Marcia Adams:

Marcia Adams Marcia Adams, 2000 **Marcia Adams** Marcia Adams, 2001-02 MARCIA ADAMS HEART TO HEART is a contradiction of sorts and a delightful one A happy hurrah of joy and determination this book by the well known cookbook author and PBS cooking chef Marcia Adams writes of her new role as she grapples with congestive heart failure and a possible heart transplant It is not a sad book but is written with both honesty and good humor The first thing I tell people about my illness is that the food I write about in my cookbooks did not do this to me My congestive heart failure is caused by an upper respiratory virus that settled in my heart damaging it before it left my body such a nuisance The book reflects Adams far ranging interests in cuisine travel gardening art and antiques She admits to a passion for literature and books saying I am a literature junkie I have real feelings of anxiety that I might run out of good things to read I have never understood why people go to bars or do drugs to escape when they could go to a library A library is such a quiet civilized place and you never have a hang over A self described control freak Adams journey from frustration and a sort of denial because I wasn't being true to my inner self to the acceptance of her condition is a compelling reading experience Her news of her diagnosis and her decision to be a potential heart transplant patient is presented as a daily journal over a year's period Uninhibited and natural the journal records Marcia's emotional ups and downs making the decision to live She became active in promoting more information about women and heart disease through the media I was devastated when I first heard I had serious heart disease I was in the middle of writing another cookbook and producing another public television series said Adams How could this happen to me I still have so much to do and more books are in my head just waiting to tumble out and be written on the page What I learned immediately was why not me Suffering also from painful and ever present arthritis and fibromyalgia Adams first decided to let nature take its course I began to get my life in order the will was re-written the cemetery plot and stone were selected all the cupboards and closets were cleaned the memorial service planned then I just kept on living It was taking too long to die I had difficulty just lying around waiting for death It is very unlike me to passively wait for anything including my demise I was reminded myself of the character of Pozzo in Samuel Beckett's play who observes with a touch of surprise I do not seem able to depart The introduction of a new arthritis drug enabled me to come to the decision I would attempt to have a heart transplant Emily Dickinson points out we dwell in possibility which incidentally is a mantra of mine My quality of life other than the slowing down from cardiac heart failure still provides me with so much creative satisfaction and interaction with hundreds of people With a laptop computer and four very devoted caregivers including my Spouse Dick I have been able to survive this interim period before I receive a new heart with some grace and a great deal of happiness And I have been given enough time to write this book and produce half hour PBS documentaries on women and heart disease This is a precious opportunity During all this upheaval my philosophy and lifestyle did change totally The essence of it is though the whole experience certainly has not been a negative one And I want people to know that

and also to take encouragement and comfort from the book if they choose Determined to turn the negative into a positive Adams went on a local heart transplant list in February 2000 at Fort Wayne Indiana a regional heart surgery center The journal which also includes over a hundred of her new recipes plus a list of medical resou **True Believer** Paul Bouchard,2016-06-10 Army JAG lawyer Captain Mark Sanders cannot get over the harsh twenty five year prison sentence levied against his client Sergeant Keyshawn Adams for one simple reason he believes Adams did not brutally rape his ex girlfriend Determined to prove his gut instincts and reverse the conviction of Adams Sanders seeks the assistance of a DNA expert reinterviews every possible witness and hires private investigator Dale Owens to track down potential witnesses who were unavailable for the trial But when a strong suspicion points to the guilt of someone resembling the young sergeant Sanders and Owens learn two valuable lessons the toughest cases are when you believe your client and what matters are not ones beliefs but what can be proven in a court of law In this fast paced legal thriller an army JAG lawyer must confront doubts fears and risks in an effort to find the truth and hopefully right a wrong **Transactions** Wagner Free Institute of Science,1900 Transactions of the Wagner Free Institute of Science of Philadelphia Wagner Free Institute of Science,1900
