**Wade McClusky and the Battle of Midway** David Rigby,2019-05-30 During the Battle of Midway in June 1942 US Navy dive bomber pilot Wade McClusky proved himself to be one of the greatest pilots and combat leaders in American history but his story has never been told until now It was Wade McClusky who remained calm when the Japanese fleet was

not where it was expected to be It was he who made the counterintuitive choice to then search to the north instead of to the south It was also McClusky who took the calculated risk of continuing to search even though his bombers were low on fuel and may not have enough to make it back to the Enterprise His ability to remain calm under enormous pressure played a huge role in the US Navy winning this decisive victory that turned the tide of war in the Pacific This book is the story of exactly the right man being in exactly the right place at exactly the right time Wade McClusky was that man and this is his story
