BURP - the other wine book Bas Korpel, Jur Baart, 2020-11-25 A wine book that turns the world of wine upside down This time the starting point is not the differences between wine regions grape varieties top producers or exceptional terroir In Burp the other wine book the focus is on the design and the stories behind the labels Bas Korpel writer and wine specialist The world of wine is infinite Behind every label there is a story And we strongly believe that a wine tastes better when you know the story behind it While making the book we discovered stories about battling armies a logistical nightmare and an inventive importer Thanks to the book we got our hands on the work of the art director of The Godfather a label turned into a sobriety test and we exposed an artist's disputable choices he made during World War II The good thing is that our readers can now discover all these trivia

themselves Jur Baart concept maker and illustrator By looking at wine from the starting point of the label you suddenly get completely different stories when opening a nice bottle You no longer have to be a wine nerd to have an entertaining story at the table Burp is suitable for both the wine freak and the novice enthusiast It not only describes the wine but also the world of design storytelling and branding The book contains 260 pages and describes 40 different wines The makers Bas Korpel and Jur Baart call it a punk wine book because not only the stories are outspoken but also the illustrations and photography They published Burp the other wine book themselves under the name of Fitzroy Publishing *The Finest Wines of Champagne* Michael Edwards, 2009-09-14 Champagne is synonymous with celebration and success but have its festive associations detracted from its status as a fine wine in its own right Drawing on his intimate knowledge of a classic but rapidly changing region Michael Edwards takes a radically different approach in this unrivaled terroir based guide to the world's best sparkling wines Ninety in depth profiles of the best small growers as well as the greatest houses are organized geographically from the finest producers of the great city of Reims wine towns of Epernay and A and the leading villages of the Marne and to the rising stars of the Aube C te des Bar and beyond Edwards also discusses the culture of Champagne reviews trends in viticulture and winemaking and investigates controversial solutions to the current crisis of success in a region that cannot satisfy global demand for its wines Additional sections explore the gastronomic traditions of the area give advice on pairing Champagne with food survey the vintages of the past 20 years list the wines with the best price to quality ratio and more making this extensively illustrated work a true connoisseur's guide to the most glamorous and perhaps the most enigmatic of French wines *Champagne For Dummies* Ed McCarthy, 1999-11-02 Champagne may be the most misunderstood category of wine in the world The major reason for all the confusion is the use of the term Champagne appearing on labels of sparkling wines that come from places other than the province of Champagne in northeastern France But true champagne can only be born in an environment that combines the essential elements of chalky soil a cool climate and the Chardonnay Pinot Noir and Pinot Meunier grape varieties These are the crucial elements informing the unique flavor profile found only in wines from that corner of the world Without them any wine even a very good one calling itself champagne is just an imposter Baffled by bubbly Let wine expert Ed McCarthy clear away the confusion If you find shopping for champagne a challenge try this fun friendly guide and discover just how easy it is to select the perfect bottle and Appreciate various champagne styles Enjoy the author's favorite champagnes Store and serve champagne Pair champagne with food Evaluate sparkling wines from the US and other countries What's the difference between brut and extra dry Is Vintage Champagne worth the extra money You'll get the answers to these and all your questions about that effervescent wonder And in the process you'll discover How champagne is made what grape varieties are used where the major grape growing areas are and how those tiny bubbles get into champagne The difference between vintage and non vintage champagne and champagne specialties such as blancs and ros Champagnes The meanings of terms used to describe the
