The Next Generation in Russia, Ukraine, and Azerbaijan Nadia M. Diuk, 2012-04-12 In the past twenty years the countries that used to make up the former Soviet Union have seen plenty of change There have been revolutions youth led protest movements and other forms of incredible political upheaval At the center of all of this were young leaders fighting to be heard and clamoring for change In Nadia Diuk's meticulously researched and insightful book *The Next Generation in Russia Ukraine and Azerbaijan* she shows how those young leaders have risen up and become a part of the new political system Using unique public opinion polling data and personal interviews she explores how the new generation of leaders is shaping the political system and how the young people of today continue to exert pressure for reform This book is important to anyone interested in Eastern European studies political transitions protest movements or youth and politics **After the**

Fall Walter Laqueur, 2012-01-03 A master historian takes us deep into the heart of Europe's current political and financial crisis Walter Laqueur was one of the few experts who predicted Europe's current financial and political crisis when he wrote *The Last Days of Europe* six years ago Now this master historian takes readers inside the European crisis that he foresaw Ravaged by the world economic meltdown increasingly dependent on imported oil and gas and lacking a common foreign policy Europe is in dire straits With the authority that comes from thirty years of experience as an expert on political affairs the author predicts the future prospects of this troubled continent Europe is the United States closest ally and its prosperity is vital to America's success and security This is a must read for anyone invested in our country's future The Last Days

of Europe Walter Laqueur, 2005-04-16 In Brussels in 2004 more than 55 percent of the children born were of immigrant parents Half of all female scientists in Germany are childless According to a poll in 2005 more than 40 percent of British Muslims said Jews were a legitimate target for terrorist attacks What happens when a falling birthrate collides with uncontrolled immigration *The Last Days of Europe* explores how a massive influx from Asia Africa and the Middle East has loaded Europe with a burgeoning population of immigrants many of whom have no wish to be integrated into European societies but make full use of the host nation's generous free social services One of the master historians of twentieth century Europe Walter Laqueur is renowned for his gold standard studies of fascism terrorism and anti-Semitism Here he describes how unplanned immigration policies and indifference coinciding with internal political and social crises have led to a continent wide identity crisis Self ghettoization by immigrant groups has caused serious social and political divisions and intense resentment and xenophobia among native Europeans Worse widespread educational failure resulting in massive youth unemployment and religious or ideological disdain for the host country have bred extremist violence as seen in the London and Madrid bombings and the Paris riots Laqueur urges European policy makers to maintain strict controls with

regard to the abuse of democratic freedoms by preachers of hate and to promote education productive work and integration among the new immigrants Written with deep concern and cool analysis by a European born historian with a gift for explaining complex subjects this lucid unflinching analysis will be a must read for anyone interested in international politics and the so called clash of civilizations Citizens in the Making in Post-Soviet States Olena Nikolayenko,2011-03-02 The political outlook of young people in the countries of the former Soviet Union is crucial to their countries future political development This is particularly relevant now as the first generation without firsthand experience of communism at first hand is approaching adulthood Based on extensive original research and including new survey research amongst young people this book examines young people s political outlook in countries of the former Soviet Union it compares and contrasts Russia where authoritarianism has begun to reassert itself and Ukraine which experienced a democratic breakthrough in the aftermath of the Orange Revolution The book examines questions such as How supportive is this new generation of the new political order What images of the Soviet Union prevail in the minds of young people How much trust does youth place in current political and public institutions Addressing these questions is crucial to understanding the extent to which the current regimes can survive on the wave of public support The book argues that Russian adolescents tend to place more trust in the incumbent president and harbour more regrets about the disintegration of the Soviet Union than their peers in Ukraine it demonstrates that young people distrust political parties and politicians and that patriotic education shapes social and political values **The Return** Daniel Treisman,2012-01-10 Assesses modern day Russia to consider such topics as whether the collapse of the Soviet Union was preventable Yeltsin s impact on political order and Putin s public popularity

Putin's People Catherine Belton,2020-06-23 A New York Times and Sunday Times bestseller A New York Times Book Review Editors Choice Named a best book of the year by The Economist Financial Times New Statesman The Telegraph *Putin's People* will surely now become the definitive account of the rise of Putin and Putinism Anne Applebaum The Atlantic This riveting immaculately researched book is arguably the best single volume written about Putin the people around him and perhaps even about contemporary Russia itself in the past three decades Peter Frankopan Financial Times Interference in American elections The sponsorship of extremist politics in Europe War in Ukraine In recent years Vladimir Putin s Russia has waged a concerted campaign to expand its influence and undermine Western institutions But how and why did all this come about and who has orchestrated it In *Putin's People* the investigative journalist and former Moscow correspondent Catherine Belton reveals the untold story of how Vladimir Putin and the small group of KGB men surrounding him rose to power and looted their country Delving deep into the workings of Putin s Kremlin Belton accesses key inside players to reveal how Putin replaced the freewheeling tycoons of the Yeltsin era with a new generation of loyal oligarchs who in turn subverted Russia s economy and legal system and extended the Kremlin s reach into the United States and Europe The result is a chilling and revelatory expos of the KGB s revanche a story that begins in the murk of the Soviet collapse when networks

of operatives were able to siphon billions of dollars out of state enterprises and move their spoils into the West Putin and his allies subsequently completed the agenda reasserting Russian power while taking control of the economy for themselves suppressing independent voices and launching covert influence operations abroad Ranging from Moscow and London to Switzerland and Brooklyn s Brighton Beach and assembling a colorful cast of characters to match Putin s People is the definitive account of how hopes for the new Russia went astray with stark consequences for its inhabitants and increasingly the world

Russia--lost in Transition Lilia Shevtsova, 2007 Russian history is first and foremost a history of personalized power As Russia startles the international community with its assertiveness and faces both parliamentary and presidential elections Lilia Shevtsova searches the histories of the Yeltsin and Putin regimes She explores within them conventional truths and myths about Russia paradoxes of Russian political development and Russia s role in the world *Russia Lost in Transition* discovers a logic of government in Russia a political regime and the type of capitalism that were formulated during the Yeltsin and Putin presidencies and will continue to dominate Russia s trajectory in the near term Looking forward as well as back Shevtsova speculates about the upcoming elections as well as the self perpetuating system in place the legacies of Yeltsin and Putin and how it will dictate the immediate political future She also explores several scenarios for Russia s future over the next decade

Ideology and Meaning-Making under the Putin Regime Marlene Laruelle, 2025-01-14 Much has been written to try to understand the ideological characteristics of the current Russian government as well as what is happening inside the mind of Vladimir Putin Refusing pundits clichés that depict the Russian regime as either a cynical kleptocracy or the product of Putin s grand Machiavellian designs *Ideology and Meaning Making under the Putin Regime* offers a critical genealogy of ideology in Russia today Marlene Laruelle provides an innovative multi method analysis of the Russian regime s ideological production process and the ways it is operationalized in both domestic and foreign policies *Ideology and Meaning Making under the Putin Regime* reclaims the study of ideology as an unavoidable component of the tools we use to render the world intelligible and represents a significant contribution to the scholarly debate on the interaction between ideas and policy decisions By placing the current Russian regime into a broader context of different strains of strategic culture ideological interest groups and intellectual history this book gives readers key insights into how the Russo Ukrainian War became possible and the role ideology played in enabling it

Putinism Walter Laqueur, 2015-06-30 There is no question that tensions between Russia and American are on the rise The forced annexation of Crimea the downing of Malaysia Airlines flight 17 and the Russian government s treatment of homosexuals have created diplomatic standoffs and led to a volley of economic sanctions Much of the blame for Russia s recent hostility towards the West has fallen on steely eyed President Vladimir Putin and Americans have begun to wonder if they are witnessing the rebirth of Cold War style dictatorship Not so fast argues veteran historian Walter Laqueur For two decades Laqueur has been

ahead of the curve predicting events in post Soviet Russia with uncanny accuracy In Putinism he deftly demonstrates how three long standing pillars of Russian ideology a strong belief in the Orthodox Church a sense of Eurasian manifest destiny and a fear of foreign enemies continue to exert a powerful influence on the Russian populous In fact today s Russians have more in common with their counterparts from 1904 than 1954 and Putin is much more a servant of his people than we might think Topical and provocative Putinism contains much more than historical analysis Looking to the future Laqueur explains how America s tendency to see Russia as a Cold War relic is dangerous and premature As the situation in Ukraine has already demonstrated Russia can and will challenge the West and it is in our best interest to figure out exactly who it is we are facing and what they want before it is too late Kim jest Putin? Pokolenie Putina Introduction

In today's digital age, the availability of Pokolenie Putina books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Pokolenie Putina books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Pokolenie Putina books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Pokolenie Putina versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Pokolenie Putina books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Pokolenie Putina books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Pokolenie Putina books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural

artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Pokolenie Putina books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Pokolenie Putina books and manuals for download and embark on your journey of knowledge?
