Political Ecology A Critical Introduction

Thomas Griffiths

Political Ecology A Critical Introduction:

Political Ecology Paul Robbins, 2019-12-16 An accessible focused exploration of the field of political ecology The third edition of Political Ecology spans this sprawling field using grounded examples and careful readings of current literature While the study of political ecology is sometimes difficult to fathom owing to its breadth and diversity this resource simplifies the discussion by reducing the field down into a few core questions and arguments These points clearly demonstrate how critical theory can make pragmatic contributions to the fields of conservation development and environmental management The latest edition of this seminal work is also more closely focused with references to recent work from around the world Further Political Ecology raises critical questions about traditional approaches to environmental questions and problems This new edition Includes international work in the field coming out of Europe Latin America and Asia Explains political ecology and its tendency to disrupt the environmental research and practice by both advancing and undermining associated fields of study Contains contributions from a wide range of diverse backgrounds and expertise Offers a resource that is written in highly accessible straightforward language Outlines the frontiers of the field and frames climate change and the end of population growth with the framework of political ecology An excellent resource for undergraduates and academics the third edition of Political Ecology offers an updated edition of the guide to this diverse quickly growing field that is at the heart of how humans shape the world and in turn are shaped by it

Political Ecology Paul Robbins, 2011-12-12 This fully updated new edition introduces the core concepts central thinkers and major works of the burgeoning field of political ecology Explores the key arguments and contemporary explanatory challenges facing the sub discipline Provides the first full history of the development of political ecology over the last century and its theoretical underpinnings Considers the major challenges facing the field now and for the future Study boxes introduce key figures in the development of the discipline and summarize their most important works Fully updated to include recent events such as the Gulf of Mexico Oil Spill as well as both urban and rural examples from the developed and underdeveloped world

Political Ecology Paul Robbins, 2004-08-09 This text presents a critical survey of the burgeoning field of political ecology an interdisciplinary area of research which connects politics and economy to problems of environmental control and ecological change Provides the first full history of the development of political ecology over the last century Considers the major challenges facing the field now and for the future Written to be accessible to students at all levels and from different disciplines Uses case examples to explore abstract theoretical issues in a down to earth way Features study boxes introducing key figures in the development of the discipline and summarizing their key works Details of the author's own research experiences to offer a personal glimpse into political ecology research

Political Ecology, 2011 *Studyguide for Political Ecology* Cram101 Textbook Reviews, 2014-01 Never HIGHLIGHT a Book Again Includes all testable terms concepts persons places and events Cram101 Just the FACTS101 studyguides gives all of the outlines highlights and quizzes for your textbook with optional online comprehensive practice

tests Only Cram101 is Textbook Specific Accompanies 9780470657324 This item is printed on demand The Routledge Handbook of Political Ecology Tom Perreault,Gavin Bridge,James McCarthy,2015-06-12 The Routledge Handbook of Political Ecology presents a comprehensive and authoritative examination of the rapidly growing field of political ecology Located at the intersection of geography anthropology sociology and environmental history political ecology is one of the most vibrant and conceptually diverse fields of inquiry into nature society relations within the social sciences The Handbook serves as an essential guide to this rapidly evolving intellectual landscape With contributions from over 50 leading authors the Handbook presents a systematic overview of political ecology s origins practices and core concerns and aims to advance both ongoing and emerging debates While there are numerous edited volumes textbooks and monographs under the heading political ecology these have tended to be relatively narrow in scope either as collections of empirically based mostly case study research on a given theme or broad overviews of the field aimed at undergraduate audiences The Routledge Handbook of Political Ecology is the first systematic comprehensive overview of the field With authors from North and South America Europe Australia and elsewhere the Handbook of Political Ecology provides a state of the art examination of political ecology addresses ongoing and emerging debates in this rapidly evolving field and charts new agendas for research policy and activism The Routledge Handbook of Political Ecology introduces political ecology as an interdisciplinary academic field By presenting a state of the art examination of the field it will serve as an invaluable resource for students and scholars It not only critically reviews the key debates in the field but develops them The Handbook will serve as an excellent resource for graduate and advanced undergraduate teaching and is a key reference text for geographers anthropologists sociologists environmental historians and others working in and around political ecology Political Ecology of Tourism Mary Mostafanezhad,Roger Norum,Eric J. Shelton,Anna Thompson-Carr,2016-01-08 Why has political ecology been assigned so little attention in tourism studies despite its broad and critical interrogation of environment and politics As the first full length treatment of a political ecology of tourism the collection addresses this lacuna and calls for the further establishment of this emerging interdisciplinary subfield Drawing on recent trends in geography anthropology and environmental and tourism studies Political Ecology of Tourism Communities Power and the Environment employs a political ecology approach to the analysis of tourism through three interrelated themes Communities and Power Conservation and Control and Development and Conflict While geographically broad in scope with chapters that span Central and South America to Africa and South Southeast and East Asia to Europe and Greenland the collection illustrates how tourism related environmental challenges are shared across prodigious geographical distances while also attending to the nuanced ways they materialize in local contexts and therefore demand the historically situated place based and multi scalar approach of political ecology This collection advances our understanding of the role of political economic and environmental concerns in tourism practice It offers readers a political ecology framework from which to address tourism related issues and themes such as development

identity politics environmental subjectivities environmental degradation land and resources conflict and indigenous ecologies Finally the collection is bookended by a pair of essays from two of the most distinguished scholars working in the subfield Rosaleen Duffy foreword and James Igoe afterword This collection will be valuable reading for scholars and practitioners alike who share a critical interest in the intersection of tourism politics and the environment

Political Geography Sara Smith, 2020-04-27 Brings political geography to life explores key concepts critical debates and contemporary research in the field Political geography is the study of how power struggles both shape and are shaped by the places in which they occur the spatial nature of political power Political Geography A Critical Introduction helps students understand how power is related to space place and territory illustrating how everyday life and the world of global conflict and nation states are inextricably intertwined This timely engaging textbook weaves critical postcolonial and feminist narratives throughout its exploration of key concepts in the discipline Accessible to students new to the field this text offers critical approaches to political geography including questions of gender sexuality race and difference and explains central political concepts such as citizenship security and territory in a geographic context Case studies incorporate methodologies that illustrate how political geographers perform research enabling students to develop a well rounded critical approach rather than merely focusing on results Chapters cover topics including the role of nationalism in shaping allegiances the spatial aspects of social movements and urban politics the relationship between international relations and security the effects of non human actors in politics and more Global in scope this book Highlights a diverse range of globally oriented issues such as global inequality that demonstrate the need for critical political geography Demonstrates how critiques of political geography intersect with decolonial feminist and queer movements Covers the Eurocentric origins of many of the discipline's key concepts Integrates advances in political geography theory and firsthand accounts of innovative research from rising scholars in the field Explores both intimate stories from everyday life and abstract concepts central to contemporary political geography Political Geography A Critical Introduction is an ideal resource for students in political and feminist geography as well as graduate students and researchers seeking an overview of the discipline

Political Geography Sara Smith, 2020-02-17 Brings political geography to life explores key concepts critical debates and contemporary research in the field Political geography is the study of how power struggles both shape and are shaped by the places in which they occur the spatial nature of political power Political Geography A Critical Introduction helps students understand how power is related to space place and territory illustrating how everyday life and the world of global conflict and nation states are inextricably intertwined This timely engaging textbook weaves critical postcolonial and feminist narratives throughout its exploration of key concepts in the discipline Accessible to students new to the field this text offers critical approaches to political geography including questions of gender sexuality race and difference and explains central political concepts such as citizenship security and territory in a geographic context Case studies incorporate methodologies that illustrate how political geographers perform

research enabling students to develop a well rounded critical approach rather than merely focusing on results Chapters cover topics including the role of nationalism in shaping allegiances the spatial aspects of social movements and urban politics the relationship between international relations and security the effects of non human actors in politics and more Global in scope this book Highlights a diverse range of globally oriented issues such as global inequality that demonstrate the need for critical political geography Demonstrates how critiques of political geography intersect with decolonial feminist and queer movements Covers the Eurocentric origins of many of the discipline s key concepts Integrates advances in political geography theory and firsthand accounts of innovative research from rising scholars in the field Explores both intimate stories from everyday life and abstract concepts central to contemporary political geography Political Geography A Critical Introduction is an ideal resource for students in political and feminist geography as well as graduate students and researchers seeking an overview of the discipline

The Palgrave Handbook of the International Political Economy of Energy Thijs Van de Graaf,Benjamin K. Sovacool,Arunabha Ghosh,Florian Kern,Michael T. Klare,2016-08-05 This Handbook is the first volume to analyse the International Political Economy the who gets what when and how of global energy Divided into five sections it features 28 contributions that deal with energy institutions trade transitions conflict and justice The chapters span a wide range of energy technologies and markets including oil and gas biofuels carbon capture and storage nuclear and electricity and it cuts across the domestic international divide Long standing issues in the IPE of energy such as the role of OPEC and the resource curse are combined with emerging issues such as fossil fuel subsidies and carbon markets IPE perspectives are interwoven with insights from studies on governance transitions security and political ecology The Handbook serves as a potent reminder that energy systems are as inherently political and economic as they are technical or technological and demonstrates that the field of IPE has much to offer to studies of the changing world of energy

The Wiley Blackwell Companion to Political Geography Virginie Mamadouh,Natalie Koch,Chih Yuan Woon,John A. Agnew,2025-04-29 A comprehensive and timely overview of the subdiscipline of political geography equipping readers with the intellectual tools to explore complex global phenomena The Wiley Blackwell Companion to Political Geography offers a wide ranging overview of the dynamic field providing critical insights into the ways political geographers investigate and interpret the rapidly changing world Reflecting the dramatic shifts in global events and politics over the past decade this thoroughly updated volume bridges theoretical debates and empirical research to provide a clear and comprehensive understanding of foundational themes and critical contemporary issues With contributions by an interdisciplinary team of leading experts the second edition of the Companion incorporates fresh perspectives on topics including climate change terrorism the intersection of materiality and politics geopolitical ecologies natural resources and identity politics New and revised chapters address topics such as peace health water politics ocean geographies postcolonialism feminist geographies and practice based methods in geography Throughout the book the authors highlight the connections between the shifting

political landscape and core concepts of power borders territory sovereignty nationalism citizenship and more Whether for classroom use or research The Wiley Blackwell Companion to Political Geography is a valuable resource for anyone looking to explore the dynamic field of political geography It is an ideal textbook for students of political geography political science international relations and environmental studies and also serves as a key reference for scholars and professionals seeking an in depth understanding of the latest developments and intellectual trajectories of the field

Encyclopedia of Global Justice Deen K. Chatterjee, 2012-01-23 This two volume Encyclopedia of Global Justice published by Springer along with Springer s book series Studies in Global Justice is a major publication venture toward a comprehensive coverage of this timely topic The Encyclopedia is an international interdisciplinary and collaborative project spanning all the relevant areas of scholarship related to issues of global justice and edited and advised by leading scholars from around the world The wide ranging entries present the latest ideas on this complex subject by authors who are at the cutting edge of inquiry The Encyclopedia sets the tone and direction of this increasingly important area of scholarship for years to come The entries number around 500 and consist of essays of 300 to 5000 words The inclusion and length of entries are based on their significance to the topic of global justice regardless of their importance in other areas

A Dictionary of Human Geography Alisdair Rogers, Noel Castree, Rob Kitchin, 2013-04-26 A Dictionary of Human Geography is a brand new addition to Oxford s Paperback Reference Series offering over 2 000 clear and concise entries on human geography terms From basic terms and concepts to biographical entries acronyms organisations and major periods and schools in the history of human geography it provides up to date accurate and accessible information It also includes entry level web links that are listed and regularly updated on a dedicated companion website This dictionary is a reliable reference for students of human geography and ancillary subjects for researchers and professionals in the field and for interested generalists

Contentious Geographies Maxwell T. Boykoff, 2016-05-13 The human environment relationship intimately intertwined and often contentious is one of the most pressing concerns of the 21st century Explored through an array of critical approaches this book brings together case studies from across the globe to present significant cutting edge research into political ecologies as they relate to multi form contestations over environments resources and livelihoods Covering a range of issues such as popular discourses of environmental collapse climate change water resource struggles displacement agro food landscapes and mapping technologies this edited volume works to provide a broad and critical understanding of the narratives and policies more subtly shaping and being shaped by underlying environmental conflicts By exploring the power laden processes by which environmental knowledge is generated framed communicated and interpreted Contentious Geographies works to reveal how environmental conflicts can be re considered and thus re opened to enhance efforts to negotiate more sustainable environments and livelihoods

Introducing Human Geographies Paul Cloke, Philip Crang, Mark Goodwin, 2013-12-05 Introducing Human Geographies is the leading guide to human geography for undergraduate students explaining new

thinking on essential topics and discussing exciting developments in the field This new edition has been thoroughly revised and updated and coverage is extended with new sections devoted to biogeographies cartographies mobilities non representational geographies population geographies public geographies and securities Presented in three parts with 60 contributions written by expert international researchers this text addresses the central ideas through which human geographers understand and shape their subject Part I Foundations engages students with key ideas that define human geography s subject matter and approaches through critical analyses of dualisms such as local global society space and human nonhuman Part II Themes explores human geography s main sub disciplines with sections devoted to biogeographies cartographies cultural geographies development geographies economic geographies environmental geographies historical geographies political geographies population geographies social geographies urban and rural geographies Finally Part III Horizons assesses the latest research in innovative areas from mobilities and securities to non representational geographies This comprehensive stimulating and cutting edge introduction to the field is richly illustrated throughout with full colour figures maps and photos These are available to download on the companion website located at www.routledge.com/9781444135350

Alternative Development Cathrine Brun,Piers Blaikie,2016-03-23 This book brings together a collection of essays that discuss alternative development and its relevance for local global processes of marginalization and change in the Global South Alternative development questions who the producers of development knowledges and practices are and aims at decentring development and geographical knowledge from the Anglo American centre and the Global North It involves resistance to dominant political economic processes in order to further the possibilities for non exploitative and just forms of development By discussing how to unravel marginalization and voice change through alternative methods actors and concepts the book provides useful guidance on understanding the relationship between theory and practice The main strength of the book is that it calls for a central role for alternative development in the current development discourse most notably related to justice rights globalization forced migration conflict and climate change The book provides new ways of engaging with alternative development thinking and making development alternatives relevant

Political Geography in Practice Filippo Menga,Caroline Nagel,Kevin Grove,Kimberley Peters,2024-10-25 This innovative textbook on the theories approaches and methodologies that inform political geography is brought together by past and present editors of the journal of the same name The book fills the current gap in the literature through a reflection on the doing of political geography its very practice The book includes chapters authored by leading and emerging voices in the field and covers themes to guide students across various degree levels as well as university staff and faculty in a logical and practical manner The textbook allows students to develop critical thinking and reflect on important aspects of the practice of the sub discipline It presents how theories approaches and methodologies are adopted by researchers in practice equipping political geographers at all stages to develop their own individual research projects Download the SN More Media app for free scan a link with play

The Environment-Conflict Nexus in International Law Eliana Cusato, 2021-09-16 Unpacks key assumptions about the environment its relationship with violent conflict and the justification for its protection underlying international law

The Politics of Deforestation and REDD+ in Indonesia David Aled Williams, 2023-06-01 This book reflects on Indonesia's recent experience with REDD Reducing Emissions from Deforestation and forest Degradation all set within a broader discussion of neoliberal environmentalism hyper capitalism and Indonesian carbon politics Drawing on the author's political ethnographic fieldwork conducted in Jakarta Central Sulawesi and Oslo where the author examined Norway's interests and role in implementing REDD this book discusses the long evolution of the idea that foreign state and private financing can be used to protect tropical forests and the carbon stored within them resulting in both local economic development and global climate benefits It shows how neoliberal environmental approaches to climate change of which REDD is a leading example increase the severity of political contestations that must be overcome to reach global climate mitigation goals and how recent incarnations of REDD have tended to forget earlier scholarly advice to couple anti deforestation approaches with policies that reduce industrial carbon emissions In Indonesia tectonic political and economic forces are shown to have negatively impacted REDD implementation Using a political ecology approach the book links the literature on REDD with that covering Indonesia's recent democratic regression highlighting how the country's environmental performance is inextricably linked to the timbre of its political governance Given the severity of the political contestations that must be overcome to reach its stated goals REDD cannot replace global policies that drastically reduce industrial carbon emissions This book will be of great interest to students and scholars of political ecology deforestation climate change environmental politics natural resource management and environmental conservation

The Sage Handbook of Qualitative Research in Sport and Physical Culture Michael D. Giardina, Michele K. Donnelly, Devra J. Waldman, 2025-07-05 The Sage Handbook of Qualitative Research in Sport Physical Culture is a pivotal resource that marks the next evolutionary step in the field of qualitative research within sport and physical culture Building on decades of methodological advancements and scholarly contributions this handbook addresses the dynamic and expanding nature of the field It brings together a diverse group of contributors from over a dozen countries including Argentina Australia Canada China France Japan Netherlands Norway Poland Qatar Spain the United States and the United Kingdom showcasing the international growth and vibrancy of qualitative research in this domain Contributors come from a wide array of disciplinary backgrounds such as anthropology education health sciences human movement and nutrition sciences journalism and communication kinesiology public health sociology sport and exercise psychology sport management and women's gender and sexuality studies They explore a range of traditional and emerging topics and methodologies from feminist inquiry and Indigenous methodologies to new materialism and political ecologies from interviewing and ethnography to arts based methods and participatory research and from qualitative research developments in Asia and the Middle East to

studies with fan communities and Olympic and Paralympic athletes Organized into five parts the handbook begins with the politics of inquiry emphasizing the inescapable political dimensions of qualitative research including questions of reflexivity positionality grant funding and co production It then delves into philosophies of inquiry practices of inquiry and sites of inquiry and concludes with reflections and future directions Chapters in the handbook collectively present a review of the past a statement on the present and a vision for the future of qualitative research in sport and physical culture The Sage Handbook of Qualitative Research in Sport Physical Culture is an essential resource for scholars practitioners and students seeking to engage with the latest developments and debates in qualitative research It provides a comprehensive and nuanced understanding of the field equipping readers to navigate and contribute to the evolving landscape of sport and physical culture research Part I The Politics of Inquiry Part II Philosophies of Inquiry Part III Practices of Inquiry Part IV Sites of Inquiry Part V Conclusions
