Parezo, 1983 Reprint of the U of Arizona Press edition 1983 with a brief 1 p new preface Annotation copyrighted by Book News Inc Portland OR Sandpaintings of the Navajo Shooting Chant Franc Johnson Newcomb, Gladys Amanda Reichard, 1975-01-01 A classic of ethnology reproducing in full color 35 sandpaintings from this important Navajo healing ceremony and analyzing their composition and artistic devices The rites are described and explained and the symbolism and myth they express thoroughly explored *The Mountainway of the Navajo* Leland C. Navajo and Photography James C. Faris, 1996 This thorough critical examination of photographic practices calls attention to the inability of most photography to communicate the lived experiences of native people or their history Faris's survey beginning with the earliest photographs of Navajos in captivity at the Bosque Redondo and including the most recent glossy picture books and calendars points up the western assumptions that have always governed photographic representation of Navajo people Drawing on exhaustive archival research to unearth rarely published photographs as well as unpublished photographs by well-known photographers Faris documents Navajo resistance to the West's view and viewfinder and persistent attempts to overcome or dismiss such resistance He challenges the photographic history of the Navajo people as presented by photographers historians and anthropologists and explores the social and legal conditions that make such
