Origins Of The Modern American Peace Movement 1915 1929

Gene Zubovich

Origins Of The Modern American Peace Movement 1915 1929:

Origins of the Modern American Peace Movement, 1915-1929 Charles DeBenedetti, 1978 **The Oxford Handbook of Peace History** Charles F. Howlett, Christian Philip Peterson, Christian Peterson, Deborah D. Buffton, David L. Hostetter, 2023 The Oxford Handbook of Peace History uniquely explores the distinctive dynamics of peacemaking across time and place and analyzing how past and present societies have created diverse cultures of peace and applied strategies for peaceful change The analysis draws upon the expertise of many well respected and distinguished scholars from disciplines such as anthropology economics history international relations journalism peace studies sociology and theology This work is divided into six parts The first three sections address the chronological sweep of peace history from the Ancient Egyptians to the present while the last three cover biographical profiles of peace advocates key issues in peace history and the future of peace history A central theme throughout is that the quest for peace is far more than the absence of war or the pursuit of social justice ideals Students and scholars alike will appreciate that this work examines the field of peace history from an international perspective and expands analysis beyond traditional Eurocentric frameworks This volume also goes far beyond previously published handbooks and anthologies in answering what are the strengths and limits of peace history as a discipline and what can it offer for the future It also has the unique features of a state of the field introduction with a detailed treatment of peace history historiography and a chapter written by a noted archivist in the field that provides a comprehensive list of peace research resources It is a work ably suited applicable for classrooms and scholarly bookshelves

The US "Culture Wars" and the Anglo-American Special Relationship David G. Haglund, 2019-05-21 This book discusses culture and the origins of the Anglo American special relationship the AASR The bitter dispute between ethnic groups in the US from 1914 17 a period of time characterized as the culture wars laid the groundwork both for US intervention in the European balance of power in 1917 and for the creation of what would eventually become a lasting Anglo American alliance Specifically the vigorous assault on English civilization launched by two large ethnic groups in America the Irish Americans and the German Americans had the unintended effect of causing America s demographic majority at the time the English descended Americans to regard the prospect of an Anglo American alliance in an entirely new manner The author contemplates why the Anglo American great rapprochement of 1898 failed to generate the desired Anglo Saxon alliance in Britain and in so doing features theoretically informed inquiries into debates surrounding both the origins of the war in 1914 and the origins of the American intervention decision nearly three years later [The Search for Negotiated Peace](#) David S. Patterson, 2012-09-10 The First World War was an epic event of huge proportions that lasted over four years and involved the armies of more than twenty nations resulting in 30 million casualties including more than 8 million killed Set against the backdrop of this massive carnage The Search for Negotiated Peace is the gripping story of the events that moved high profile American and European citizens particularly women into the international peace movement This small transatlantic network

put forth proposals for changing the international system of negotiation. They supported non annexationist war aims and attempted to discredit nations' secret diplomacy, militarism and narrowly nationalistic practices. Instead they wanted to develop a new diplomacy. David Patterson skillfully develops the interactions of many of the notable leaders of the movement including Jane Addams, Aletta Jacobs and Rosika Schwimmer into an absorbing narrative that brings together the various strands of women's history, international diplomatic history and peace history for the first time. *The Search for Negotiated Peace* is an essential read for anyone interested in the social history of World War I and the foundations of citizen activism today.

Historical Dictionary from the Great War to the Great Depression Neil A. Wynn, 2013-12-16. The period from 1913 to 1933 is not often seen as a coherent entity in the history of the United States. It is more often viewed in terms of two distinct periods with the pre war era of political engagement, idealism and reform known as progressivism separated by World War I from the materialism, conservatism and disengagement of the prosperous 1920s. To many postwar observers and later historians the entry of the United States into the European conflict in 1917 marked not just a dramatic departure in foreign relations but also the end of an era of reform. This second edition of *Historical Dictionary from the Great War to the Great Depression* covers the history of this period through a chronology, an introductory essay, appendixes and an extensive bibliography. The dictionary section has more than 700 cross referenced entries on important personalities, politics, economy, foreign relations, religion and culture. This book is an excellent access point for students, researchers and anyone wanting to know more about a vital period in U.S. history.

The A to Z from the Great War to the Great Depression Neil A. Wynn, 2009-07-16. This volume examines significant individuals and developments in American political, economic, social and cultural history between the years 1913 and 1933. It was a time of momentous change including involvement in World War I, the Red Scare, the Jazz Age, the Crash of 1929 and the onset of the Great Depression. It covers the presidencies of Woodrow Wilson, Warren G. Harding, Calvin Coolidge and Herbert Hoover and the shift from reformism to conservatism. Prohibition and gangsterism symbolized the apparent failure of politics. *The A to Z from the Great War to the Great Depression* covers this important period in American history with a chronology, an introductory essay, a bibliography and hundreds of cross referenced dictionary entries on everything from automobiles, chemicals and electrical goods to mass entertainment and the rise of Hollywood, radio and sport.

Battling Miss Bolshevik Kirsten Marie Delegard, 2012-05-28. Why did the political authority of well respected female reformers diminish after women won the vote? In *Battling Miss Bolshevik* Kirsten Marie Delegard argues that they were undercut during the 1920s by women conservatives who spent the first decade of female suffrage linking these reformers to radical revolutions that were raging in other parts of the world. In the decades leading up to the Nineteenth Amendment, women activists had enjoyed great success as reformers, creating a political subculture with settlement houses and women's clubs as its cornerstones. Female volunteers piloted welfare programs as philanthropic ventures and used their organizations to pressure state, local and national governments to assume responsibility for these

programs These female activists perceived their efforts as selfless missions necessary for the protection of their homes families and children In seeking to fulfill their maternal responsibilities progressive women fundamentally altered the scope of the American state recasting the welfare of mothers and children as an issue for public policy At the same time they carved out a new niche for women in the public sphere allowing female activists to become respected authorities on questions of social welfare Yet in the aftermath of the suffrage amendment the influence of women reformers plummeted and the new social order once envisioned by progressives appeared only more remote Battling Miss Bolshevik chronicles the ways women conservatives laid siege to this world of female reform placing once respected reformers beyond the pale of political respectability and forcing most women s clubs to jettison advocacy for social welfare measures Overlooked by historians these new activists turned the Daughters of the American Revolution and the American Legion Auxiliary into vehicles for conservative political activism Inspired by their twin desires to fulfill their new duties as voting citizens and prevent North American Bolsheviks from duplicating the success their comrades had enjoyed in Russia they created a new political subculture for women activists In a compelling narrative Deleagard reveals how the antiradicalism movement reshaped the terrain of women s politics analyzing its enduring legacy for all female activists for the rest of the twentieth century and beyond

To End All Wars, New Edition Thomas J. Knock, 2019-03-19 A close look at Woodrow Wilson s political thought and international diplomacy In the widely acclaimed To End All Wars Thomas Knock provides an intriguing often provocative narrative of Woodrow Wilson s epic quest for a new world order This book follows Wilson s thought and diplomacy from his policy toward revolutionary Mexico through his dramatic call for Peace without Victory in World War I to the Senate s rejection of the League of Nations Throughout Knock reinterprets the origins of internationalism in American politics sweeping away the view that isolationism was the cause of Wilson s failure and revealing the role of competing visions of internationalism conservative and progressive

Philanthropic Foundations at the League of Nations Ludovic Tournès, 2022-03-30 This book presents a comprehensive analysis of the relations between US philanthropic foundations in particular the Rockefeller Foundation and the Carnegie Endowment for International Peace and the League of Nations Generations of students and scholars have learned that the US having played a key role in the creation of the League of Nations in 1919 did not join the organization and stood aloof from its activities during the whole interwar period This book questions this idea and argues that even though the US was not a de jure member of the League of Nations the financial human and intellectual investment of foundations brought about the de facto integration of the US within the League system and also modified the latter s architecture The book describes the Americanization of the League and shows how it resulted from three strategies pursued throughout the interwar period that of US foundations that of the Secretariat and that of the US federal government The book also shows the limits of this Americanization and analyzes the role of the European experts in the coproduction of the postwar international order together with the US government This book will be of interest to

historians and political scientists as well as undergraduate and graduate students in interdisciplinary programs of international relations

The United States in World War I James T. Controvich, 2023-05-08 With the centennial of the First World War rapidly approaching historian and bibliographer James T. Controvich offers in *The United States in World War I: A Bibliographic Guide* the most comprehensive up to date reference bibliography yet published. Organized by subject, this bibliography includes the full range of sources: vintage publications of the time, books, pamphlets, periodical titles, theses, dissertations, and archival sources held by federal and state organizations as well as those in public and private hands, including historical societies and museums. As Controvich's bibliographic accounting makes clear, there were many facets of World War I that remain virtually unknown to this day. Throughout Controvich's bibliography tracks the primary sources that tell each of these stories and many others besides during this tense period in American history. Each entry lists the author, title, place of publication, publisher, date of publication, and page count, as well as descriptive information concerning illustrations, plates, ports, maps, diagrams, and plans. The armed forces section carries additional information on rosters, awards, citations, and killed and wounded in action lists. *The United States in World War I: A Bibliographic Guide* is an ideal research tool for students and scholars of World War I and American history.

Spiritual Weapons T. Jeremy Gunn, 2008-12-30 While some may argue that religion has continued to influence U.S. foreign policy, others would argue that foreign policy has significantly influenced an American National Religion. After 1947, here Gunn shows that in the wake of World War II, Americans quickly returned to their traditional peacetime suspicion of the military engaged in disputes over capitalism. When Churchill delivered his Iron Curtain speech in 1946, the American press and American politicians panned it. Only one year later, the United States began to identify itself in reaction to the Soviet Union's growing power and influence on the world stage. If the USSR promoted governmental affirmations of atheism, so the United States would respond with its public declarations of God. This was the origin of "under God" in the Pledge of Allegiance (1954), "In God We Trust" on paper money (1955), and other public declarations about God and religion. Tracing the development of this influence on American religion, Gunn reveals a new way of looking at how public faith has been transformed by world events and the U.S.'s reaction to them. Covering topics such as American national religion, government sponsorship of God and prayer, military activities, the Vietnam War, and current views on religion and foreign policy, the author underscores the ongoing influence foreign affairs and foreign policy have on religion and how it is practiced both privately and publicly in the United States. The post-WWII backlash to events occurring around the world, he contends, continues to shape and inform our notions of God and country, public faith, and the U.S.'s position in the global village. Taking the reader through this history to the present day, the author sheds new light on this important topic.

Acts of Conscience Joseph Kip Kosek, 2011 In response to the massive bloodshed that defined the twentieth century, American religious radicals developed a modern form of nonviolent protest, one that combined Christian principles with new uses of mass media. Greatly influenced by the ideas of Mohandas Gandhi, these acts of conscience

included sit ins boycotts labor strikes and conscientious objection to war Beginning with World War I and ending with the ascendance of Martin Luther King Jr Joseph Kip Kosek traces the impact of A J Muste Richard Gregg and other radical Christian pacifists on American democratic theory and practice These dissenters found little hope in the secular ideologies of Wilsonian Progressivism revolutionary Marxism and Cold War liberalism all of which embraced organized killing at one time or another The example of Jesus they believed demonstrated the immorality and futility of such violence under any circumstance and for any cause Yet the theories of Christian nonviolence are anything but fixed For decades followers have actively reinterpreted the nonviolent tradition keeping pace with developments in politics technology and culture Tracing the rise of militant nonviolence across a century of industrial conflict imperialism racial terror and international warfare Kosek recovers radical Christians remarkable stance against the use of deadly force even during World War II and other seemingly just causes His research sheds new light on an interracial and transnational movement that posed a fundamental and still relevant challenge to the American political and religious mainstream

For the People Charles F. Howlett, Robbie Lieberman, 2009-11-01 For the People is a historical docutext that examines the evolution of the struggle for peace and justice in America s past from pre colonial times to the present Each chapter begins with a brief historical introduction followed by a series of primary source documents and questions to encourage student comprehension Sample photographs illustrate the range of peace activists concerns while the list of references focused on the most important works in the field of U S peace history points students toward opportunities for further research This is the only historical docutext specifically devoted to peace issues The interpretive analysis of American peace history provided by the editors makes this more than just an anthology of collected documents As such the docutext is an extension and a complement to the editors recently published popular scholarly survey A History of the American Peace Movement from Colonial Times to the Present A central idea in this work is that peace is more than just the absence of war The documents and the analysis that accompanies them offer fresh perspectives on the ways in which the peace movement became transformed from one simply opposing war to one proclaiming the importance of social political and economic equality The editors premise is that the peace movement historically has been a collective attempt by numerous well intentioned people to improve American society The book illuminates the ways in which peace activists were often connected to larger reform movements in American history including those that fought for the rights of working people for women s equality and for the abolition of slavery to name just a few With a focus on those who spoke out for peace this docutext is designed to call to students attention one of the least discussed classroom subjects in American education today Students in secondary school Social Studies and American history classes as well as those taking college level courses in U S history American Studies or Peace Studies will find this work an excellent supplementary reader

Constructive Spirit David W. McFadden, Claire Gorfinkel, Sergei Nikitin, 2004 Crucible of Power Howard Jones, 2008-03-20 This book is a narrative history of America s foreign affairs from 1897 to the present that

focuses on the major personalities and events from the William McKinley administration through President George W Bush

American Studies Jack Salzman, American Studies Association, 1986-08-29 This is an annotated bibliography of 20th century books through 1983 and is a reworking of American Studies An Annotated Bibliography of Works on the Civilization of the United States published in 1982 Seeking to provide foreign nationals with a comprehensive and authoritative list of sources of information concerning America it focuses on books that have an important cultural framework and does not include those which are primarily theoretical or methodological It is organized in 11 sections anthropology and folklore art and architecture history literature music political science popular culture psychology religion science technology medicine and sociology Each section contains a preface introducing the reader to basic bibliographic resources in that discipline and paragraph length non evaluative annotations Includes author title and subject indexes ISBN 0 521 32555 2 set 150 00

Before the Religious Right Gene Zubovich, 2022-03-22 When we think about religion and politics in the United States today we think of conservative evangelicals But for much of the twentieth century it was liberal Protestants who most profoundly shaped American politics Leaders of this religious community wielded their influence to fight for social justice by lobbying for the New Deal marching against segregation and protesting the Vietnam War Gene Zubovich shows that the important role of liberal Protestants in the battles over poverty segregation and U S foreign relations must be understood in a global context Inspired by new transnational networks ideas and organizations American liberal Protestants became some of the most important backers of the United Nations and early promoters of human rights But they also saw local events from this global vantage point concluding that a peaceful and just world order must begin at home In the same way that the rise of the New Right cannot be understood apart from the mobilization of evangelicals Zubovich shows that the rise of American liberalism in the twentieth century cannot be understood without a historical account of the global political mobilization of liberal Protestants [The Ghost at the Feast](#) Robert Kagan, 2023-01-10 AN NPR BEST BOOK OF THE YEAR A

comprehensive sweeping history of America s rise to global superpower from the Spanish American War to World War II by the acclaimed author of *Dangerous Nation* With extraordinary range and research Robert Kagan has illuminated America s quest to reconcile its new power with its historical purpose in world order in the early twentieth century Dr Henry Kissinger At the dawn of the twentieth century the United States was one of the world s richest most populous most technologically advanced nations It was also a nation divided along numerous fault lines with conflicting aspirations and concerns pulling it in different directions And it was a nation unsure about the role it wanted to play in the world if any Americans were the beneficiaries of a global order they had no responsibility for maintaining Many preferred to avoid being drawn into what seemed an ever more competitive conflictual and militarized international environment However many also were eager to see the United States taking a share of international responsibility working with others to preserve peace and advance civilization The story of American foreign policy in the first four decades of the twentieth century is about the effort to do

both to adjust the nation to its new position without sacrificing the principles developed in the past as one contemporary put it This would prove a difficult task The collapse of British naval power combined with the rise of Germany and Japan suddenly placed the United States in a pivotal position American military power helped defeat Germany in the First World War and the peace that followed was significantly shaped by a U S president But Americans recoiled from their deep involvement in world affairs and for the next two decades they sat by as fascism and tyranny spread unchecked ultimately causing the liberal world order to fall apart America s resulting intervention in the Second World War marked the beginning of a new era for the United States and for the world Brilliant and insightful *The Ghost at the Feast* shows both the perils of American withdrawal from the world and the price of international responsibility [A World Safe for Democracy](#) G. John Ikenberry, 2020-09-22 A sweeping account of the rise and evolution of liberal internationalism in the modern era For two hundred years the grand project of liberal internationalism has been to build a world order that is open loosely rules based and oriented toward progressive ideas Today this project is in crisis threatened from the outside by illiberal challengers and from the inside by nationalist populist movements This timely book offers the first full account of liberal internationalism s long journey from its nineteenth century roots to today s fractured political moment Creating an international space for liberal democracy preserving rights and protections within and between countries and balancing conflicting values such as liberty and equality openness and social solidarity and sovereignty and interdependence these are the guiding aims that have propelled liberal internationalism through the upheavals of the past two centuries G John Ikenberry argues that in a twenty first century marked by rising economic and security interdependence liberal internationalism reformed and reimagined remains the most viable project to protect liberal democracy **A Companion to Warren G. Harding, Calvin Coolidge, and Herbert Hoover** Katherine A.S. Sibley, 2014-07-22 With the analysis of the best scholars on this era 29 essays demonstrate how academics then and now have addressed the political economic diplomatic cultural ethnic and social history of the presidents of the Republican Era of 1921 1933 Harding Coolidge and Hoover This is the first historiographical treatment of a long neglected period ranging from early treatments to the most recent scholarship Features review essays on the era including the legacy of progressivism in an age of normalcy the history of American foreign relations after World War I and race relations in the 1920s as well as coverage of the three presidential elections and a thorough treatment of the causes and consequences of the Great Depression An introduction by the editor provides an overview of the issues background and historical problems of the time and the personalities at play

Origins Of The Modern American Peace Movement 1915 1929 Introduction

In the digital age, access to information has become easier than ever before. The ability to download Origins Of The Modern American Peace Movement 1915 1929 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Origins Of The Modern American Peace Movement 1915 1929 has opened up a world of possibilities. Downloading Origins Of The Modern American Peace Movement 1915 1929 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Origins Of The Modern American Peace Movement 1915 1929 has democratized knowledge.

Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Origins Of The Modern American Peace Movement 1915 1929. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Origins Of The Modern American Peace Movement 1915 1929. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites

that prioritize the legal distribution of content. When downloading Origins Of The Modern American Peace Movement 1915 1929, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Origins Of The Modern American Peace Movement 1915 1929 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Origins Of The Modern American Peace Movement 1915 1929 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Origins Of The Modern American Peace Movement 1915 1929 is one of the best book in our library for free trial. We provide copy of Origins Of The Modern American Peace Movement 1915 1929 in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Origins Of The Modern American Peace Movement 1915 1929. Where to download Origins Of The Modern American Peace Movement 1915 1929 online for free? Are you looking for Origins Of The Modern American Peace Movement 1915 1929 PDF? This is definitely going to save you time and cash in something you should think about.
