Naturally Speaking C.C. Gaither, Alma E Cavazos-Gaither, 2001-04-12 In these days of ever increasing specialization it is important to gain a broad appreciation of the subject With this in mind Naturally Speaking A Dictionary of Quotations on Biology Botany Nature and Zoology Second Edition presents the largest compilation of published quotations on the natural world available so that readers can get a feel Answering the New Atheists: How Science Points to God and to the Benefits of Christianity Anthony Walsh, 2019-01-30 In the face of increasing attacks on Christianity by militant new atheists Christians should be able to robustly defend their beliefs in the language spoken by Christianity s detractors science Atheists claim that science and religion are incompatible and in constant conflict but this book argues that this is assuredly not true In order to rebut the polemic agenda of the new atheists who want God banned from the public square this book engages with the physical and natural sciences social science philosophy and history It shows that evidence from these diverse disciplines constitutes clear signposts to God and the benefits of Christianity for societies families and individuals Answering the New Atheists begins by examining what new atheism is before demolishing its claim that Christianity is harmful by showing the many benefits it has for freedom and democracy morality longevity and physical and mental health Many historians of science contend that science was given its impetus by the Christian principle that a rational God wants us to discover his fingerprints on nature Thus in subsequent chapters Walsh presents a well informed and philosophical based analysis of the Big Bang and cosmic fine tuning the unimaginable improbability of factors that make this planet habitable and the multiverse often called the last refuge of the desperate atheist Interdisciplinary in its approach this book adeptly explores the very problematic issues of the origin and evolution of life that have forced many top rate scientists including Nobel Prize winners who have thought deeply about the philosophical meaning of their work to accept God as the Creator of everything God, Science, and Society: The Origin of the Universe, Intelligent Life, and Free Societies Anthony Walsh, 2020-07-07 It may seem bizarre but in my opinion science offers a surer path to God than religion science has actually advanced to the point where what were formerly religious questions can be seriously tackled Paul Davies Astrophysicist Anthony Walsh s latest riposte to atheistic arguments against God s existence draws on Natural Theology a knowledge of God based on evidence from both the natural and social sciences Covering everything from the Big Bang and the origins of life to the mystery of intelligent consciousness Walsh makes even the most technical scientific writings accessible to the general reader and tackles a question few books on the relationship between science and religion have ever sought to address how does Christianity positively affect societies families and individuals in terms of democracy justice happiness health and prosperity
