trabajo de Patrimonio de Rebiun, pero también de todos aquellos profesionales que han aportado los datos necesarios y los textos introductorios que sitúan a cada colección en su contexto histórico, viene a cubrir ese vacío existente convirtiéndose en un instrumento de extraordinario valor en manos del investigador del profesional de las bibliotecas y también por qué no del curioso que desee acercarse al mundo de los manuscritos. Catálogo de manuscritos e impresos notables del Instituto de Jove-Llanos en Gijón, seguido de un índice de otros documentos inéditos

manuscrito Fernando Bouza Álvarez, 2025-09-29 La circulación de manuscritos es un fenómeno que alcanza una dimensión considerable en la España de los siglos XVI y XVII aunque por desgracia no suele figurar como merece en los estudios sobre la cultura del Siglo de Oro centrados especialmente en trazar los innegables progresos de la imprenta La circulación de manuscritos es una atalaya desde la que mirar y acercarse a la historia cultural de los siglos XVI y XVII en sus múltiples diversos escenarios sociales y políticos desde los escritorios públicos para iletrados a la propia retórica de la majestad real desde las escrituras propiciatorias y mágicas a los cuestionarios que los cronistas enviaban a los propietarios de archivo pasando por libreros de vecinos y crónicas al rey o el coleccionismo bibliofílico La adopción de esta perspectiva no supone por supuesto que se haya olvidado lo tipográfico por no hablar de lo visual y de lo oral No obstante ella sola permite elevar una síntesis explicativa de la historia cultural del Siglo de Oro como un periodo que reflexionó continuamente y conscientemente sobre las formas de expresión, difusión y memoria que tenía a su alcance *Corre manuscrito* Fernando J. Bouza Álvarez, 2001

Anales del reinado de Felipe II Juan de Verzosa, José María Maestre Maestre, 2002 **Catálogo de manuscritos de la Biblioteca Universitaria de Salamanca. II. Manuscritos 1680-2777** Biblioteca Universitaria de Salamanca, Óscar Lilao Francia, Carmen Castrillo González, 1997 Catálogo de manuscritos de la Biblioteca Universitaria de Salamanca v 1 v 2

Discurso político al rey Felipe III al comienzo de su reinado Baltasar Álamos de Barrientos, 1990
