Here are 25 000 quotations drawn from the history politics literature religions science and popular culture of the world
ranging from the earliest Chinese sages through Shakespeare to the present day Mao Michael Lynch,Professor of Science
& Technology Studies Michael Lynch,2004-06-02 Michael Lynch presents an engaging and thorough account of Mao s life
and politics making use of a wealth of primary and secondary sources He locates Maoism in the broader context of twentieth
century Chinese history discussing the development of the Chinese Communist Party the creation of the People s Republic of
China and the Cultural Revolution and the part played by Mao in the Cold War Details of Mao s controversial private life as
well as his political and philosophical thought add to this diverse picture of the influential leader This well written biography
will be essential reading to anyone interested in twentieth century China and its most memorable figure John Adams's
Nixon in China Timothy A. Johnson,2016-05-06 John Adams s opera Nixon in China is one of the most frequently performed
operas in the contemporary literature Timothy A Johnson illuminates the opera and enhances listeners and scholars
appreciation for this landmark work This music analytical guide presents a detailed in depth analysis of the music tied to
historical and political contexts The opera captures an important moment in history and in international relations and a close
study of it from an interdisciplinary perspective provides fresh compelling insights about the opera The music analysis takes

a neo Riemannian approach to harmony and to large scale harmonic connections Musical metaphors drawn between harmonies and their dramatic contexts enrich this approach Motivic analysis reveals interweaving associations between the characters based on melodic content Analysis of rhythm and meter focuses on Adams s frequent use of grouping and displacement dissonances to propel the music forward or to illustrate the libretto The book shows how the historical depiction in the opera is accurate yet enriched by this operatic adaptation The language of the opera is true to its source but more evocative than the words spoken in 1972 due to Alice Goodman s marvelous poetic libretto And the music transcends its repetitive shell to become a hierarchically rich and musically compelling achievement Marxism and African Literature

Georg M. Gugelberger,1986 *The Antinomies of Classical Thought: Marx and Durkheim (Theoretical Logic in Sociology)*
Jeffrey Alexander,2014-04-24 This volume challenges prevailing understanding of the two great founders of sociological thought In a detailed and systematic way the author demonstrates how Marx and Durkheim gradually developed the fundamental frameworks for sociological materialism and idealism While most recent interpreters of Marx have placed alienation and subjectivity at the centre of his work Professor Alexander suggests that it was the later Marx s very emphasis on alienation that allowed him to avoid conceptualizing subjectivity altogether In Durkheim s case by contrast the author argues that such objectivist theorizing informed the early work alone and he demonstrates that in his later writings Durkheim elaborated an idealist theory that used religious life as an analytical model for studying the institutions of secular society *Reports and Documents* United States.
