*The Political Economy of Appalachia* Monroe Newman, 1972      **Appalachia**, 1971      *The Geography of United States Poverty* Wendy Shaw, 2015-11-19 Until this book was originally published in 1996 there had been little detailed research concerning the geographic location of the poor in America The book examines the spatial distribution of the poor within the US and discusses the general characteristics of the poverty population It explores the complex web of theory pertaining to poverty presenting different categories no fault theories individual responsibility theories societal responsibility theories governemntal and institutional responsibility theories and responsibility of the economic system theories Information on poverty from the 1980s and 90s in the US is provided as well as historical background The problems and complexities associated with defining and measuring poverty are also discussed      *Authority and the Mountaineer in Cormac McCarthy's Appalachia* Gabe Rikard, 2013-08-29 The author uses theories on power resistance and discipline developed by Michel Foucault to analyze the interactions of mountaineers and the authorities who have attempted to modernize them The book shows how McCarthy manipulates Appalachian images while engaging in a form of archeology of Appalachian constructs Initially the book explores the interplay of the dominance resistance duality Roads provided ways into the mountains for industry and ways out for the mountaineer cotton mill villages and regional cities served as disciplined destinations for Appalachian out migrants McCarthy s character Lester Ballard Child of God represents the epitome of hillbilly delinquency The author explains how the iconic image of the mountaineer a notion cultivated by fiction writers benevolent organizations and academics othered the mountain people as deviants The book ends by considering the ways in which The Road returns to the rhetorical and geographical region of his early work and how it fits into McCarthy s Appalachian oeuvre      **Improving Federal Grants Management** United States. Advisory Commission on Intergovernmental Relations, 1977      The Cambridge Economic History of the United States Stanley L. Engerman, Robert E. Gallman, 1996 Volume III surveys the economic history of the United States and Canada during the twentieth century      **Intergovernmental Relations in the American Administrative State** David M. Welborn, Jesse Burkhead, 2014-09-10 During the 1960s President Lyndon Johnson and his administration substantially altered the structure of the American administrative state Creating intergovernmental programs to forward the goal of the Great Society they changed the contours of national state local relationships and these changes largely have remained despite the attempts of later administrations to reverse them Intergovernmental Relations in the American Administrative State is the first comprehensive study of how and why these changes occurred Drawn from a wealth of primary material in the Lyndon Baines Johnson Library the study probes the objectives of the president and other framers of new policies and programs within the institutional and political context of the time The authors give special attention to the inherent incongruities that arise when intergovernmental programs are used to address problems defined in national terms In addition they reveal how certain programs actually challenged the power of established national

bureaucracies They conclude with a thoughtful overview of the Johnson legacy in intergovernmental relations during subsequent administrations Castle on the Rock, 1881-1985 Mary Yeater Rathbun,1990 **Urban Transportation Research and Planning, Current Literature** ,1971 **Planning, Current Literature** ,1970 **Housing and Planning References** ,1973 **The Face of Decline** Thomas L. Dublin,Walter Licht,2016-11-15 The anthracite coal region of Pennsylvania once prospered Today very little mining or industry remains although residents have made valiant efforts to restore the fabric of their communities In *The Face of Decline* the noted historians Thomas Dublin and Walter Licht offer a sweeping history of this area over the course of the twentieth century Combining business labor social political and environmental history Dublin and Licht delve into coal communities to explore grassroots ethnic life and labor activism economic revitalization and the varied impact of economic decline across generations of mining families *The Face of Decline* also features the responses to economic crisis of organized capital and labor local business elites redevelopment agencies and state and federal governments Dublin and Licht draw on a remarkable range of sources oral histories and survey questionnaires documentary photographs the records of coal companies local governments and industrial development corporations federal censuses and community newspapers The authors examine the impact of enduring economic decline across a wide region but focus especially on a small group of mining communities in the region s Panther Valley from Jim Thorpe through Lansford to Tamaqua The authors also place the anthracite region within a broader conceptual framework comparing anthracite s decline to parallel developments in European coal basins and Appalachia and to deindustrialization in the United States more generally Public Management Sources United States. Bureau of the Budget. Library,1971 *The Countryside in the Age of the Modern State* Catherine McNicol Stock,Robert D. Johnston,2018-05-31 However urban the nation has become Catherine McNicol Stock and Robert D Johnston write twenty percent of its citizens still live outside major metropolitan areas Moreover rural economic activity agricultural extractive recreational and industrial has an enormous impact on the nation s overall economic well being The stories of contemporary rural people still have the power to move us They reflect the values dreams and ideals at the core of the economically racially and ethnically diverse American experience *The Countryside in the Age of the Modern State* moves rural history into explorations of modern politics diverse rural peoples and their complex relationships to the American state in the twentieth century The volume s contributors examine African American progressive farm organizers the experiences of Caribbean and Mexican farm laborers agrarian intellectuals in the New Deal the politics of land and landscape in the Rocky Mountain west and the origins of today s rural political movements *Impact of Energy Balance on Cancer Disparities* Deborah J. Bowen,Gerald V. Denis,Nathan A. Berger,2014-07-28 This volume reviews disparities in cancer genetics etiology treatment and survivorship that are associated with differences in energy balance and how those differences and disparities may be affected by geography socioeconomic status ethnicity biology behavior and others State of the art strategies are outlined to alter these problems at the individual community and
