Burt,2001-02-28 From Marilyn to Mussolini people captivate people A E's Biography best selling autobiographies and biographical novels testify to the popularity of the genre But where does one begin Collected here are descriptions and evaluations of over 10 000 biographical works including books of fact and fiction biographies for young readers and documentaries and movies all based on the lives of over 500 historical figures from scientists and writers to political and military leaders to artists and musicians Each entry includes a brief profile autobiographical and primary sources and recommended works Short reviews describe the pertinent biographical works and offer insight into the qualities and special features of each title helping readers to find the best biographical material available on hundreds of fascinating individuals *The Political Institutions of Modern China* W.L. Tung,2012-12-06 This book is prepared primarily for students who are interested in studying the constitutional development and government structure of twentieth century China Since the emergence of the Chinese constitutional movement at the end of the nineteenth century political institutions in China have undergone constant changes The first four chapters treat of constitutional development and government systems from the latter part of the Ching dynasty to the reunification of China by the Nationalist Party in 1928 The other eight chapters deal with the policies programs and institutions of the Nationalist and Communist governments up to 1962 While treatises on various subjects have been consulted the sources of this book are chiefly based on the official documents from the collections as indicated in the bibliography Materials in the first few chapters are partly drawn from my previous works on government and politics in China Because of the immense scope of the subject and the intricacy of the problems involved this work is not intended to be exhaustive but is rather a brief description and discussion of each topic under consideration As there are many valuable works on China in general as well as on her history and international relations I have tried not to cover what has already been dealt with by others In my presentation of facts and views I have endeavored to be as objective as possible personal political convictions notwithstanding **Mao Zedong** Maurice Meisner,2006-12-22 Revolutionary and ruler Marxist and nationalist liberator and despot Mao Zedong takes a place among the iconic leaders of the twentieth century In this book Maurice Meisner offers a balanced portrait of the man who defined modern China From his role as leader of a communist revolution in a war torn and largely rural country to the disasters of the Great Leap Forward and the Cultural Revolution the relationship between Mao's ideas and his political action is highly disputed With unparalleled authority Meisner shows how Mao's unique sinification of Marxism provides the key to looking at this extraordinary political career The first part of the book is devoted to Mao's revolutionary leadership before 1949 in particular the influence of the liberal and anarchist ideas of the May Fourth era his discovery of Marxism Leninism and his conviction that peasants held

the potential for revolution In the second part Meisner analyses Mao s early successes as a nationalist unifier and modernizer the failure of his socialism and his eventual transformation into a tyrant *Congressional Record* United States.

Spirit of Chinese Politics Lucian W. Pye,1992 Lucian Pye one of the most knowledgeable observers of China unfolds in this book a deep psychological analysis of Chinese political culture The dynamics of the Cultural Revolution the behavior of the Red Guards and the compulsions of Mao Tse tung are among the important symptoms examined But Pye goes behind large events exploring the more enduring aspects of Chinese culture and the stable elements of the national psychology as they have been manifested in traditional Republican and Communist periods He also scans several possible paths of future development The emphasis is on the roles long played by authority order hierarchy and emotional quietism in Chinese political culture as shaped by the Confucian tradition and the institution of filial piety and the resulting confusions brought about by the displacements of these traditions in the face of political change and modernization In this new edition Pye adds a chapter on the basic tension between consensus and conflict in the operation of Chinese politics illustrating the spirit in action and another discussing the great gap that persists between the worlds of the political leadership and of society at large in post Tiananmen China **Power of Freedom** Chih-Ping Chou,Carlos Lin,2022-10-17 Dr Hu Shih 1891 1962 was

one of China s top scholars and diplomats and served as the Republic of China s ambassador to the United States during World War II As early as 1941 Hu Shih warned of the fundamental ideological conflict between dictatorial totalitarianism and democratic systems a view that later became the foundation of the Cold War narrative In the 1950s after Mao s authoritarian regime was established Hu Shih started to analyze the development and nature of Communism delivering a series of lectures and addresses to reveal what he called Stalin s grand strategy for facilitating the International Communist Movement For decades and today to a certain extent Hu Shih s political writings were considered sensitive and even dangerous As a strident critic of the Chinese Communist Party s oligarchical practices he was targeted by the CCP in a concerted national campaign

to smear his reputation cast aspersions on his writings and generally destroy any possible influence he might have in China
This volume brings together a collection of Hu Shih s most important mostly unpublished English language speeches
