Political Culture Political Developmen:

Political Culture and Political Development Lucian W. Pye, Sidney Verba, 2013 *Political Culture and Political Development* Lucian W. Pye, Sidney Verba, 2015-12-08 Volume 5 in the Studies in Political Development Series Originally published in 1965 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Political Culture, Political Science, and Identity Politics Howard J. Wiarda, 2016-04-08 Political Culture defined as the values beliefs and behavioral patterns underlying the political system has long had an uneasy relationship with political science Identity politics is the latest incarnation of this conflict Everyone agrees that culture and identity are important specifically political culture is important in understanding other countries and global regions but no one agrees how much or how precisely to measure it In this important book well known Comparativist Howard J Wiarda traces the long and controversial history of culture studies and the relations of political culture and identity politics to political science Under attack from structuralists institutionalists Marxists and dependency writers Wiarda examines and assesses the reasons for these attacks and why political culture went into decline only to have a new and transcendent renaissance and revival in the writings of Inglehart Fukuyama Putnam Huntington and many others Today political culture now updated to include identity politics stands as one of these great explanatory paradigms in political science the others being structuralism and institutionalism Rather than seeing them as diametrically exposed Howard Wiarda shows how they may be made complementary and woven together in more complex multicausal explanations This book is brief highly readable provocative and certain to stimulate discussion It will be of interest to general readers and as a text in courses in international relations comparative politics foreign policy and Third World studies *Political Culture, Change, and Security Policy in Nigeria* Kalu Kalu, 2018-03-15 Demonstrating how political culture facilitates or distorts political preferences and political outcomes this book explores how the historical development of social conditions and the current social structures shape understandings and constrain individual and collective actions within the Nigerian political system Political Culture Change and Security Policy examines the extent to which specific norms and socialization processes within the political and civic culture abet corruption or the proclivity to engage in corrupt practices and how they help reinforce political attitudes and civic norms that have the potential to undermine the effectiveness of government It also delineates specific doctrinal models and strategic framework essential to the development and implementation of Nigeria's national security policy as well as innovative approaches to national development planning Professor Kalu N Kalu offers an exhaustive study that integrates several quantitative models in addressing a series of theoretical and empirical questions that inform

historical and contemporary issues of the Nigerian project The general premise is that it is not enough to simply highlight the problems of the state and address the what question we must also address the why and how questions that drive political change policy preferences and competing political outcomes

Political Culture and Foreign Policy in Latin America

Roland H. Ebel, Ray Taras, James D. Cochrane, 1991-01-01 This book explores the impact of Latin America's political culture on the international politics of the region It offers a general account of traditional Iberian political culture while examining how relations among states in the hemisphere where the United States has been the central actor have evolved over time The authors assess the degree of consistency between domestic and international political behavior The assessments are supported by case studies

Political Culture, Political Science, and Identity Politics Howard J. Wiarda, 2016-04-08

Political Culture defined as the values beliefs and behavioral patterns underlying the political system has long had an uneasy relationship with political science Identity politics is the latest incarnation of this conflict Everyone agrees that culture and identity are important specifically political culture is important in understanding other countries and global regions but no one agrees how much or how precisely to measure it In this important book well known Comparativist Howard J Wiarda traces the long and controversial history of culture studies and the relations of political culture and identity politics to political science Under attack from structuralists institutionalists Marxists and dependency writers Wiarda examines and assesses the reasons for these attacks and why political culture went into decline only to have a new and transcendent renaissance and revival in the writings of Inglehart Fukuyama Putnam Huntington and many others Today political culture now updated to include identity politics stands as one of these great explanatory paradigms in political science the others being structuralism and institutionalism Rather than seeing them as diametrically exposed Howard Wiarda shows how they may be made complementary and woven together in more complex multicausal explanations This book is brief highly readable provocative and certain to stimulate discussion It will be of interest to general readers and as a text in courses in international relations comparative politics foreign policy and Third World studies

Modern Thai Politics Clark D. Neher,

Political Development and Democratic Theory Steven J. Hood, 2015

Most comparativists have assumed that democratization is best understood by looking at regimes in the transition and consolidation phases of democracy without really considering the essence of democracy liberal rights and democratic virtues Democracy is seen as a mechanistic process without considering the ideas that build democratic regimes This book begins afresh by proposing that comparativists need to consider democracy to be a combination of rights and virtues and that the difficulties of democratic transitions consolidation and maintenance are essentially problems relating to balancing rights and virtues in the regime How do we reemphasize these aspects of democracy at a time when comparative literature focuses almost solely on democratic procedure By combining the best elements of comparative theory and liberal democratic philosophy Hood argues that comparativists can sharpen the scholarly tools we need to understand both the problems of democratization and

maintaining democracy He provides the reader with a valuable overview of comparative theory and how our abandonment of political philosophy has led to our acceptance of social science methods

Resetting the Political Culture Agenda:

From Polis to International Organization Antonia Zervaki, 2014-07-08 The analysis of the formation processes and manifestations of political culture in the domain of international relations and organization lacks a concrete theoretical and methodological framework However the main theoretical and methodological deficits seem to be related to the need for a clear cut definition of the concept itself as well as to the integration of political science methodological tools into the international institutional law debate This book considers the basic theoretical and methodological requirements for the use of political culture as a conceptual tool in the field of international organization research Moreover it applies the core theoretical and methodological assumptions to three case studies namely the United Nations the Council of Europe and the European Union which are perceived as agents of distinct political cultures in the international system

The Revolt of the Conservative Democrats Jean E. Friedman, 1979

Political Development in Modern Japan Robert E.

Ward, 2015-03-08 Contents I Introduction Robert E Ward II A Monarch for Modern Japan John Whitney Hall III Political Modernization and the Meiji Genro Roger F Hackett IV Fukuzawa Yukichi The Philosophical Foundations of Meiji Nationalism Albert M Craig V Modernization and Foreign Policy in Meiji Japan Marius B Jansen VI War and Modernization Nobutaka Ike VII Popular Political Participation and Political Development in Japan The Rural Level Kurt Steiner VIII Elections and Political Modernization in Prewar Japan Robert A Scalapino IX The Development of Interest Groups and the Pattern of Political Modernization in Japan Takeshi Ishida X Structural and Functional Differentiation in the Political Modernization of Japan Bernard S Silberman XI Law and Political Modernization in Japan Dan Fenno Henderson XII Decision Making in the Japanese Government A Study of Ringisei Kiyooki Tsuji XIII Reflections on the Allied Occupation and Planned Political Change in Japan Robert E Ward XIV The Politics of Japan s Modernization The Autonomy of Choice Ardath W Burks XV Epilogue Robert E Ward Index Originally published in 1968 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Challenges Facing Chinese Political Development Sujian Guo, Baogang Guo, 2007-01-01 Examining the challenges of Chinese political development from a holistic perspective each of the authors emphasizes a particular dimension of political culture political economy foreign policy and environmental and social challenges

Political Development Theory Richard Higgott, 2005-06-28 This book examines development theory from a political perspective It considers modernisation theory and public policy as well as Marxism the state and the third world

Political culture and political development. Edited by Lucian W. Pye & Sidney Verba, etc Lucian Wilmot PYE (and VERBA (Sidney)), Sidney Verba, 1969 *Portugal's Political Development* Walter C Opello Jr, 2019-07-05 Portugal's early developmental experience created a highly centralized administrative state that continues to have a powerful influence on the nature and style of the country's government and politics Emphasizing this theme Dr Opello shows that contrary to the conclusions of scholars who have analyzed Portugal from Latin American or Third World perspectives Portuguese political development is more comparable to the pattern of development of West European countries especially France He compares Portugal's political experience with that of other West European countries and concludes by speculating about the future of Portugal's fledgling democracy

Railroads and American Political Development Zachary Callen, 2016-09-09 America's founders envisioned a federal government of limited and enumerated powers What they could not envision of course was the vast and complex infrastructure that the growing nation would demand a demand that became ever clearer as the power and importance of railroads emerged The requirements of a nationwide rail network it also became clear far exceeded the resources of state and local government and private industry The consequences as seen in this book amounted to state building from the ground up In *Railroads and American Political Development* Zachary Callen tells the story of the federal government's role in developing a national rail system and the rail system's role in expanding the power of the federal government The book reveals how state building so often attributed to an aggressive national government can also result from local governments making demands on the national state a dynamic that can still be seen at work every time the US Congress takes up a transportation bill Though many states invested in their local railroads and many quite successfully others were less willing or less capable so rail development necessarily became a federal concern *Railroads and American Political Development* shows how this led to the Land Grant Act of 1850 a crucial piece of legislation in the building of both the nation's infrastructure and the American state Chronicling how this previously local issue migrated to the federal state and how federal action then altered American rail planning the book offers a new perspective on the exact nature of federalism In the case of rail development we see how state governments factor into the American state building process and how in turn the separation of powers at the federal level shaped that process The result is a fresh view of the development of the American rail system as well as a clearer picture of the pressures and political logic that have altered and expanded the reach of American federalism

Culture and Social Theory Aaron Bernard Wildavsky, These essays use a common interpretive framework to show how economic and

other concepts are socially constructed how political philosophers and the workings of democracy can be understood and how rational choice theories might be given wider application and greater discriminatory power Aaron Wildavsky hoped that fellow social scientists would be persuaded of the unifying and integrating potential of what Mary Douglas called grid group theory which he further developed as cultural theory by seeing this explanatory tool used in so many different ways and with regard to such a variety of issues and questions

Interest Groups and Political Development in Turkey Robert Bianchi, 2014-07-14 This book shows that governmental efforts to expand corporatism in the major occupational associations intensified conflict in and between socioeconomic sectors encouraged militancy from disaffected group leaders and promoted polarization between pluralist and corporatist associations Originally published in 1984 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Comparative Politics J. C. Johari, 1982
