Political Economy Of Agrarian Reform In:

India's Persistent Dilemma F. Tomasson Jannuzi, 2019-03-07 This book shows that the failure of successive Indian governments to effect meaningful agrarian reforms has led to a political economy in rural India that is shaped as it was prior to independence largely by the interests of an elite minority of landholders

The Political Economy of Agricultural and Food Policies Johan Swinnen, 2018-05-24 Winner of the European Association of Agricultural Economists Book Award Food and agriculture have been subject to heavy handed government interventions throughout much of history and across the globe both in developing and in developed countries Today more than half a trillion US dollars are spent by some governments to support farmers while other governments impose regulations and taxes that hurt farmers Some policies such as price regulations and tariffs distribute income but reduce total welfare by introducing economic distortions Other policies such as public investments in research food standards or land reforms may increase total welfare but these policies come also with distributional effects These distributional effects influence the preferences of interest groups and in turn influence policy decisions Political considerations are therefore crucial to understand how agricultural and food policies are determined to identify the constraints within which welfare enhancing reforms are possible or not and finally to understand how coalitions can be created to stimulate growth and reduce poverty

The Political Economy of Agrarian Reform in Prussia, C. 1750-1821 Sean Andrew Eddie, 2008

Political Economy of Agricultural Development in India Akina Venkateswarlu, 2021-11-17 The book covers Indian agricultural development from the colonial to the present period It examines how ruling class political ideology determined the agricultural policies from colonial rule It considers both quantitative and qualitative aspects in all periods colonial period to pre green revolution phase post green revolution phase early and late stages and post globalisation phase after 1991 India has achieved the ability to maintain food security through

enough food grain buffer stocks to meet the enormous public distribution system But with India's entry into WTO in 1994 euphoria has been created among all types of farmers to adopt commercial crops like cotton cost intensive inputs Even food grain crops are grown through use of costly irrigation and chemicalised inputs But they lacked remunerative prices and so farmers began to commit suicides which crossed 3.5 lakh Government of India attributed this agrarian crisis to the technology fatigue and gave scope for second green revolution GR II GR I was achieved by public sector enterprise whereas the GR II as gene revolution is a result of private sector enterprise MNCs There is fear that opening up of the sector may lead to handover of the family farms to big agri multinationals GOI's proposal to double farmers income by 2022 is feasible only when the problems being faced by small marginal and tenant farmers are addressed in agricultural marketing credit and extension services Now it is time to go for suitable forms of cooperative collective agriculture as 85 percent of total cultivators are the small and marginal farmers This book is co published with Aakar Books New Delhi Taylor Francis does not sell or distribute the print versions of this book in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka

HAHN, WERNER.), 2020-03-31 This volume examines the agrarian crisis primarily in Russia but also in other states of former USSR from a variety of perspectives and disciplines surveying the context of agrarian reforms in recent years and examining the specifics of individual farming development in post Soviet Russia

Political Economy of Agrarian Reforms in India Ritu Dewan, 1990 *The Political Economy of Agricultural Price Distortions* Kym Anderson, 2010-08-30 Despite numerous policy reforms since the 1980s farm product prices remain heavily distorted in both high income and developing countries This book seeks to improve our understanding of why societies adopted these policies and why some but not other countries have undertaken reforms Drawing on recent developments in political economy theories and in the generation of empirical measures of the extent of price distortions the present volume provides both analytical narratives of the historical origins of agricultural protectionism in various parts of the world and a set of political econometric analyses aimed at explaining the patterns of distortions that have emerged over the past five decades These new studies shed much light on the

forces affecting incentives and those facing farmers in the course of national and global economic and political development. They also show how those distortions might change in the future. *The Political Economy of Development* Norman T. Uphoff, Warren F. Ilchman, 2023-11-15 Ilchman and Uphoff believe that political science has failed in the past to meet its own standards of rigor and cogency and does not meet standards of usefulness and relevance set by others. *The Political Economy of Change* attempts to remedy these shortcomings by expanding the limits of social science analysis to deal with problems of allocation and productivity in all spheres of public choice not just the economic sphere. Ilchman and Uphoff believe that political science has failed in the past to meet its own standards of rigor and cogency and does not meet standards of usefulness and relevance set by others. *The Political Economy of Change* attempts to remedy these shortcomings. **The political economy of agrarian reform in the Bolivian yungas** Madeline Barbara Léons, 1979 *Agrarian Reform in Russia* Carol S. Leonard, 2010-12-06 This book examines the history of reforms and major state interventions affecting Russian agriculture: the abolition of serfdom in 1861, the Stolypin reforms, the NEP, the Collectivization, Khrushchev reforms, and finally farm enterprise privatization in the early 1990s. It shows a pattern emerging from a political imperative in imperial Soviet and post-Soviet regimes and it describes how these reforms were justified in the name of the national interest during severe crises: rapid inflation, military defeat, mass strikes, rural unrest, and/or political turmoil. It looks at the consequences of adversity in the economic environment for rural behavior after reform and at long-run trends. It has chapters on property rights, rural organization, and technological change. It provides a new database for measuring agricultural productivity from 1861 to 1913 and updates these estimates to the present. This book is a study of the policies aimed at reorganizing rural production and their effectiveness in transforming institutions. *The Political Economy of Land and Agrarian Development in Ethiopia* Ketebo Abdiyo Ensene, 2018-09-05 Located in central Ethiopia, the Arssi region is one of the most productive in Ethiopia, yet it has so far been neglected by scholars. This book scrutinizes the rural development of Arssi by focusing on the Swedish-supported experimental venture known as the Chilalo Agricultural Development Unit (CADU) and later as the Arssi Rural Development Unit (ARDU). Ketebo Abdiyo Ensene investigates how effectively this strategy empowered the peasantry to change their farming techniques and produce beyond subsistence level. He also examines the accumulation of alienated land by the northern Ethiopian nobility through land grants, fake purchases, and other futile means of land grabs and the impact that this had on the native population. Finally, the book reassesses the importance of the rural land reform of 1975 that followed the collapse of the imperial regime and argues that this was the most significant event in the history of agricultural development in Ethiopia. The assessment of the book in fact goes into the post-1991 period in relation with agrarian development. *The Political Economy of Land and Agrarian Development in Ethiopia* will be of interest to scholars of Ethiopia, African Studies, economic history, political economy, development, and agriculture. *The Political Economy of Asian Agrarian Reform* Nimal Sanderatne, 1974 **The Comparative Political Economy of Development** Barbara Harriss-White, Judith

Heyer, 2009-12-21 This book illustrates the enduring relevance and vitality of the comparative political economy of development approach promoted among others by a group of social scientists in Oxford in the 1980s and 1990s Contributors demonstrate the viability of this approach as researchers and academics become more convinced of the inadequacies of orthodox approaches to the understanding of development Detailed case material obtained from comparative field research in Africa and South Asia informs analyses of exploitation in agriculture the dynamics of rural poverty seasonality the non farm economy class formation labour and unfreedom the gendering of the labour force small scale production and contract farming social networks in industrial clusters stigma and discrimination in the rural and urban economy and its politics Reasoned policy suggestions are made and an analysis of the comparative political economy of development approach is applied to the situation of Africa and South Asia Aptly presenting the relation between theory and empirical material in a dynamic and interactive way the book offers meaningful and powerful explanations of what is happening in the continent of Africa and the sub continent of South Asia today It will be of interest to researchers in the fields of development studies rural sociology political economy policy and practice of development and Indian and African studies
