Queer Horror Sean Abley, Tyler Doupé, 2023-12-21 From the beginning horror has been part of the cinema landscape Despite some of the earliest genre films with gay directors such as F W Murnau *Nosferatu* and James Whale *Frankenstein The Invisible Man Bride of Frankenstein* LGBTQIA characters have rarely been portrayed in full view For decades filmmakers have included coded content in their films with the homosexual experience translated into censor friendly subtext for consumption by general audiences Gradually LGBTQIA characters and themes have moved from the background to the foreground as the horror genre has grown along with its audience s tastes and attitudes Likewise more and more LGBTQIA writers and directors have begun to offer their queer centric takes on scary movies and today queer horror is a thriving film genre With more than 900 entries this critical filmography is a comprehensive critical yet playful examination of the history of LGBTQIA content in horror films Eight journalistic contributors dig into every era of scary movies including the early silents pre and post Hays Code content grindhouse sleaze LGBTQIA indies and megaplex studio releases From Whale s *The Old Dark House* 1932 to Don Mancini s *Chucky* films and everything in between this collection explores what can be found at the intersection of LGBTQIA and horror in the film industry
