Political And Economic Liberalization Dynamics And Linkages In Comparative Perspective:

Political and Economic Liberalization Gerd Nonneman, 1996 This volume assesses the surges in the processes of democratisation and economic liberalisation and the forms they have taken Diverse country studies are used to advance the reader's understanding of the complexities of these processes The Dynamics of Democratization Geoffrey

Pridham, 2001-01-01 A systematic comparison of three cases of democratization and regime transformation in Europe since 1945 this book highlights diversities of historical context **The Costs of Economic Liberalization in Turkey** Mehmet

Odekon, 2005 This book's main theme is that the neoliberal economic policies forced on developing countries by the International Monetary Fund and the World Bank serve the interests of Western industrial countries more than those of developing countries as the post 1980 Turkish experience illustrates Within a simple dependency oriented framework the book presents the effects of liberalization policies in Turkey These policies were mostly concerned with allocative efficiency disregarding distributional efficiency issues The results were not always socially or politically desirable These policies consistently favored capital over labor and created an economic system that made the rich richer and the poor poorer Privatization in the name of raising allocative efficiency contributed to increasing inequality and poverty Anti inflationary policies debt reduction schemes environmental policies and agricultural reforms all favored the interests of high income groups transferring surplus from the national metropolis to the international metropolis or by restructuring the developing countries output input and financial markets so that any exchange between developing and industrial countries would

Economic and Political change in Tunisia E. Murphy, 1999-03-08 This book examines the processes of economic and political reform in Tunisia placing the current policies of Zine el Abidine Ben Ali within their historical context The book develops a theoretical understanding of the relationship between economic liberalisation and political change in the Arab world developing the concept of the disarticulation of the corporatist state and concluding that despite efforts at democratization an authoritarian political system is a more likely successor in the era of economic transformation Iran, Iraq, and the Legacies of War L. Potter, G. Sick, 2004-11-12 Iraq and Iran are the two most important states in the Gulf region given their population size military strength and the potential threat they pose to other states in the region This book enhances our understanding of the troubled relationship between Iran and Iraq placing it in historical context examining the rapid deterioration leading to the eight year war that started in 1980 and the effects of that trauma and exploring the ongoing issues that currently bedevil bilateral relations The authors cover such central issues as how each side has sought to use opposition groups in the other state to weaken it ethnic divisions the role of outside states especially the United States and a fascinating account of how the war affected a generation of Iraqis and Iranians The role of the U S in the region and how U S policy has affected the two states are also considered This book provides a basis for understanding the background of a tumultuous relationship that is entering a new era Routledge Handbook of Middle East Politics Larbi

Sadiki,2020-03-31 Drawing on various perspectives and analysis the Handbook problematizes Middle East politics through an interdisciplinary prism seeking a melioristic account of the field Thematically organized the chapters address political social and historical questions by showcasing both theoretical and empirical insights all of which are represented in a style that ease readers into sophisticated induction in the Middle East It positions the didactic at the centre of inquiry Contributions by forty four scholars both veterans and newcomers rethink knowledge frames conceptual categories and fieldwork praxis Substantive themes include secularity and religion gender democracy authoritarianism and new borderline politics of the Middle East Like any field of knowledge the Middle East is constituted by texts authors and readers but also by the cultural spatial and temporal contexts within which diverse intellectual inflections help construct write speak academic meaning knowing and practice By denaturalizing notions of singularity of authorship or scholarship the Handbook plants a dialogic interplay animated by multi vocality multi modality and multi disciplinarity Targeting graduate students and young scholars of political and social sciences the Handbook is significant for understanding how the Middle East is written and re written read and re read epistemology methodology and for how it comes to exist ontology

Networks of Privilege in the Middle East: The Politics of Economic Reform Revisited S. Heydemann,2004-08-20 This volume explores the role of informal networks in the politics of Middle Eastern economic reform The editor s introduction demonstrates how network based models overcome limitations in existing approaches to the politics of economic reform The following chapters show how business state networks in Egypt Morocco Tunisia Syria Lebanon and Jordan have affected privatization programs and the reform of fiscal policies They help us understand patterns and variation in the organization and outcome of economic reform programs including the opportunities that economic reforms offered for reorganizing networks of economic privilege across the Middle East

Making Do in Damascus Sally K. Gallagher,2012-10-10 Drawing on fieldwork that spans nearly twenty years *Making Do in Damascus* offers a rare portrayal of ordinary family life in Damascus Syria It explores how women draw on cultural ideals around gender religion and family to negotiate a sense of collective and personal identity Emphasizing the ability of women to manage family relationships creatively within mostly conservative Sunni Muslim households Gallagher highlights how personal and material resources shape women s choices and constraints concerning education choice of marriage partner employment childrearing relationships with kin and the uses and risks of new information technologies Gallagher argues that taking a nuanced approach toward analyzing women s identity and authority in society allows us to think beyond dichotomies of Damascene women either as oppressed by class and patriarchy or as completely autonomous agents of their own lives Tracing ordinary women s experiences and ideals across decades of social and economic change *Making Do in Damascus* highlights the salience of collective identity place and connection within families as well as resources and regional politics in shaping a generation of families in Damascus

Politics and Power in the Maghreb Michael Willis,2014-04-17 The overthrow of the regime of President Ben Ali in Tunisia on 14 January 2011

took the world by surprise The popular revolt in this small Arab country and the effect it had on the wider Arab world prompted questions as to why there had been so little awareness of it up until that point It also revealed a more general lack of knowledge about the surrounding western part of the Arab world or the Maghreb which had long attracted a tiny fraction of the outside interest shown in the eastern Arab world of Egypt the Levant and the Gulf This book examines the politics of the three states of the central Maghreb Algeria Tunisia and Morocco since their achievement of independence from European colonial rule in the 1950s and 1960s It explains the political dynamics of the region by looking at the roles played by the military political parties and Islamist movements and addresses factors such as Berber identity and economics as well as how the states of the region interact with each other and with the wider world

The Politics of International Political Economy Vassilis Fouskas, 2014-08-13 This timely book will explain via a number of thematic and case studies that international economics is not an independent terrain of economic activity reproducing itself throughout history but a complex articulation of social political and culturally determined actions that are inextricably linked Chapters will address the role of dominant global powers in the making of global industrial and monetary relations and in particular ways in which and the degrees to which dominant economic and military powers such as the USA tend to shape the domestic economic environments of lesser powers after their own image Supplementing the chapters will be a comprehensive A Z glossary section which will include key International Political Economy terms e g international debt European free trade area International Bank for Reconstruction and Development IMF GATT WTO Foreign exchange fixed exchange rates floating exchange rates reserve currency gold dollar parity multinational corporation preferential trade agreement hedge funds etc Entries will be cross referenced for ease of use This book will be ideal for researchers and students in the areas of politics international relations and international economics as well as for academics economists business people and those with an interest in the workings of international political economy

The Islamist Challenge in Algeria Michael Willis, 1997 In recent years like many countries caught between the tides of fundamentalist religion and secular culture Algeria has been rocked by social upheaval protest spasmodic violence and terrorist activity Middle East scholar Michael Willis here charts the meteoric rise of one of the largest and most powerful Islamist movements in the Muslim world

Shifting Geo-Economic Power of the Gulf Bessma Momani, 2016-04-01 Bringing together for the first time distinguished Gulf experts to analyse the renewed geo economic prominence of the Gulf states this volume investigates some of the new power brokers in the world economy the oil exporting states of the Gulf The Gulf Cooperation Council's GCC members Bahrain Kuwait Oman Qatar the United Arab Emirates and Saudi Arabia collectively have the largest proven oil reserves in the world and are among the world's largest oil exporting states Gulf Arab states are actively pursuing a variety of foreign investment strategies Some of these investments are being managed by sovereign wealth funds government investment corporations and government controlled companies This renewed geo economic status has received a lot of media attention but there has been a dearth of academic study on

what this shift in global economic power means for the international economic system This volume aims to fill this gap with a rigorous scholarly analysis based on primary sources and raw economic data It brings together the expertise of academics who have devoted their career to careful study of the region and of renowned scholars of international political economy

Neoliberalism and the Transforming Left in India Ritanjan Das, 2017-10-30 West Bengal has often been perceived as somewhat of an aberration in the wider context of a rather chaotic Indian democracy as the Left Front spearheaded by the Communist Party of India Marxist CPIM demonstrated a rare instance of political stability decisively winning seven consecutive democratic elections from 1977 to 2006 Its development record has also been substantial with a focus on land reforms the panchayati raj institution and an agriculture centric development agenda This book presents a reappraisal of the political economic history of the CPIM Left Front regime against the backdrop of the Indian reform experience It examines two distinct areas the conditions that necessitated the regime to engineer a transition from an erstwhile agricultural based growth model to a more pro market economic agenda post 1991 and the political strategy employed to manage such a transition attract private capital and at the same time sustain the regime s traditional rhetoric and partisan character In order to develop a more textured understanding of the recent political developments in West Bengal the author applies a historically nuanced and inductive political economic analysis which draws on published materials and primary material such as government documents and interviews with bureaucrats political activists members of the intelligentsia and ministers A valuable contribution to the ongoing debate in the literature on the drifts underway with the Indian Left and India s economic transformation post 1990s this book will be of interest to academics in the field of Political Science Government Political Economy and South Asian Studies *From Transition to Power Alternation* Carl Saxer, 2013-08-21 In 1987 South Korea began a democratic transition after almost three decades of significant economic development under authoritarian rule Increased civil unrest caused by dissatisfaction resulted in the regime agreeing to constitutional changes in the summer of 1987 By 1992 the first president without a military background was elected and during his tenure a further deepening of democracy took place These reforms were instrumental in making it possible that in 1997 for the first time in South Korean history an opposition candidate was elected president This book examines the initial transition and later attempts at consolidating democracy in South Korea and argues that although significant progress had been made and a power alternation achieved by late 1997 South Korea could not by the end of that decade 1987-97 be considered a consolidated democracy **The Peace Business** Markus Bouillon, 2004-02-26 Markus Bouillon s book makes an important and original contribution to the literature on the Middle East peace process It is based on extensive and imaginative research and it is packed with new and fascinating material Bouillon places the behaviour of the elites under an uncompromising lens His work serves as a useful corrective to the conventional wisdom by highlighting the negative effects of the peace process for all but the elites in Israel Jordan and the Palestinian territories Avi Shlaim Oxford University The first full length authoritative

account of the various dimensions of business in the context of Arab Israeli peace an empirically dense and nuanced analysis James Piscatori Oxford University

Oil Wealth and the Poverty of Politics Miriam R. Lowi, 2009-11-12 This book explains why Algeria's post colonial domestic political economy unravelled and how the regime eventually managed to regain power and hegemony

A Grand Delusion Eberhard Kienle, 2001-04-12 The author argues in this text that the much vaunted reform and liberalisation of Egypt's economy has been partial and selective far from beneficial to all Egyptians While the encouragement of the private sector has indeed benefited some it has failed to improve the standard of living of others in particular the lower middle classes and a large part of the landless rural population Most importantly economic reform and liberalisation have failed to produce a greater degree of political democracy notions of political accountability clean elections a genuinely free press the containment of police powers have turned out to be a great delusion which masks restrictions on political participation and civil liberties

Embattled Neighbors Robert G. Rabil, 2003 Charting the course between Israel Syria and Lebanon's relationship since 1948 this book successfully integrates the domestic and international dynamics of the key players

Global Governance and Transnationalizing Capitalist Hegemony Ian Taylor, 2016-11-25 The book is a critique of the excited talk about how various emerging economies often teleologically extended to them being powers are re writing the rules of global governance and ushering in a new set of economic assumptions

Latin American Telecommunications Gabriela Martinez, 1955-01-01 Latin American Telecommunications Telefónica's Conquest offers an excellent overview of the political economic and social factors in Spain and Latin America that have aided the miraculous transformation of the semi public Spanish telecommunications company Telefónica What was once a national telephone company lagging behind its Western European counterparts has evolved into a global telecommunications giant conquering most of the Latin American telecom market By examining the beginnings of Telefónica as an ITT subsidiary as well as its nationalization under Franco's regime and its later privatization in recent years this book provides insight into the institutional growth as well as geographical expansion of this company especially in Latin America where all state run telecommunications enterprises became privatized throughout the 1990s and many were bought by Telefónica This book is unique because it brings Telefónica's media integration to the fore tracing and analyzing its many assets and partnerships which range from television and film studios to multiplatform media content production and distribution companies Telefónica's close ties with Endemol Disney and Bertelsmann among others are examined in detail
