**The Paradox that is Diplomatic Recognition: Unpacking the Somaliland Situation** John Rabuogi Ahere, 2013-06-01 Somaliland is an example of a territory that has fulfilled the conditions that are pre-requisite for state recognition in the international system Somaliland is however not recognised as a state Questions abound about why Somaliland finds itself in this situation when there are territories which obtained recognition after fulfilling a fraction of

what Somaliland has achieved This study contributes to answering the aforementioned questions This study has certain objectives It delved into the examination of the criteria that is used for the recognition of states in the international system It also analyses the role of intergovernmental organizations in the non recognition of Somaliland The objective of this study is also to make an assessment of the nature of interactions between Somaliland and other actors in the international system

*The Oxford Handbook of Africa and Economics* Célestin Monga, Justin Yifu Lin, 2015-07-02 For a long time economic research on Africa was not seen as a profitable venture intellectually or professionally few researchers in top ranked institutions around the world chose to become experts in the field This was understandable the reputation of Africa centered economic research was not enhanced by the well known limitations of economic data across the continent Moreover development economics itself was not always fashionable and the broader discipline of economics has had its ups and downs and has been undergoing a major identity crisis because it failed to predict the Great Recession Times have changed many leading researchers including a few Nobel laureates have taken the subject of Africa and economics seriously enough to devote their expertise and creativity to it They have been amply rewarded the richness complexities and subtleties of African societies civilizations rationalities and ways of living have helped renew the humanities and the social sciences and economics in particular to the point that the continent has become the next major intellectual frontier to researchers from around the world In collecting some of the most authoritative statements about the science of economics and its concepts in the African context this handbook the first of two volumes opens up the diverse acuity of commentary on exciting topics and in the process challenges and stimulates the quest for knowledge Wide ranging in its scope themes language and approaches this volume explores examines and assesses economic thinking on Africa and Africa's contribution to the discipline The editors bring a set of powerful resources to this endeavor most notably a team of internationally renowned economists whose diverse viewpoints are complemented by the perspectives of philosophers political scientists and anthropologists

*Conceptualizations of Africa* Abdul Karim Bangura, JP Afamefuna Ifedi, 2025-02-27 This book discusses how Africa has been understood and defined across various academic fields Building on the influential works of Valentin Yves Mudimbe and more recent studies by Axel Fleisch and Rhiannon Stephens this book bridges previous limitations by offering a comprehensive interdisciplinary analysis Each chapter examines the conceptualization of Africa within a specific discipline balancing local and global perspectives blending competing viewpoints and providing suggestions for future research The book will be essential for students scholars and researchers interested in a better understanding of the diverse and complex narratives that shape our knowledge of Africa and its intellectual heritage [The Palgrave Handbook of African Political Economy](#) Samuel Ojo Oloruntoba, Toyin Falola, 2020-06-23 This handbook constitutes a specialist single compendium that analyses African political economy in its theoretical historical and policy dimensions It emphasizes the uniqueness of African political economy within a global capitalist system that is ever changing and complex Chapters in the book discuss how

domestic and international political economic forces have shaped and continue to shape development outcomes on the continent Contributors also provoke new thinking on theories and policies to better position the continent's economy to be a critical global force The uniqueness of the handbook lies in linking theory and praxis with the past future and various dimensions of the political economy of Africa

**Poverty Reduction Strategies in Africa** Mike O. Odey, Toyin Falola, 2017-09-08 A fundamental question about contemporary Africa is why does Africa remain so poor long after the departure of the European Colonial domination and in the midst of so many natural resources Poverty Reduction Strategies in Africa provides new understandings of the persistent issue of poverty in Sub Saharan Africa and makes recommendations for policy frameworks to help African governments alleviate poverty Each chapter uses case studies to review the old strategies for resolving the problem of poverty in the continent and make the case for new initiatives to address poverty The contributors focus on practical and day to day issues as the best approach to formulate and implement poverty reduction strategies in contemporary Africa This book is invaluable reading for students and scholars of African politics and development

*What Is Ailing Africa? — Practical Philosophy in Reinventing Africa* Stephen Onyango Ouma, 2024-06-11 Not only does this book detail the colonial experiences in Africa through what the author refers to as a social construct it also vehemently criticises modern African governments for their current corruption and maintenance of the continent's situation This book presents a two pronged analysis of Africa's predicament by looking at the duality of ethics and identity It tries to trace the problematic aspects of westernization and modernization within the contexts of neo colonialism and continued exploitation of Africa by external forces as well as the complicity of Africans themselves

**The African Political Dictionary** Claude S. Phillips, 1984 Discusses the significance of terms events people and organizations related to the political cultural and economic history of Africa

**Religious Organisations in Sub-Saharan Africa and South Asia** Carole Rakodi, 2024-02-05 This book explores the links between religion states social welfare and social change in Sub Saharan Africa and South Asia Building on the author's previous analysis of how religious beliefs practices and values influence social behaviour and relationships especially within families this book focuses on the organisational characteristics of religions and societies The book considers how Muslim Christian Hindu and Buddhist organisations working in different contexts express the religious values of charity and compassion in practical activities to improve social welfare Drawing on extensive empirical research the book maps the organisations involved identifying the factors that explain their choice of activities sources of funding and modes of organisation and highlighting similarities and differences between the religious traditions It considers the involvement of religious actors in school level education as well as in international humanitarian relief and reconstruction and addresses the claim that religious organisations have distinctive features that give them comparative advantages Finally the book reviews research on the roles of religious values and organisations in resisting or promoting social change focusing on women's movements especially their campaigns for changes in family law and the quest

for social and legal recognition for sexual and gender minorities The book's wide coverage of two subcontinents in the Global South and several important religious traditions will be of interest to researchers and students in the fields of sociology international development religious studies anthropology and area studies as well as to those engaged in policy and action who are looking to improve their understanding of the complex social cultural political and religious contexts in which they work

United States Assistance Policy in Africa Shai Divon, Bill Derman, 2017-07-06 From the end of WWII to the end of the Obama administration development assistance in Africa has been viewed as an essential instrument of US foreign policy Although many would characterise it as a form of aid aimed at enhancing the lives of those in the developing world it can also be viewed as a tool for advancing US national security objectives Using a theoretical framework based on power United States Assistance Policy in Africa examines the American assistance discourse its formation and justification in relation to historical contexts and its operation on the African continent Beginning with a problematisation of development as a concept that structures hierarchies between groups of people the book highlights how cultural political and economic conceptions influence the American assistance discourse The book further highlights the relationship between American national security and its assistance policy in Africa during the Cold War the post Cold War and the post 9 11 contexts This book will be of great interest to students and scholars of Development Studies Political Science and International Relations with particular interest in US foreign policy USAID and or African Studies
