New Words Orin Hargraves, 2004. Hundreds of words and expressions enter American English every year. Many of these words wither and die before being written or spoken by more than a handful of people, but a respectable number survive. As the language changes, expanding to make room for new words including slang, words borrowed from other languages, acronyms, and jargon, Oxford lexicographers are there taking notes and writing definitions. A perfect companion to any dictionary, this book has more than 2500 new words and definitions presented with the precision and accuracy that readers expect from Oxford, the most trusted name in reference. Digital Storytelling Carolyn Handler Miller, 2025-05-22. Digital Storytelling: A Creator's Guide to Interactive Entertainment, Volume I, fifth edition, delves into the fascinating and groundbreaking stories enabled by interactive digital media, examining both fictional and non-fiction narratives. This fifth edition explores monumental developments, particularly the emergence of generative AI, and highlights exciting projects utilizing this technology. Additionally, it covers social media, interactive documentaries, immersive environments, and innovative uses of video games, chatbots, and virtual reality. Carolyn Handler Miller provides insights into storytelling essentials like character development, plot structure, dialogue, and emotion, while examining how digital media and interactivity influence these elements. This book also dives into advanced topics such as narratives using AR, VR, and XR, alongside new forms of immersive media including large screens, escape rooms, and theme park experiences. With numerous case studies, this edition illustrates the creative possibilities of digital storytelling and its applications beyond entertainment, such as education, training, information, and promotion. Interviews with industry leaders further enhance the understanding of this evolving universe, making it a valuable resource for both professionals and enthusiasts.

Key Features: This book includes up-to-the-minute developments in digital storytelling. It offers case studies of noteworthy examples of digital storytelling. It includes a glossary clearly defining new or difficult terms. Each chapter opens with several thought-provoking questions about the chapter's topic. Each chapter concludes with several creative and engaging exercises to promote the reader's understanding of the chapter's topic.
