*What Does a Police Officer Do?* Felicia Lowenstein, Felicia Lowenstein Niven, 2005 Introduces very basic facts about police officers such as the things they need to know what they wear the equipment they use and other details **Police Officer's Handbook** Robert Stering, 2005 Law Enforcement Policing Security **We're the Police** Tony Dellavalle, 2014-10-21 A Police Officer's job can't be told in just one story That's not what being a street cop is like Real street cops handle dozens of jobs in a single day and the jobs vary from one extreme to the other **WE RE THE POLICE** is a collection of 50 short stories from the authors days of serving as a Police Officer and Detective in the NYPD Recounted to you by the author they are told just as they happened one job at a time These stories are true accounts and vary in a manner which gives you a great example of the everyday work a street cop can face **WE RE THE POLICE** will intrigue and entertain you as you gain a new appreciation for the job of a New York City Police Officer Training the 21st Century Police Officer Russell W. Glenn, Barbara Raymond, Dionne Barnes-Proby, Elizabeth Williams, John Christian, 2003-08-08 Restructure the LAPD Training Group to allow the centralization of planning instructor qualification evaluation and retention and more efficient use of resources **Policewomen Who Made History** Robert L. Snow, 2010-06-16 Beginning with a history of women in police work Snow traces their rise through the ranks focusing first on the first women to be given a patrol assignment In their own words policewomen describe the challenges and advantages of being a woman on the force and demonstrate the perseverance many of them needed to make it in this mostly boys club Facing obstacles such as sex discrimination and harassment requirements meant to block their ascent and personal issues that arise when family members don't understand their call to duty these women broke new ground and paved the way for others who would go on to leadership positions and other higher ranking roles This vivid and inspiring account illustrates both the barriers women faced and continue to cope with in the field of police work but also celebrates their achievements and triumphs along the way **Policing** John S. Dempsey, 1994 Who are the police What do they do How do they do their job Why do they do it that way This introductory overview of what it's like to be a police officer is based on the author's 24 years of experience as a New York City police officer Drawing on his experience the author illustrates how being a police officer affects various aspects of personal life Including examples from other cities this text has an international emphasis This book's unique features include an in-depth discussion of policing as it relates to the exclusionary rule and the 4th and 5th Amendments **The Art of Policing in Baltimore** Samuel D Tress, 2020-04-14 Who would want to become a police officer Risk your life for low pay working weekends holidays missed family events such as birthdays and anniversaries So why Some people become police officers because they need a job Others do it because they need something to do until they can get their real job And others become a police officer because it's a calling The latter group is the one who makes the most profound impact on the communities they serve and

usually make it to retirement if not killed in the line of duty The true events woven in the pages of this book illuminate one cop's life's pursuit to make a difference in the lives of total strangers Everyone has a story some more interesting than others The stories within these pages involve the Catholic Church hostage taking barricaded gunmen famous Baltimore sports figures the longest gun battle in the history of the Baltimore Police Department a police officer shot the struggles of suicidal people and even one ghost story You will discover some of the stories are lighthearted but most are heartbreaking Police see people at their best and their worst It can be said the public expects the police to possess the wisdom of Solomon the patience of Job and the tenacity of a fighter pilot Living up to that expectation can take its toll That may explain why 228 cops committed suicide in 2019 During the same time span 132 police officers died in the line of duty including 9 11 illnesses and heart attacks

*The Truth About Cops: A Retired Police Officer's Answers to All Your Burning Questions* Tim Dees, 2012-09-14 NOTE FROM THE AUTHOR I have a head full of information not all of which is useful It bothers me that the lyrics for Yummy Yummy Yummy I've Got Love in My Tummy are taking up room that could be occupied by something more life relevant Still I've often found myself the person people come to when they want to know something but aren't sure where to find it and I enjoy providing that service Quora is a great outlet for people like me I stumbled on the site a little more than a year ago and almost 600 answered questions later there's enough material for a book Law enforcement is a passion for me not for the power trip or the adrenaline rush but because it can be a truly noble vocation when done right People depend on law enforcement officers to protect them from predators see that the bad guys are held to account for their acts and establish order out of chaos The authority that cops have is a sacred public trust Most officers carry out their duties proudly and honorably but there will always be a few who abuse that trust The short essays here are about both sides of that issue These answers are also about separating some of the myths of police work from the reality There have been so many dramatic depictions of law enforcement some of them very realistic and others that seem realistic that people tend to believe they know how cops work and why they do what they do Here I've tried to give you the straight scoop knowledge accumulated from my own experience and from knowing cops from all over the country and the world Some of it isn't flattering but otherwise it wouldn't be honest I hope you enjoy and benefit from these insights into police work

Tim Dees EXCERPT FROM THE BOOK Is It TRUE That Parking Patrol Officers Can NOT Stop Writing A Ticket Once They Have Started Some agencies do in fact have a policy that an officer police parking or otherwise can't discard a citation once they have started writing it Virtually all of them have some process for voiding a citation issued in error once the citation has been issued but this process is carefully monitored to prevent abuse Absent a monitored process the system is easily manipulated Someone makes a call to a person in the police department who has influence and that person contacts the officer who issued the ticket They persuade the officer to void the ticket If the voided ticket appears to be correct in format e.g license plate matches the vehicle description violation is appropriate for that location etc then whoever is in charge of reviewing the voided citations is

supposed to follow up and find out if the citation was voided for a legitimate reason or as a favor to someone Most of the time when the issuing officer has started the citation form and many of them are generated via handheld computer these days and the violator runs up and asks them to stop the violation is legitimate and the officer has already looked around for the driver of the vehicle The typical complaint is but I was just gone for a minute which may or may not be true In any event there is seldom a provision in the law for parking there for a minute you aren't supposed to park there at all So in short it's usually true that the officer is not supposed to stop once they have begun issuing the citation Buy the book to read more

juxtaposed to the precinct level Street Cop Culture and bosses loyalties to the social and political networks of management cops rather than to the men on the street causes a sharp division with grave consequences for the departments The study concentrates on a series of dramatic events such as the suicide of a police officer charged with corruption a major riot and the trial of an officer accused of killing a prisoner while in police custody Ianni traces how these events affected relationships among fellow officers and between officers and bosses
