Political Economy Of Global Restructuring:

The Political Economy of Global Restructuring Ingrid Hahne Rima,1993 **The Political Economy of Global Restructuring and Its Impact on the Third World** Michael B. Dunn,Defense Academic Research Support Program (U.S.),Defense Intelligence College (U.S.). Defense Intelligence Analysis Center,1990 *The Political Economy of Global Restructuring: Economic organization and production* Ingrid Hahne Rima,1993 This volume the first of a two volume set argues that the transition towards privatization and market driven economies in Central and Eastern Europe is the most useful opportunity for rethinking and reshaping economic science since Keynes General Theory *The Political Economy of Global Restructuring: Trade and finance* Ingrid Hahne Rima,1993 Comprises 27 essays on changes in world economic and trade structures from 1961 to 1991 with particular emphasis on 1989 and 1990 **The Political Economy of Global Remittances** Rahel Kunz,2011-06-09 Over the last decade a new phenomenon has emerged within the international community the Global Remittances Trend GRT Thereby government institutions international financial organisations NGOs and private sector actors have become interested in migration and remittances and their potential for poverty reduction and development and have started to devise institutions and policies to harness this potential This book employs a gender sensitive governmentality analysis to trace the emergence of the GRT to map its conceptual and institutional elements and to examine its broader implications Through an analysis of the GRT at the international level combined with an in depth case study on Mexico this book demonstrates that the GRT is instrumental in spreading and deepening specific forms of gendered neoliberal governmentality This innovative book will be of interest to students and scholars of political science international relations sociology development studies economics gender studies and Latin American studies *Restructuring Hegemony in the Global Political Economy* Henk W Overbeek,1993-05-06 Since the late 1970s the spread of Neo liberalism and the failure of socialist economies and systems in Eastern Europe have resulted in a practically unchallenged hegemony of international capital across the globe Neo liberalism is now the dominant ideology legitimizing the privatisation of state controlled economies and the substitution of the Gender and Global Restructuring Marianne H Marchand,Anne Sisson Runyan,2010 **A Critical Rewriting of Global Political Economy** V. Spike Peterson,2004-03-01 Moving beyond a narrow definition of economics this pioneering book advances our knowledge of global political economy and how we might critically respond to it V Spike Peterson clearly shows how two key features of the global economy increasingly determine everyday lives worldwide The first is explosive growth in financial markets that shape business decision making and public policy making and the second is dramatic growth in informal and flexible work arrangements that shape income generation and family wellbeing These developments though widely recognized are rarely analyzed as inextricable and interacting dimensions of globalization Using a new theoretical model Peterson demonstrates the interdependence of reproductive productive and virtual economies and analyzes inequalities of race gender class and nation as structural features of

neoliberal globalization Presenting a methodologically plural cross disciplinary and well documented account of globalization the author integrates marginalized and disparate features of globalization to provide an accessible narrative from a postcolonial feminist vantage point

Globalisation contested Louise Amoore,2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license This exciting book provides an illuminating account of contemporary globalisation that is grounded in actual transformations in the areas of production and the workplace It reveals the social and political contests that give global its meaning by examining the contested nature of globalisation as it is expressed in the restructuring of work Rejecting conventional explanations of globalisation as a process that automatically leads to transformations in working lives or as a project that is strategically designed to bring about lean and flexible forms of production this book advances an understanding of the social practices that constitute global change Through case studies that span from the labour flexibility debates in Britain and Germany to the strategies and tactics of corporations and workers the author examines how globalisation is interpreted and experienced in everyday life Contestation she argues is about more than just direct protests and resistances It has become a central feature of the practices that enable or confound global restructuring This book offers students and scholars of international political economy sociology and industrial relations an innovative framework for the analysis of globalisation and the restructuring of work

Global Restructuring, State, Capital & Labour Andreas Bieler,Werner Bonefeld,Peter Burnham,Adam David Morton,2006-07-25 Provides a critical engagement between contending historical materialist approaches that have played a crucial role in shaping post positivist International Relations theory It draws out the differences of how class struggle is understood as well as the common concern for understanding the historical specificity of capitalism and process of state formation through a focus on the social relations of production and labour

Global Political Economy Ronen Palan,2013-05-07 Global Political Economy GPE is a broad and varied field of study and draws insight from a great number of fields and approaches One of the serious problems confronting academics and students is the sheer mass of theories and debates in the field This textbook provides up to date summaries of the debates and approaches that are currently at the forefront of both European and American GPE This new revised and expanded second edition contains updated versions of most of the original chapters In addition there is a new section entitled Emerging issues in contemporary Global Political Economy GPE and six new chapters The second edition is structured around three themes Part I focuses on the six central concepts of GPE state firm power labour finance and globalization Each one of them has been increasingly subjected to a rigorous and critical evaluation in recent scholarship Part II covers a select number of theories and debates currently at the forefront of GPE game theory behavioural economics neo sociological and evolutionary institutionalism neo Marxism development and post development libidinal economies and economic constructivism Part III which is new to this edition is entitled Emerging issues in contemporary Global Political Economy GPE and focuses on war state and International Political Economy IPE race gender

and culture environmental politics and the rise of China This is essential reading for all serious scholars and advanced students of IPE

The Arab Spring in the Global Political Economy L. Talani,2014-07-29 Although it is still early for an established academic account of the motivations behind the dramatic events in the Arab world in 2010 11 Leila Simona Talani believes that it is about time to try and place this issue into the broader picture of the latest changes in the global political economy

The Political Economy of Global Capitalism and Crisis Bill Dunn,2014-03-21 The book provides a theoretically and historically informed analysis of the global economic crisis It makes original contributions to theories of value of crisis and of the state and uses these to develop a rich empirical study of the changing character of capitalism in the twentieth century and beyond It defends uses and develops Marxist theory while arguing particularly against jumping too quickly from abstract concepts to a concrete understanding of the crisis Instead it uses what Marx described in his notebooks as an obvious analytical ordering to progress from a general analysis of economy and society to a discussion of recent economic transformations and the specifics of the crisis and its aftermath Dunn argues that appropriately reconceived a critical Marxism can incorporate and enrich rather than rejecting insights from other traditions He disputes general characterisations of capitalism to the crisis and theories which see finance and the contemporary financial crises as largely detached from other aspects of the economy and society Providing a thoroughly socialised and historically based account this book will be vital reading for students and scholars of political economy international political economy Marxism sociology geography and development studies

Global Restructuring, State, Capital and Labour A. Bieler,W. Bonefeld,P. Burnham,A. Morton,2006-04-26 This book provides a critical engagement between contending historical materialist approaches that have played a crucial role in shaping post positivist International Relations theory It analyzes globalization as a process of state formation and argues that its fate depends on the neo liberal recomposition of labour relations

The Global Political Economy of Trade Protectionism and Liberalization Tony Heron,2012 Examines the social political and economic impacts of trade paying attention to the textiles and clothing sector with respect to developing countries This book is suitable for those studying and researching international and comparative political economy developing area studies economics law and geography

Gramsci, Political Economy, and International Relations Theory A. Ayers,2008-11-10 This book seeks to provide the most comprehensive and sustained engagement and critique of neo Gramscian analyses available in the literature In examining neo Gramscian analyses in IR IPE the book engages with two fundamental concerns in international relations i The question of historicity and ii The analysis of radical transformation

International Political Economy and Poststructural Politics Marieke De Goede,2006-03-14 This edited volume brings together leading scholars to debate the promises of poststructural politics within the study of the International Political Economy IPE The volume offers a sustained theoretical dialogue on the meaning of discourse identity and representation for practices of political economy

Reconstructing the Global Political Economy Andersson, Erik,2020-05-20 In an era of post

globalisation the global political economy needs restructuring This future orientated textbook examines the challenges facing the world economy as a result of climate change social and economic inequality and provides future oriented solutions Andersson clearly presents and explains key concepts from Global Political Economy GPE to show how these can be used to design and analyse potential reconstructions of the global political economy offering the analytical tools and inroads to this reconstruction With a comprehensive exploration of the different ideological pathways that change might take through intersecting dimensions of gender race and class the author expertly guides the reader through thematic chapters such as The political economy of everyday life Regulation of global trade Post development Global value chain production Financial markets This textbook will help students and non specialist readers to see that global economic change is possible and show how core concepts from GPE can enable clear thinking about a global future that is environmentally socially and economically sustainable **Rethinking Global Political Economy** Kurt Burch,Robert A. Denemark,Kenneth P.

Thomas,Mary Ann Tétreault,2004-02-24 This new volume presents innovative approaches to the fundamental issues of the global political economy in particular post Cold War development analyses of capital and negative aspects of globalization

Global Political Economy Bill Dunn,2008-11-20 This is an ambitious survey of the history and state of the world economy covering the major upheavals of the capitalist system over the last 100 years Bill Dunn provides an original and enlightening explanation of the state of the world economy He covers all the main aspects of global political economy explaining the theories behind production trade finance and relations between rich and poor countries He also tackles the question of the origin of capitalism a debate that always proves popular among students and academics Dunn also includes a critique of alternative perspectives showing that Marxism still provides the best analytical tools for understanding the global economy This comprehensive text is a must for students of politics and economics who are keen to understand how the economy reached its current stage and what the future is likely to bring
