Natural Resources Management Strategy Eastern Europe And Central Asia:

Natural Resource Management Strategy ,2000-01-01 Arable land deserts mountains forests rivers and coastal zones characterize the diverse regions in Eastern Europe and Central Asia ECA As varied as the geography is so are the policy directions taken by the region s governments concerning natural resource management A lack of conservation measures misuse and poor management have impaired many of the natural resources now available in these countries Although the pressure on natural resources in ECA is less than in other regions and the area has more abundant resources the accessibility and utility of those resources belie the figures Where there is arable land the growing season is short Where there are immense forests the climate is harsh To assist the Bank s client countries in ECA with sustainable use of natural resources this volume identifies the various challenges provides a history of the Bank s regional natural resource strategy outlines a strategic framework and proposes new strategies and policy instruments to implement them Natural resources in this publication refer to non mineral resources such as forests rivers and land Rural, Environment, and Social Development Strategies for the Europe and Central Asia Region ,2000-01-01 This report proposes a World Bank strategy for assisting the rural environmental and social development of Eastern Europe and Central Asia It has been produced for a general audience partly for consultation purposes and is therefore a work in progress Each of the three areas of development is examined in separate chapters and each summarises the World Bank assistance strategy in that area The conclusion is that the challenge posed by the objectives of this report are far beyond the World Bank s abilities to achieve on its own

Managing Europe's Water Resources Chad Staddon,2016-05-13 Illustrated with case studies which explain key concepts and provide practical examples this book provides a detailed and comprehensive introduction to water management issues from a European perspective The book begins with a brief history of water management followed by a consideration of the major frameworks used for managing water in its qualitative and quantitative aspects Several chapters treat key water management issues including dams privatization hydropolitics climate change and finally provides a synoptic treatment of major water management issues across Europe s geographical regions **Environmental Management in Eastern Europe, Caucasus and Central Asia** OECD,2005-04-20 This book brings together the findings of key sector and media specific analyses of the environment in the Eastern Europe Caucasus and Central Asia area and puts forth a set of indicators to provide a one stop concise and up to date assessment accessible also to a non specialist audience Sustaining Forests World Bank,2004-05-01 The World Bank s Forests Strategy adopted in October 2002 charts a path for the Bank s proactive engagement in the sector to help attain the goal of poverty reduction without jeopardizing the environmental values intrinsic to sustainability This strategy replaces the Bank s 1991 Forestry Strategy and was developed on the basis of the findings of an independent review of the 1991 strategy and a two year consultative process with development partners and stakeholders around the world The revised strategy Sustaining Forests is built on three guiding pillars harnessing the potential of forests

to reduce poverty integrating forests into sustainable economic development and protecting global forest values Recognizing the key role forests play in contributing to the livelihoods of people living in extreme poverty government and local ownership of forest policies and interventions are emphasized along with the development of appropriate institutions to ensure good governance and the mainstreaming of forests into national development planning The strategy also aims to support ecologically socially and economically sound management of production forests by ensuring good management practices through application of safeguard procedures and independent monitoring and certification Implementation of the strategy will center on building and strengthening partnerships with the private sector non governmental organizations and other donor agencies to promote better forest conservation and management at country and global levels **Making**

Salda,2013-10-30 When it was founded back in 1944 no one could possibly have foreseen how the World Bank known more formally as the International Bank for Reconstruction and Development IBRD would flourish Today with 188 members it is by far the largest lender for projects in agriculture health infrastructure and many other fields in developing countries around

the world with a budget of billions of dollars and a staff of more than 9 000 and its advice is usually heeded by both the developing countries which borrow from it and the advanced ones which contribute This second edition of the Historical Dictionary of the World Bank shows the substantial progress the Bank has made this mainly through the dictionary section with concise entries on its component institutions related organizations its achievements in various fields some of the major projects and member countries and its various presidents The introduction explains how the Bank works while the chronology traces the major events over nearly 70 years Meanwhile the list of acronyms reminds us just who the main players are And the bibliography directs readers to useful internal documentation and outside studies

Private Agriculture in Armenia Zvi Lerman,Astghik Mirzakhanian,2001-01-01 This book details and analyzes an extensive farm survey of Armenian land reform Zvi Lerman and Astghik Mirzakhanian two principal contributors to the design of the study present their invaluable insight into the rapid land reform strategy implemented in Armenia Unique among the former Soviet Republics the entire agricultural sector of this country shifted from collective large scale farm enterprises to individual production in 1992 The authors pay special attention to the commercialization of private farms and their access to supply and marketing channels outside the old state controlled system Family incomes from farming and off farm sources are discussed as well as problems of rural social services and social infrastructure The authors demonstrate how official statistical measures and record keeping practices in Armenia do not adequately account for this dramatic transition
