A Polar Dictionary Bernadette Hince, 2025-07-08 This ice breaking book collects the English words of the Antarctic and the Arctic for the first time These words relate to weather ice and snow auroras clothes food housing social structures wildlife plants politics as well as many other aspects of polar life The terms are presented with scientific precision a helpful interpretative commentary and moments of irresponsible whimsy Apart from Antarctica and the Arctic the regions covered here stretch to places as remote as the Faroe Islands Iceland Tristan da Cunha and the Falkland Islands *Marine Mammals* Annalisa Berta, James L. Sumich, Kit M. Kovacs, 2005-12-14 Berta and Sumich have succeeded yet again in creating superior marine reading This book is a succinct yet comprehensive text devoted to the systematics evolution morphology ecology physiology and behavior of marine mammals The first edition considered the leading text in the field is required reading for all marine biologists concerned with marine mammals Revisions include updates of citations expansion of nearly every chapter and full color photographs This title continues the tradition by fully expanding and updating nearly all chapters Comprehensive up to date coverage of the biology of all marine mammals Provides a phylogenetic framework that integrates phylogeny with behavior and ecology Features chapter summaries further readings an appendix glossary and an extensive bibliography Exciting new color photographs and additional distribution maps *Sea Ice Biota* Horner, 2018-01-18

Investigators from a number of countries have been studying the ice community and experimental information is now available from a number of geographic areas This includes ecological data as well as community and species specific physiological information The literature on ice biota is scattered being found in scientific journals research and technical reports symposia proceedings M S theses and Ph D dissertations meeting abstracts and books on topics ranging from algal ecology to regional oceanography Much of the material has not been published and some is available only in proprietary or difficult to obtain reports The purpose of this book is to bring the data and references together in one place and to provide state of the art information on these little known but ecologically important polar communities
