Poles Apart Solidarity And The New Poland

Mark Salter,Jonathan Bousfield

Poles Apart Solidarity And The New Poland:

Poles Apart Cb Jacqueline Hayden,2012-10-12 First published in 1994 In *Poles Apart* the author is trying to tell the story of Poland's democratic transition through the personal stories of the men and women that she first met in 1980 She hopes that by focusing on the experience of some of the key players she can expose aspects of the complex arguments surrounding controversial issues such as the imposition of martial law in 1981 the Round Table agreement between Solidarity and the Communist Party which resulted in the first semi free election in 1989 as well as examine the factors which precipitated the defeat of the post Solidarity parties in the September 1993 election

Poles Apart Pb: Solidarity and The New Poland Jacqueline Hayden,2020 **Poles Apart** Jacqueline Hayden,2018-10-24 First published in 1994 This book offers the reader a first hand account of the people who have been central to Poland's transformation since the early 1980s With interviews of main actors Lech Walesa Wojciech Jaruzelski and leaders of Solidarity Also observed and covered are the Gdansk shipyard strikes martial law a move towards democracy from Communism and the Round Table talks of 1989 *Solidarity's Secret* Shana Penn,2005 Drawing on a decade of interviews Penn Union Theological Center in Berkeley California pieces together the huge largely unstudied contributions of the Polish women whose pro democracy work was obscured by the more public successes of their male counterparts While prominent men like Lech Walesa were underground or in jail during the 1980s

The Collapse of Communist Power in Poland Jacqueline Hayden,2006-03-23 Based on extensive original research including interviews with key participants this book investigates the sudden and unforeseen collapse of communist power in Poland in 1989 It sets out the sequence of events and examines the strategies of the various political groupings prior to the partially free election of June 1989 This volume argues that the specific negotiating strategies adopted by the communist party representatives in the Round Table discussions before the elections was a key factor in communism's collapse The book shows that on many occasions PZPR decision makers ignored expert advice and many Round Table bargains went against the party's best interests Using in depth interviews with major party players including General Jaruzelski General Kiszczak and Mieczyslaw Rakowski as well as Solidarity advisors such as Adam Michnik the text provides a unique source of first hand accounts of Poland's revolutionary drama

God's Playground A History of Poland Norman Davies,2005-02-24 This new edition of Norman Davies's classic study of the history of Poland has been revised and fully updated with two new chapters to bring the story to the end of the twentieth century The writing of Polish history like Poland itself has frequently fallen prey to interested parties Professor Norman Davies adopts a sceptical stance towards all existing interpretations and attempts to bring a strong dose of common sense to his theme He presents the most comprehensive survey in English of this frequently maligned and usually misunderstood country *Popular Opinion in Totalitarian Regimes* Paul Corner,2009-10-01 Fascism Nazism and Communism dominated the history of much of the twentieth century yet comparatively little attention has focused on popular reactions to the regimes that sprang from these ideologies *Popular Opinion in Totalitarian Regimes* is the

first volume to investigate popular reactions to totalitarian rule in the Soviet Union Fascist Italy Nazi Germany and the communist regimes in Poland and East Germany after 1945 The contributions written by internationally acknowledged experts in their fields move beyond the rather static vision provided by traditional themes of consent and coercion to construct a more nuanced picture of everyday life in the various regimes The book provides many new insights into the ways totalitarian regimes functioned and the reasons for their decline encouraging comparisons between the different regimes and stimulating re evaluation of long established positions **Elites and Identities in Post-Soviet Space** David

Lane,2013-09-13 The dissolution of the communist system led to the creation of new states and the formation of new concepts of citizenship in the post Soviet states of Central and Eastern Europe The formation of national identity also occurred in the context of the process of increasing economic and political globalisation particularly the widening of the European Union to include the central European post socialist and Baltic States Internationally Russia sought to establish a new identity either as a European or as a Eurasian society and had to accommodate the interests of a wider Russian Diaspora in the near abroad This book addresses how domestic elites regional political and economic influenced the formation of national identities and the ways in which citizenship has been defined A second component considers the external dimensions the ways in which foreign elites influenced either directly or indirectly the concept of identity and the interaction with internal elites The essays consider the role of the European Union in attempting to form a European identity Moreover the growing internationalisation of economies privatisation monetary harmonisation dependence on trade also had effects on the kind of national identity sought by the new nation states as well as the defining by them of the other The collection focuses on the interrelations between social identity state and citizenship formation and the role of elites in defining the content of concepts in different post communist societies This book was originally published as a special issue of Europe Asia Studies

A Concise History of Poland Jerzy Lukowski,Hubert Zawadzki,2019-01-24 This new edition has been fully updated to reflect recent developments within Poland Eastern Europe and the wider world Eastern Europe in the Twentieth Century - And After R. J. Crampton,2002-04-12 Covering all key Eastern European states and their history right up to the collapse of communism this second edition of Eastern Europe in the Twentieth Century And After is a comprehensive political history of Eastern Europe taking in the whole of the century and the geographical area Focusing on the attempt to create and maintain a functioning democracy this new edition now examines events in Bosnia and Herzegovina includes a new consideration of the evolution of the region since the revolutions of 1989 91 surveys the development of a market economy analyzes the realignment of Eastern Europe towards the West details the emergence of organized crime discusses each state individually includes an up to date bibliography Eastern Europe in the Twentieth Century And After provides an accessible introduction to this key area which is invaluable to students of modern and political history **The Rough Guide to Poland** Mark Salter,Jonathan Bousfield,2002 Up to the minute accounts of all the sights from the fast changing cities of Warsaw and

Krakow to the laid back lakeside resort of Mazuria Critical reviews of restaurants bars and accommodation in every price range Extensive coverage of the countryside from Slow inski National Park s sand dunes to the alpine Tatra mountains with practical advice on how to explore them **The American Bibliography of Slavic and East European Studies for 1994** Patt Leonard, Rebecca Routh, 1997-05-31 This text provides a source of citations to North American scholarships relating specifically to the area of Eastern Europe and the former Soviet Union It indexes fields of scholarship such as the humanities arts technology and life sciences and all kinds of scholarship such as PhDs **Repression and Resistance in Communist Europe** Jason Sharman, 2004-06-01 This book explores the role of coercion in the relationship between the citizens and regimes of communist Eastern Europe Looking in detail at Soviet collectivisation in 1928 34 the Hungarian Uprising of 1956 and the Polish Solidarity Movement of 1980 84 it shows how the system excluded channels to enable popular grievances to be translated into collective opposition how this lessened the amount of popular protest affected the nature of such protest as did occur and entrenched the dominance of state over society **The Power and The Glory** David Yallop, 2012-08-23 John Paul II and the dark heart of the Catholic Church In 1984 David Yallops In Gods Name changed the way that the world looked at the Vatican In The Power and The Glory David Yallop returns to Rome with another explosive story the true history of the papacy of John Paul II From the first moment of his papacy Karol Wojtyla sought political influence and a role on the world stage At the dawn of the twenty first century he was a leader to millions of Catholics at a time of tremendous change Promising a renewed church he was the first media Pope and travelled around the world to preach his message It is said that he was central in the fall of Soviet Eastern Europe in particular within his own homeland of Poland But has the real truth of this Papacy been revealed The Power the Glory explores the continued financial scandal involving the Vatican bank the mafia Freemasonry illegal money laundering and arms sales Exposes the true extent of the Pope s failure to control the child abuse scandal Contains explosive revelations from the CIA the KGB the Polish secret service and the most secretive place on earth the Vatican itself Tells for the first time John Paul II s real involvement in the fall of the Iron Curtain and the liberation of Poland Uncovers the myth of the Holy Alliance between Reagan s America and the Vatican **Atheist Secularism and its Discontents** T. Ngo, J. Quijada, 2015-07-14 Atheist Secularism and Its Discontents takes a comparative approach to understanding religion under communism arguing that communism was integral to the global experience of secularism Bringing together leading researchers whose work spans the Eurasian continent it shows that appropriating religion was central to Communist political practices *Nation and Identity in Contemporary Europe* Brian Jenkins, Spyros A. Sofos, 2003-09-02 The resilience of nationalism in contemporary Europe may seem paradoxical at a time when the nation state is widely seen as being in decline The contributors of this book see the resurgence of nationalism as symptomatic of the quest for identity and meaning in the complex modern world Challenged from above by the supranational imperatives of globalism and from below by the complex pluralism of modern societies the nation state in the absence of alternatives to

market consumerism remains a focus for social identity Nation and Identity in Contemporary Europe takes a fully interdisciplinary and comparative approach to the national question Individual chapters consider the specifics of national identity in France Germany Britain Italy Iberia Russia the former Yugoslavia and Poland while looking also at external forces such as economic globalisation European supranationalism and the end of the Cold War Setting current issues and conflicts in their broad historical context the book reaffirms that nations are not natural phenomena but constructed forms of social identity whose future will be determined in the social arena *Eastern Europe Since 1970* Bulent Gokay,2015-12-22 From the hardening grip of Soviet domination under Brezhnev to the collapse of communism and its aftermath Bulent Gokay provides the essential introduction to Eastern Europe in the last quarter of the twentieth century The Soviet invasion of Czechoslovakia in 1968 spelt the end of reformist communism and the tightening of Soviet control throughout Eastern Europe In spite of this several countries within the Soviet Bloc managed to retain varying degrees of independence over the next two decades Focusing on the struggle towards economic and social modernisation in the region and the competing influences of East and West in a dangerous Cold War Bulent Gokay shows how individual circumstances and diverse national characteristics made a uniform application of the Soviet model impossible and charts the growing resistance to domination and the momentous events which finally toppled Soviet power in the region *Revolutionary Constitutions* Bruce Ackerman,2019-05-13 Offering insights into the origins successes and threats to revolutionary constitutionalism Bruce Ackerman takes us to India South Africa Italy France Poland Burma Israel Iran and the U S and provides a blow by blow account of the tribulations that confronted popular movements in their insurgent campaigns for constitutional democracy

The Politics of the Postcommunist World Stephen White,Daniel N. Nelson,2017-11-01 This title was first published in 2001 This series brings together the most significant journal articles to appear in the field of comparative politics since the 1970s The aim is to render accessible to teachers researchers and students an extensive range of essays as a basis for understanding established terrain and new ground **Dissidents in Communist Central Europe** Kacper Szulecki,2019-09-03 This monograph traces the history of the dissident as a transnational phenomenon exploring Soviet dissidents in Communist Central Europe from the mid 1960s until 1989 It argues that our understanding of the transnational activist would not be what it is today without the input of Central European oppositionists and ties the term to the global emergence and evolution of human rights The book examines how we define dissidents and explores the association of political resistance to authoritarian regimes as well as the impact of domestic and international recognition of the dissident figure Turning to literature to analyse the meaning and impact of the dissident label the book also incorporates interviews and primary accounts from former activists Combining a unique theoretical approach with new empirical material this book will appeal to students and scholars of contemporary history politics and culture in Central Europe
