# Mao Zedong On Dialectical Materialism Writings On Philosophy 1937

**Shadi Bartsch**

## **Mao Zedong On Dialectical Materialism Writings On Philosophy 1937:**

**Dialectical Materialism** Zedong Mao, Nick Knight, 2016-09-16 New and annotated translations of philosophical essays written by Mao Zedong in 1937 which have come to be regarded as a cornerstone in the development of Chinese Marxism The editor analyzes their textual philosophical and historical significance

**Marxist Philosophy in China : From Qu Qiubai to Mao Zedong, 1923-1945** Nick Knight, 2006-01-01 This book recounts the history of Marxist philosophy in China between 1923 and 1945 through the writings and activities of four philosophers Qu Qiubai Ai Siqi Li Da and Mao Zedong Two of these philosophers Qu and Mao were also political activists and leaders but their contribution to this history is as important if not more so than the contribution of Ai and Li who were predominantly philosophers and scholars The inclusion of Qu and Mao underlines the intimate connection between philosophy and politics in the revolutionary movement in China It is not possible to speak credibly of Marxist philosophy in China without considering the political context within which its introduction elaboration and dissemination proceeded Indeed each of the philosophers considered in this book repudiated the notion that the study of philosophy was a scholastic intellectual exercise devoid of political significance Each of these philosophers regarded himself as a revolutionary and considered philosophy to be useful precisely because it could facilitate a comprehension of the world and so accelerate efforts to change it By the same token each of these philosophers took philosophy seriously each bent his mind to the daunting task of mastering the arcane and labyrinthian philosophical system of dialectical materialism Philosophy might well be political they believed but this was no excuse for philosophical dilettantism

**The Philosophical Influences of Mao Zedong** Robert Elliott Allinson, 2019-09-19 This philosophical Mao is a fresh portrait of the mind of the ruler who changed the face of China in the twentieth century The book traces the influences of both traditional Chinese and traditional pre Marxist Western philosophy on the early Mao and how these influences guided the development of his thought It reveals evidence of the creative dimensions of Mao s thinking and how he wove the yin yang pattern of change depicted in the Yijing the Chinese Book of Changes into the Marxist dialectic to bring ancient Chinese philosophy to mark changes in twentieth century thought Mao s lifetime philosophical journey includes his interpretations of and comments on both Chinese and Western philosophers His deep metaphysical reflections uncanny prognostications and pensive speculations from his early pre Marxist period to his later philosophical years prove to be as startling as they are thought provoking

**Socialism with Chinese Characteristics** Roland Boer, 2021-04-27 This book covers the whole system of Socialism with Chinese Characteristics dealing with Deng Xiaoping s theory the socialist market economy a moderately well off Xiaokang society China s practice and theory of socialist democracy human rights and Xi Jinping s Marxism In short the resolute focus is the Reform and Opening Up Socialism with Chinese Characteristics is one of the most important global realities today However the concept and its practice remain largely misunderstood outside China This book sets to redress such a lack of knowledge by making available to non Chinese speakers the sophisticated debates

and conclusions in China concerning socialism with Chinese Characteristics It presents this material in a way that is both accessible and thorough *Li Da And Marxist Philosophy In China* Nick Knight,2018-02-23 Scholars of Marxism will be in Nick Knight s debt for this pioneering study of one of the most important figures in the development of Marxism in China Knight makes an important case about the relationship of Chinese Marxist thought to Marxist thought in general with particular attention to Soviet Marxism The book makes available to readers not just important texts of Chinese Marxism but a whole series of texts of Marxism that were crucial to the political discourse of the thirties Knight displays impressive erudition and command of these texts In spite of the strong case he makes for his thesis he retains throughout an admirable critical self awareness that enhances the plausibility of his argument Arif DirlikDuke University **Plato Goes to China**

Shadi Bartsch,2025-08-05 The surprising story of how Greek classics are being pressed into use in contemporary China to support the regime s political agenda As improbable as it may sound an illuminating way to understand today s China and how it views the West is to look at the astonishing ways Chinese intellectuals are interpreting or is it misinterpreting the Greek classics In *Plato Goes to China* Shadi Bartsch offers a provocative look at Chinese politics and ideology by exploring Chinese readings of Plato Aristotle Thucydides and other ancient writers She shows how Chinese thinkers have dramatically recast the Greek classics to support China s political agenda diagnose the ills of the West and assert the superiority of China s own Confucian classical tradition In a lively account that ranges from the Jesuits to Xi Jinping Bartsch traces how the fortunes of the Greek classics have changed in China since the seventeenth century Before the Tiananmen Square crackdown the Chinese typically read Greek philosophy and political theory in order to promote democratic reform or discover the secrets of the success of Western democracy and science No longer Today many Chinese intellectuals use these texts to critique concepts such as democracy citizenship and rationality Plato s Noble Lie in which citizens are kept in their castes through deception is lauded Aristotle s Politics is seen as civic brainwashing and Thucydides s criticism of Athenian democracy is applied to modern America What do antiquity s dead white men have left to teach By uncovering the unusual ways Chinese thinkers are answering that question *Plato Goes to China* opens a surprising new window on China today

Anxiety Aesthetics Jennifer Dorothy Lee,2024-02-06 *Anxiety Aesthetics* is the first book to consider a prehistory of contemporaneity in China through the emergent creative practices in the aftermath of the Mao era Arguing that socialist residues underwrite contemporary Chinese art complicating its theorization through Maoism Jennifer Dorothy Lee traces a selection of historical events and controversies in late 1970s and early 1980s Beijing Lee offers a fresh critical frame for doing symptomatic readings of protest ephemera and artistic interventions in the Beijing Spring social movement of 1978 80 while exploring the rhetoric of heated debates waged in institutional contexts prior to the 85 New Wave Lee demonstrates how socialist aesthetic theories and structures continued to shape young artists engagement with both space and selfhood and occupied the minds of figures looking to reform the nation In magnifying this fleeting moment Lee provides a new

historical foundation for the unprecedented global exposure of contemporary Chinese art today      **Marx and We** Sun Zhengyu,2024-08-01 Marxist ideology is the only fully scientific ideology the only one able to guide mankind toward the settlement of fundamental social problems and to point out the royal road for the proletariat to take in its march toward socialism and communism Without Marxism modern people cannot establish true social ideals nor can they engage in the rational pursuit of values Without Marxism modern people cannot choose the correct path of development nor can they build up new forms of civilizations Without Marxism modern people would never base their commitments to schedule the consensus building effort and support the consensus building process on any irrefutably and sufficiently sound theoretical foundations      *Twentieth-Century Marxism* Daryl Glaser,David M. Walker,2007-09-12 Divided into three parts examining Marxism historically geographically and thematically this book outlines and assesses the Marxist tradition as it developed in the twentieth century and considers its place and standing as we move into the twenty first century      **Unending Capitalism** Karl Gerth,2020-05-14 In this provocative account Karl Gerth argues that consumerism rather than communism explains the history of China since 1949      *Carl Schmitt, Mao Zedong and the Politics of Transition* Qi Zheng,2015-10-22 This book develops a new way of reading and benefiting from Schmitt s legal and political theories It explores Schmitt s theories from the perspective of what I refer to as the politics of transition It also contributes to identifying the real theoretical relationship between Schmitt and Mao      **Rethinking Mao** Nick Knight,2007-04-16 Rethinking Mao offers an innovative perspective on the thought of Mao Zedong the major architect of the Chinese Revolution and leader of the People s Republic of China until his death in 1976 Utilizing a number of recently discovered documents written by Mao Nick Knight rethinks Mao by subjecting a number of controversial themes to fresh scrutiny This book provides a sophisticated analysis of Mao s views on the role of the peasants and working class in the Chinese revolution his theoretical attempt to make Marxism appropriate to Chinese conditions and his understanding of the Chinese road to socialism Knight includes a discussion of the theoretical difficulties in interpreting Mao s thought Rethinking Mao represents a challenge to many of the conventional accounts of Mao and his thoughts This book will appeal to scholars and students of Chinese history and politics as well as the history of Marxism in China      **Bicoastal China** Peter Kien-hong Yu,1999 Yu East Asian Institute National University of Singapore examines a number of issues revolving around Bicoastal China The People s Republic of China or Mainland China and the Republic of China or Taiwan These issues include the dialectical succession problem in China the dialectical relationship between the Communist Party and the Chinese People s Liberation Army the politico military dimension of mainland China and Taiwan s relations and the dialectical dual recognition in foreign relations      *Christianity and Confucianism* Christopher Hancock,2020-12-10 Christianity and Confucianism Culture Faith and Politics sets comparative textual analysis against the backcloth of 2000 years of cultural political and religious interaction between China and the West As the world responds to China s rise and China positions herself for global engagement this major new study reawakens and

revises an ancient conversation As a generous introduction to biblical Christianity and the Confucian Classics Christianity and Confucianism tells a remarkable story of mutual formation and cultural indebtedness East and West are shown to have shaped the mind heart culture philosophy and politics of the other and far more perhaps than either knows or would want to admit Christopher Hancock has provided a rich and stimulating resource for scholars and students diplomats and social scientists devotees of culture and those who pursue wisdom and peace today Cold War Social Science Mark Solovey,Christian Dayé,2021-05-13 This book explores how the social sciences became entangled with the global Cold War While duly recognizing the realities of nation states national power and national aspirations the studies gathered here open up new lines of transnational investigation Considering developments in a wide array of fields anthropology development studies economics education political science psychology science studies and sociology that involved the movement of people projects funding and ideas across diverse national contexts this volume pushes scholars to rethink certain fundamental points about how we should understand and thus how we should study Cold War social science itself **Philosophic Classics: Asian Philosophy, Volume VI** Forrest Baird,2017-10-03 Accessible to today s readers this anthology of readings is a survey of Asian thought in India and China It strikes a balance between major and minor figures and features the best available translations of texts complete works or complete sections of works which are both central to each thinker or school and are widely accepted to be part of the emerging Asian canon Introductions to each historical period and to each thinker photographs and a timeline help to keep learners focused throughout For individuals interested in learning about World Religions Asian thought or Chinese and Indian philosophy *What Images Do* Jan Backlund,Henrik Oxvig,Michael Renner,Martin Soberg,2019-09-13 When images look like something they do so because they are different from what they resemble This difference is not sufficiently captured by the traditional theories of representation and mimesis and yet it is the condition for any such theory Various contemporary image theorists have pointed out that Plato already understood that images are not what they look like Images have their own existence which cannot be identified with a concept but should be examined in terms of actions This book comprises fifteen articles that investigate what images do particularly in relation to the disciplines of architecture design and visual arts It claims that it is the differentiating power of images their actions which constitutes their capacity to look like something they are not as well as create something that does not yet exist *What Images Do* addresses the crucial role that images might play in producing and investigating what we have not yet seen or understood in and of reality The Popular Front and the Global Circulation of Marxism through Calcutta, 1920s-1970s Prasanta Dhar,2022-11-29 This book examines the global circulation of Marxism seen from one of its most highly charged sites Calcutta in India Building on but also revising existing approaches to global intellectual history the book presents the circulation of Marxism through Calcutta as a historically sited problem of mass mediation Using tools from media studies the book explores the way that Marxism was presented to the public the technologies used and the meanings of Marxism in

twentieth century Calcutta Demonstrating how the Popular Front was split between the so called people s group and those whom were called intellectuals the book argues that the people s group generally identified themselves as Marxists and preferred audio visual media such as theatre while the so called intellectuals privileged academic rigour and print media usually referring to themselves as Marxians Thus the author reveals a polyphony of Marxisms in the Popular Front Tracing Marxism back to the Bengal Renaissance and the Swadeshi and Naxal movements this book shows how debate around the meaning of Marxism continued throughout the 1970s in Calcutta and eventually engendered the historiographical movement that has come to be known as Subaltern Studies

**China-Japan Relations in the Twenty-first Century** Michael Heazle,Nick Knight,2007-01-01 This book examines the often troubled relationship between Japan and China from a broad interdisciplinary perspective Utilising the expertise of Chinese Japanese and regional specialists working in a variety of fields this original work approaches the contemporary sources of tensions between these two Asian giants from several levels of analysis In particular the domestic state interface in both countries and the important role of historical perceptions in the region are explored

**The Cambridge Companion to Modern Chinese Culture** Kam Louie,2008-06-05 A wide ranging and accessibly written guide to the key aspects of elite and popular culture in contemporary China
