Signed in Blood

Jeanne King, 2009-06-30 They came from different backgrounds but when Helen Golay and Olga Rutterschmidt met in the 1980s they became fast friends For decades they made a game of engaging in petty crime bad deals insurance fraud robbing wallets But

after years of dabbling in theft they came up with a way of making their pocketbooks even fatter They found a way to make murder pay It was a plan out of Arsenic and Old Lace Befriend a homeless man place life insurance policies in his name and then have him killed Their scheme worked once but then police started to notice a pattern Helen and Olga were discovered and in front of a court of law their coldhearted pact to kill and cash in would finally be exposed *The Stacey Castor Story* Jean Medich,2021-06-27 Stacey Castor almost got away with it She wanted people to believe that her life had been crippled by tragedy that her first husband had died of a heart attack her second husband had died by poisoning himself with antifreeze and that her daughter had also attempted suicide But according to police all of it was a lie and the seemingly unfortunate wife and mother was actually a cold blooded killer now known by many as the Black Widow Stacey Ruth Castor may have been one of the most sociopathic female serial killers in modern times She poisoned her first husband Michael Wallace with anti freeze after he becomes an inconvenience to her and did the same to her second husband David Castor years later When she caught wind that the police were onto her methods she poisoned her own daughter and wrote a confession letter on her behalf She tried to pin the crimes on her daughter Dubbed the Black Widow by the national media recent findings have opened up the possibility that Stacey killed her own father as well Cool calm and collected Stacey maintained her innocence throughout the court proceedings adamantly pointing the finger of blame at her own daughter But what possessed her to kill not only her husbands but her own flesh and blood This is her story *Killer Mom* Elda Sterger,2021-06-27 Stacey Castor almost got away with it She wanted people to believe that her life had been crippled by tragedy that her first husband had died of a heart attack her second husband had died by poisoning himself with antifreeze and that her daughter had also attempted suicide But according to police all of it was a lie and the seemingly unfortunate wife and mother was actually a cold blooded killer now known by many as the Black Widow Stacey Ruth Castor may have been one of the most sociopathic female serial killers in modern times She poisoned her first husband Michael Wallace with anti freeze after he becomes an inconvenience to her and did the same to her second husband David Castor years later When she caught wind that the police were onto her methods she poisoned her own daughter and wrote a confession letter on her behalf She tried to pin the crimes on her daughter Dubbed the Black Widow by the national media recent findings have opened up the possibility that Stacey killed her own father as well Cool calm and collected Stacey maintained her innocence throughout the court proceedings adamantly pointing the finger of blame at her own daughter But what possessed her to kill not only her husbands but her own flesh and blood This is her story *Written in Blood* Diane Fanning,2018-08-20 Accident or Murder The Petersons seemed like the ideal couple well respected prosperous and happy All that came crashing down December 2001 when Kathleen apparently fell to her death in their secluded home But blood spattered evidence and a missing fireplace poker suggested calculated cold blooded murder Her trusted husband Michael stood accused So what did happen on the staircase that fateful night This is the inside look at the Michael Peterson case It will make you question

everything you've seen before. The Staircase is an emotionally riveting drama but it is nowhere near the whole truth. If anybody wants to know the whole story, read Fanning's book. Ann Christensen, Michael Peterson's sister. **Love's Blood** Clark Howard, 1994-08-15. When businessman Frank Columbo, his wife Mary and their 13-year-old son Michael were savagely murdered on their suburban Chicago home, one thought raced through everyone's mind: who would tell Patty? But Patty already knew. Led into an adult world of drugs and kinky sex parties by Frank DeLuca, a married man twice her age, the fifteen-year-old had become his sexual slave, desperately and blindly devoted to him. When her parents divorced, their daughter's shocking secret life enraged her father, who threatened to kill them both. But the lovers struck first, leaving a scene of appalling family carnage. Rowing into womanhood in a maximum security prison, Patricia Ann Columbo has finally revealed to author Clark Howard what really happened that dark and fateful night. From their intimate conversations comes a chilling first-hand view of cold-blooded murder and a twisted love gone horribly wrong. *Poisoned Love* Jackie Balbas, 2021-06-24. Stacey Castor almost got away with it. She wanted people to believe that her life had been crippled by tragedy: that her first husband had died of a heart attack, her second husband had died by poisoning himself with antifreeze, and that her daughter had also attempted suicide. But according to police, all of it was a lie, and the seemingly unfortunate wife and mother was actually a cold-blooded killer, now known by many as the Black Widow. Stacey Ruth Castor may have been one of the most sociopathic female serial killers in modern times. She poisoned her first husband, Michael Wallace, with anti-freeze after he became an inconvenience to her, and did the same to her second husband, David Castor, years later. When she caught wind that the police were onto her methods, she poisoned her own daughter and wrote a confession letter on her behalf. She tried to pin the crimes on her daughter. Dubbed the Black Widow by the national media, recent findings have opened up the possibility that Stacey killed her own father as well. Cool, calm, and collected, Stacey maintained her innocence throughout the court proceedings, adamantly pointing the finger of blame at her own daughter. But what possessed her to kill not only her husbands but her own flesh and blood? This is her story. *Poison Widows* Self, 2016-12-29. George Cooper's first book, *Lost Love*, won acclaim for its riveting portrayal of tender passions and sensational murder in old Manhattan. It was history rendered in a page-turning narrative style, a style that Cooper now applies to the 1930s and the infamous poison murder ring that infected the superstitious Italian immigrant community of South Philadelphia. *Poison Widows* describes a world where the evil eye could bring ruin upon a family, where malevolent spirits stalked the living, and where the only relief lay in the *fattuchiere*, the witch doctors of the Old Country. It tells the story of a self-proclaimed sorcerer, Morris Louie, the Rabbi Bolber, who claimed he could cure cancer with a magic butter knife given to him by a Chinese witch, Paul Petrillo, who discovered that the Rabbi's love potion, while useless as an agent of romance, was quite a handy and seemingly untraceable poison, and the dozens of poison widows, women who, some as willing accomplices and others just foolish dupes, sent their husbands to an excruciatingly painful death. When the scheme was eventually uncovered, a protracted battle was waged upon the widows in

the courts urged on by a frenzied press and an ambitious district attorney Drawing on trial transcripts press reports and interviews with participants Cooper paints a vibrant darkly comic portrait of this sordid chapter in the history of crime The parallels to recent trials including the impact of media coverage and the awesome powers of a skilled lawyer to redefine justice on his own terms gives *Poison Widows* the timeliness of a story sprung right from the headlines mingled with the morbid timelessness of mankind's darkest nature

The Good-bye Door Diana Britt Franklin, 2006 Nicknamed the Blonde Borgia Anna Marie Hahn was a cold blooded serial killer who preyed on the elderly in Cincinnati's Over the Rhine district in the 1930s When the State of Ohio strapped its first woman into the electric chair Hahn gained a place in the annals of crime as the nation's first female serial killer to be executed in the chair Told here for the first time in riveting detail is Anna Marie's gripping story an almost unbelievable tale of multiple murders deceit and greed Born in Bavaria in 1906 Anna Marie brought shame to her pious family when as a teenager she gave birth to an illegitimate son Oscar She was shipped off to America in 1929 where she initially lived with elderly relatives in Cincinnati A year later she married Philip Hahn a Western Union telegrapher with whom she bought a new house and opened a delicatessen bakery Pressed economically by the Great Depression the ever resourceful Anna Marie found other ways to get the money to support her passionate pastime betting on horses She tried burning down the house then the deli for the insurance and she tried killing her husband also for the insurance life savings before feeding them arsenic with deadly results For weeks her Cincinnati trial for the greatest mass murder in the history of the country was a front page sensation across the nation A thousand or more curiosity seekers came daily to the court house to try to get just a glimpse of her Nearly 100 witnesses gave damning testimony against her and the jury's guilty verdict put her on the path to the electric chair Finally after a year all appeals were exhausted and Anna Marie age 32 was executed on December 7 1938 at the state penitentiary in Columbus True crime buffs historians legal professionals and others seeking an extraordinary story will find *The Goodbye Door* a compelling addition to true crime literature
