Policing The Occupation And The Introduction Of Female Officers An Anthropologists Study:

Policing, the Occupation and the Introduction of Female Officers Patricia Weiser Remington, 1981 Women Police in a Changing Society Mangai Natarajan, 2016-02-11 Offering a fascinating account of the development of women police over the past twenty years this book refers to the author's extended research in India to examine how the Indian experience demonstrates a valuable alternative to the Anglo American model not only for traditional societies but for women police in the West as well. With reference to the establishment in 1992 of all women units in Tamil Nadu this unique experiment proved highly successful in enhancing the confidence and professionalism of women officers and ensuring the effectiveness and efficiency of the police. At a time when policing is being rethought all over the world not only in traditional societies the Tamil Nadu practice illustrates important lessons for western countries that are finding it increasingly difficult to recruit and retain women officers. Natarajan's remarkable book is an important and original contribution to the literature on gendered policing which to date has concentrated almost exclusively on the US and British experience. *Policing, the Occupation and the Introduction of Female Officers* Patricia Weiser Remington, 1981 Sex and Supervision Joycelyn M. Pollock, 1986-10-21 For decades Zig Ziglar has steered millions of people toward richer more satisfying lives. Now in *God's Way Is Still the Best Way* this dynamic author and speaker teaches you biblical principles that will infuse your faith with action and skyrocket your impact on the world. Ziglar shares how developing the fruits of the Holy Spirit are key to an energized God-centered life. Each chapter is filled with stories of men and women like Tony Evans, Mary Kay Ash and Dr. Kenneth Cooper whose love for Jesus propels them to share their faith and provide relief to a hurting world. A lively Christ-centered book that teaches by example *God's Way Is Still the Best Way* will inspire you to experience success God's way which as Ziglar says is the only permanent way. Students are increasingly encouraged to apply research to practice and this book is specifically designed to bring clarity to the concept of empirical research in policing. As an introduction to the theoretical explanations and assumptions that underpin the rationale of research design in policing this book clearly illustrates the practical and ethical issues facing empirical research in a policing context as well as the limitations of such research. *Introduction to Policing Research* brings together a range of leading scholars who have a wide range of experience conducting police research. Topics covered include professional development, police culture, policing protests, private policing, policing and diversity, policing in transition, policing and mental health, policing and sensitive issues.
