Nature Of The Judicial Process

Eduardo Juan Couture

Nature Of The Judicial Process:

The Nature of the Judicial Process Benjamin Nathan Cardozo, 1921 The Storrs lectures delivered at Yale University
Half t p *The Nature of the Judicial Process* Benjamin Nathan Cardozo, 1939 **The Nature of the Judicial Process**
Benjamin N. Cardozo, 2010-06 This volume collects the four Storrs Lectures Delivered at Yale University by Benjamin N
Cardozo Included are The Method of Philosophy The Methods of History Tradition and Sociology The Method of Sociology
The Judge as a Legislator and Adherence to Precedent The Subconscious Element in the Judicial Process Includes numerous
notes on the lectures **The Nature of the Judicial Process** Benjamin Cardozo, 2010-11-01 This legendary book by Justice
Benjamin N Cardozo explains in detail and with his famous style how judges make decisions Asked What is it that I do when I
decide a case To what sources of information do I appeal for guidance Cardozo answered in timeless prose This book is still
read today by lawyers and judges law students and scholars historians and political scientists and philosophers anyone
interested in how judges really think and the many decisional tools they employ Already famous at the time for his trenchant
and fluid opinions as a Justice on New York s highest court he is still studied on questions of torts contracts and business law
and later a Justice of the U S Supreme Court Cardozo filled the lecture hall at Yale when he finally answered the frank query
into what judges do and how do they do it The lectures became a landmark book and a source for all other studies of the
ways of a judge **The Nature of the Judicial Process** Benjamin N. Cardozo, Andrew L. Kaufman (ed.), 2010-08-02 Modern
compilation and Foreword by Harvard law professor Andrew L Kaufman for a new generation to understand Justice Benjamin
Cardozo s important and historic analysis of the way judges think and decide cases Cardozo s frank discussion of the
influences on judges and Kaufman s expert take on Cardozo and his work combine for an interesting study of judicial decision
making still useful today **The Nature of the Judicial Process** Benjamin N. Cardozo, 1960-09-10 Truly scientific in spirit
and method presenting its subject with the balance restraint and clarity which have marked the author s distinguished
service as a judge Harlan F Stone Chief Justice of the United States Supreme Court 1942 1946 In this classic treatise a
Supreme Court Justice describes in simple and understandable language the conscious and unconscious processes by which
a judge decides a case He discusses the sources of information to which he appeals for guidance and analyzes the
contribution that considerations of precedent logical consistency custom social welfare and standards of justice and morals
have in shaping his decisions *The Nature of the Judicial Process* Benjamin Nathan Cardozo, 2013-09 This historic book
may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without
typos from the publisher Not indexed Not illustrated 1921 edition Excerpt Lecture IV Adherence to Precedent The
Subconscious Element in the Judicial Process Conclusion THE system of law making by judicial decisions which supply the
rule for transactions closed before the decision was announced would indeed be intolerable in its hardship and oppression if
natural law in the sense in which I have used the term did not supply the main rule of judgment to the judge when precedent

and custom fail or are displaced Acquiescence in such a method has its basis in the belief that when the law has left the situation uncovered by any pre existing rule there is nothing to do except to have some impartial arbiter declare what fair and reasonable men mindful of the habits of life of the community and of the standards of justice and fair dealing prevalent among them ought in such circumstances to do with no rules except those of custom and conscience to regulate their conduct The feeling is that nine times out of ten if not oftener the conduct of right minded men would not have been different if the rule embodied in the decision had been announced by statute in advance In the small minority of cases where ignorance has counted it is as likely to have affected one side as the other and since a controversy has arisen and must be determined somehow there is nothing to do in default of a rule already made but to constitute some authority which will make it after the event Some one must be the loser it is part of the game of life we have to pay in countless ways for the absence of prophetic vision No doubt the ideal system if it were attainable would be a code at once so flexible and so minute as to supply in advance for every conceivable situation the just and fitting rule But life is too complex to

The Nature of the Judicial Process Oleg Benyuch,1921 **The Nature of the Judicial Process (1921)** Benjamin N Cardozo,2014-08-07 This Is A New Release Of The Original 1921 Edition **Cardozo** Andrew L. Kaufman,1998 Benjamin Nathan Cardozo unarguably one of the most outstanding judges of the twentieth century is a man whose name remains prominent and whose contributions to the law remain relevant This first complete biography of the longtime member and chief judge of the New York Court of Appeals and Justice of the Supreme Court of the United States during the turbulent years of the New Deal is a monumental achievement by a distinguished interpreter of constitutional law Cardozo was a progressive judge who understood and defended the proposition that judge made law must be adapted to modern conditions He also preached and practiced the doctrine that respect for precedent history and all branches of government limited what a judge could and should do Thus he did not modernize law at every opportunity In this book Kaufman interweaves the personal and professional lives of this remarkable man to yield a multidimensional whole Cardozo s family ties to the Jewish community were a particularly significant factor in shaping his life as was his father s scandalous career and ultimate disgrace as a lawyer and judge Kaufman concentrates however on Cardozo s own distinguished career including twenty three years in private practice as a tough minded and skillful lawyer and his classic lectures and writings on the judicial process From this biography emerges an estimable figure holding to concepts of duty and responsibility but a person not without frailties and prejudice

The Nature of the Judicial Process Benjamin Nathan Cardozo,1921 **The Nature of the Judicial Process** Glen Haydon,1921 The Judicial Process E. W. Thomas,2005-09-15 In the absence of a sound conception of the judicial role judges at present can be said to be muddling along They disown the declaratory theory of law but continue to behave and think as if it had not been discredited Much judicial reasoning still exhibits an unquestioning acceptance of positivism and a rulish predisposition Formalistic thinking continues to exert a perverse influence on the legal process This

2005 book dismantles these outdated theories and seeks to bridge the gap between legal theory and judicial practice The author propounds a coherent and comprehensive judicial methodology for modern times Founded on the truism that the law exists to serve society and adopting the twin criteria of justice and contemporaneity with the times a judicial methodology is developed which is realistic and pragmatic and which embraces a revised conception of practical reasoning including in that conception a critical role for legal principles
