**Floodgates** David R. Parsons, 2018-03-06

Where Are We on the Prophetic Timetable When Jesus's disciples asked for His views on the end times He pointed to the days of Noah as the key to unlock the timing of the coming of the Son of Man But what exactly did He mean by that Floodgates unravels precisely what happened in the Flood of Noah and explains why this important biblical event is so analogous to our day By tracking humanity's moral slide during Noah's generation we roll back the curtain on our own times in remarkable ways We also discover a clear biblical paradigm for determining where we are on the prophetic timetable based on the actual teachings of Jesus and the apostles After reading Floodgates you will know if the countdown to final judgment has already begun Reflecting careful research and keen biblical insights Floodgates reveals God's righteous dealings with humanity and the fate that soon awaits those now in open rebellion against Him Author David Parsons lays the axe to the root of this moral rebellion found in the collapsing claims of Darwinian evolution He also identifies God's end game His specific strategy for how He wants to bring this present age to a close As we draw nearer to that day Jesus calls every believer to be salt and light in the world warning people of the coming judgment and showing the way to eternal life in Him This book is a powerful reminder that everyone has a choice to make concerning their ultimate destiny and time is growing short

*Ideology and Mass Killing* Jonathan Leader Maynard, 2022-05-26 In research on mass killings such as genocides and campaigns of state terror the role of ideology is hotly debated For some scholars ideologies are crucial in providing the extremist goals and hatreds that motivate ideologically committed people to kill But many other scholars are sceptical contending that perpetrators of mass killing rarely seem ideologically committed and that rational self interest or powerful forms of social pressure are more important drivers of violence than ideology In *Ideology and Mass Killing* Jonathan Leader Maynard challenges both these prevailing views advancing an alternative neo ideological perspective which systematically retheorises the key ideological foundations of large scale violence against civilians Integrating cutting edge research from multiple disciplines including political science political psychology history and sociology *Ideology and Mass*

Killing demonstrates that ideological justifications vitally shape such violence in ways that go beyond deep ideological commitment. Most disturbingly of all, the key ideological foundations of mass killings are found to lie not in extraordinary political goals or hatreds but in radicalised versions of those conventional widely accepted ideas that underpin the politics of security in ordinary societies across the world. This study then substantiates this account by a detailed examination of four contrasting cases of mass killing: Stalinist Repression in the Soviet Union between 1930 and 1938; the Allied Bombing Campaign against Germany and Japan in World War II from 1940 to 1945; mass atrocities in the Guatemalan Civil War between 1978 and 1983; and the Rwandan Genocide in 1994. This represents the first volume to offer a dedicated comparative theory of ideology's role in mass killing while also developing a powerful new account of how ideology affects violence and politics more generally.

*Forgotten Trials of the Holocaust* Michael J. Bazyler, Frank M. Tuerkheimer, 2014-10-10. Legal scholars shed light on the enormous impact of the Holocaust through analysis of ten important yet underreported Nazi trials. In the wake of the Second World War, the Allies faced the dilemma of how to respond to the unimaginable crime of the Holocaust. Even in an ideal world, it would have been impossible to bring all the perpetrators to trial. Nevertheless, an attempt was made to prosecute some. This book uncovers ten forgotten trials of the Holocaust selected from the many Nazi trials that have taken place over the decades. It showcases how perpetrators of the Holocaust were dealt with in courtrooms around the world, revealing the different strategies of trial lawyers and the concerns and decision of various judges. *Forgotten Trials of the Holocaust* provides a graphic picture of the genocidal campaign against the Jews through eyewitness testimony and incriminating documents. It then traces how these trials factored into or were omitted from the formation of our public memory concerning the Holocaust.
