Gregor,1972 *The Behavioral Foundations of Public Policy* Eldar Shafir,2013-01-10 An interdisciplinary look at the behavioral roots of public policy from the field s leading experts In recent years remarkable progress has been made in behavioral research on a wide variety of topics from behavioral finance labor contracts philanthropy and the analysis of savings and poverty to eyewitness identification and sentencing decisions racism sexism health behaviors and voting Research findings have often been strikingly counterintuitive with serious implications for public policymaking In this book leading experts in psychology decision research policy analysis economics political science law medicine and philosophy explore major trends principles and general insights about human behavior in policy relevant settings Their work provides a deeper understanding of the many drivers cognitive social perceptual motivational and emotional that guide behaviors in everyday settings They give depth and insight into the methods of behavioral research and highlight how this knowledge might influence the implementation of public policy for the improvement of society This collection examines the policy relevance of behavioral science to our social and political lives to issues ranging from health environment and nutrition to dispute resolution implicit racism and false convictions The book illuminates the relationship between behavioral findings and economic analyses and calls attention to what policymakers might learn from this vast body of groundbreaking work Wide ranging investigation into people s motivations abilities attitudes and perceptions finds that they differ in profound ways from what is typically assumed The result is that public policy acquires even greater significance since rather than merely facilitating the conduct of human affairs policy actually shapes their trajectory The first interdisciplinary look at behaviorally informed policymaking Leading behavioral experts across the social sciences consider important policy problems A compendium of behavioral findings and their application to relevant policy domains **The Nature of Human**

Nature ,1855 [Human Nature and Collective Behavior](#) Tamotsu Shibutani,2023-05-09 Tamotsu Shibutani is professor of sociology at the University of California Santa Barbara He is the author of Social Processes An Introduction to Sociology and Improvised News A Sociological Study of Rumor *Talking about Race* Katherine Cramer Walsh,2008-09-15 It is a perennial question how should Americans deal with racial and ethnic diversity More than 400 communities across the country have

attempted to answer it by organizing discussions among diverse volunteers in an attempt to improve race relations In Talking about Race Katherine Cramer Walsh takes an eye opening look at this strategy to reveal the reasons behind the method and the effects it has in the cities and towns that undertake it With extensive observations of community dialogues interviews with the discussants and sophisticated analysis of national data Walsh shows that while meeting organizers usually aim to establish common ground participants tend to leave their discussions with a heightened awareness of differences in perspective and experience Drawing readers into these intense conversations between ordinary Americans working to deal with diversity and figure out the meaning of citizenship in our society she challenges many preconceptions about intergroup relations and organized public talk Finally disputing the conventional wisdom that unity is the only way forward Walsh prescribes a practical politics of difference that compels us to reassess the place of face to face discussion in civic life and the critical role of conflict in deliberative democracy
