*Funny Science Discoveries* Eleanor Hawking, AI, 2025-02-12 Funny Science Discoveries explores the amusing side of scientific inquiry within biology and life sciences revealing unexpected findings and challenging our understanding of the natural world The book emphasizes the human element in science highlighting that discoveries aren't always groundbreaking theories but can be peculiar phenomena found hiding in plain sight It underscores the importance of open mindedness in challenging established ideas The book progresses across chapters beginning with an exploration into unexpected biology including the concept of plant communication via chemical signals It then examines animals exhibiting unusual behaviors seemingly defying physics such as those surviving in extreme conditions Finally it delves into cognitive biases influencing the interpretation of scientific data This approach demonstrates that even seemingly ridiculous scientific findings can offer valuable insights into complex biological systems The value of Funny Science Discoveries lies in its atypical approach embracing quirks and unconventional findings to make science both informative and entertaining fostering scientific literacy and critical thinking By presenting debates within the scientific community the book promotes a deeper understanding of the scientific process itself

Winner of the National Book Award Jincy Willett, 2010-04-01 Winner of the National Book Award the long awaited novel from the author of the acclaimed collection Jenny and the Jaws of Life is an unusual and wonderful novel that is somehow able to be at once bleak and hilarious light hearted and profound It's the story of two sisters Abigail Mather is a woman of enormous appetites sexual and otherwise Her fraternal twin Dorcas couldn't be more different she gave up on sex without once trying it and she lives a controlled dignified life of the mind Though Abigail exasperates Dorcas the two love each other in fact they complete each other They are an odd pair set down in an odd Rhode Island town where everyone has a story to tell and writers both published and unpublished carom off each other like billiard balls What is it that

makes the two women targets for the new man in town the charming schlockmeister Conrad Lowe tall whippet thin and predatory In Abigail and Dorcas he sees a new and tantalizing challenge Not the mere conquest of Abigail with her easy reputation but a longer and more sinister game A game that will lead to betrayal shame and ultimately murder In her darkly comic and unsettling first novel Jincy Willett proves that she is a true find that rare writer who can explore the shadowy side of human nature with the lightest of touches *Junior High School Library Catalog* ,1980 *Catalog of Copyright Entries* Library of Congress.
