Political Economy Of International Labour Migration

Hassan Nawaz Gardezi

Political Economy Of International Labour Migration:

The Political Economy of International Labour Migration Hassan Nawaz Gardezi, 1995 Taking a wide ranging view of international labour migration Gardezi gives us deeper insight into the transfers of labour by analyzing the political economy of the countries where labour groups originate He focuses on the conditions under which labour power is reproduced and used The case study further reveals that the myth of migrants returning home with savings knowledge and a longing for material success is more wishful thinking While former studies on labour migration concentrate on its effect on GNP and foreign exchange earnings Gardezi refocusses attention on the migrant workers themselves their hopes and aspirations community life and the working conditions both at home and abroad *The Political Economy of International Labour Migration* Hassan Nawaz Gardezi, 1995 Governing International Labour Migration Christina Gabriel, Hélène Pellerin, 2008 This book offers a critical examination of the way in which the nature and governance of international labour migration is changing within a globalizing environment It examines how labour mobility and the governance of labour migration are changing by exploring the links between political economy and differentiated forms of labour migration Additionally it considers the effects of new social models of inclusion and exclusion on labour migration Therefore the book troubles the conventional dichotomies and categorizations permanent vs temporary skilled vs unskilled legal vs illegal that have informed migration studies and regulatory frameworks Theoretically this volume contributes to an ongoing project of reframing the study of migration within politics and international relations Bringing together an interdisciplinary group of scholars drawing on examples from the European Union North America and Asia *Governing International Labour Migration* will be of interest to students and scholars of migration studies IPE international relations and economics *The Political Economy of International Labour Migration* Hassan Nawaz Gardezi, 1995 Taking a wide ranging view of international labour migration Gardezi gives us deeper insight into the transfers of labour by analyzing the political economy of the countries where labour groups originate He focuses on the conditions under which labour power is reproduced and used The case study further reveals that the myth of migrants returning home with savings knowledge and a longing for material success is more wishful thinking While former studies on labour migration concentrate on its effect on GNP and foreign exchange earnings Gardezi refocusses attention on the migrant workers themselves their hopes and aspirations community life and the working conditions both at home and abroad The International Political Economy of Migration in the Globalization Era Leila Simona Talani, 2021-09-28 This book concerns with the analysis of the impact of globalization on international migration from a distinct international political economy perspective It confronts theoretical debates from the different international political economy IPE approaches and elaborates on the implications of different theories in policymaking and political realms Here migration is examined as an integral part of the global political economy that is structurally connected to the process of globalization although the definition of globalization itself is a subject of enquiry **Governing International Labour**

Migration Christina Gabriel, Hélène Pellerin, 2012-08-21 This book offers a critical examination of the way in which the nature and governance of international labour migration is changing within a globalizing environment. It examines how labour mobility and the governance of labour migration are changing by exploring the links between political economy and differentiated forms of labour migration. Additionally, it considers the effects of new social models of inclusion and exclusion on labour migration. Therefore, the book troubles the conventional dichotomies and categorizations: permanent vs temporary, skilled vs unskilled, legal vs illegal, that have informed migration studies and regulatory frameworks. Theoretically, this volume contributes to an ongoing project of reframing the study of migration within politics and international relations. Bringing together an interdisciplinary group of scholars drawing on examples from the European Union, North America, and Asia, *Governing International Labour Migration* will be of interest to students and scholars of migration studies, IPE, international relations, and economics.

The Political Economy of Global Remittances Rahel Kunz, 2011-06-09 Over the last decade, a new phenomenon has emerged within the international community: the Global Remittances Trend (GRT). Thereby, government institutions, international financial organisations, NGOs, and private sector actors have become interested in migration and remittances and their potential for poverty reduction and development, and have started to devise institutions and policies to harness this potential. This book employs a gender-sensitive governmentality analysis to trace the emergence of the GRT, to map its conceptual and institutional elements, and to examine its broader implications. Through an analysis of the GRT at the international level combined with an in-depth case study on Mexico, this book demonstrates that the GRT is instrumental in spreading and deepening specific forms of gendered neoliberal governmentality. This innovative book will be of interest to students and scholars of political science, international relations, sociology, development studies, economics, gender studies, and Latin American studies.

Political Economy and International Economics Jagdish N. Bhagwati, 1996 *Political Economy and International Economics* is the fifth volume of collected essays by the noted economist Jagdish Bhagwati.

The Political Economy of International Law Alberta Fabbricotti, 2016-06-24 Set in the context of growing interdisciplinarity in legal research, *The Political Economy of International Law: A European Perspective* provides a much-needed systematic and coherent review of the interactions between Political Economy and International Law. The book reflects the need felt by international lawyers to open their traditional frontiers to insights from other disciplines and political economy, in particular. The methodological approach of the book is to take the traditional list of topics for a general treatise of international law and to systematically incorporate insights from political economy to each.

The Oxford Handbook of International Political Economy, 2025-01-17 The field of International Political Economy (IPE) has rapidly developed into a central pillar in the study of International Relations, and its interdisciplinary roots make it a rich and productive area of scholarly interest. This Oxford Handbook analyses and evaluates the state of the art in IPE research. Bringing together leading experts from a wide geographical and theoretical spectrum, the Handbook provides accessible and comprehensive surveys on topics central to the

study of International Political Economy As IPE scholarship evolves to explore global events such as financial crises and trade wars examining how politics is both a cause and a consequence of economics it highlights the practical and problem driven nature of the field The Handbook considers the purported European North American divide and the impact of the surrounding debate on the approach taken to the field The chapters review the scholarly literature outline future research opportunities and consider the ways in which world events have contributed to new research in the field The Handbook covers both the theoretical and methodological foundations of the field as well as substantive topics within it including regulation foreign aid migration NGOs capital political military relations and many others The Oxford Handbooks of International Relations is a twelve volume set of reference books offering authoritative and innovative engagements with the principal sub fields of International Relations The series as a whole is under the General Editorship of Christian Reus Smit of the University of Melbourne and Duncan Snidal of the University of Oxford with each volume edited by specialists in the field The series both surveys the broad terrain of International Relations scholarship and reshapes it pushing each sub field in challenging new directions Following the example of Reus Smit and Snidal s original Oxford Handbook of International Relations each volume is organized around a strong central thematic by scholars drawn from different perspectives reading its sub field in an entirely new way and pushing scholarship in challenging new directions

Handbook on the International Political Economy of Gender Juanita Elias, Adrienne Roberts, 2018-02-23 This Handbook brings together leading interdisciplinary scholarship on the gendered nature of the international political economy Spanning a wide range of theoretical traditions and empirical foci it explores the multifaceted ways in which gender relations constitute and are shaped by global politico economic processes It further interrogates the gendered ideologies and discourses that underpin everyday practices from the local to the global The chapters in this collection identify analyse critique and challenge gender based inequalities whilst also highlighting the intersectional nature of gendered oppressions in the contemporary world order

Handbook of the International Political Economy of Migration Leila Simona Talani, Simon McMahon, 2015-08-28 This Handbook discusses theoretical approaches to migration studies in general as well as confronting various issues in international migration from a distinctive and unique international political economy perspective With a focus on the relation bet

The Impact of International Labor Migration on Regional Development Volker Hamann, 2007

The Political Economy of Globalization Satya Dev Gupta, 2012-12-06 Globalization is transforming the world at an accelerated pace Integration of the world continues widening and intensifying international linkages in economic political and social relations Liberalization of trade and finance lubricated by revolutionary changes in information technology has resulted in significant economic growth at the global level On the other hand the process of globalization is changing the nature of production relations threatening the traditional roles of the nation state and carrying with it far reaching implications for sustainable growth development and the environment Although both developed and developing countries are actively

participating in this saga of globalization nearly ninety countries as the United Nations Human Development Report 1996 indicates are worse off economically than they were ten years ago leading to global polarization between haves and have nots. The report further indicates that the gap between the per capita incomes of the industrialized world and the developing countries far from narrowing has more than tripled during the last thirty years. Further, a majority of the countries benefitting from this globalization drive have seen a rise in inequality and poverty. This failure of market driven globalization to reward the benefits equitably led the United Nations to proclaim 1996 as the International Year for the Eradication of Poverty (IYEP) and the decade of 1997-2006 as the international decade for the eradication of poverty and to promote people centered sustainable development.

Re-thinking the Political Economy of Immigration Control Lea Sitkin, 2019-10-08. This book offers a systematic exploration of the changing politics around immigration and the impact of resultant policy regimes on immigrant communities. It does so across a uniquely wide range of policy areas: immigration admissions, citizenship, internal immigration controls, labour market regulation, the welfare state, and the criminal justice system. Challenging the current state of theoretical literature on the criminalisation or marginalisation of immigrants, this book examines the ways in which immigrants are treated differently in different national contexts as well as the institutional factors driving this variation. To this end, it offers data on overall trends across 20 high income countries as well as more detailed case studies on the UK, Australia, the USA, Germany, Italy, and Sweden. At the same time, it charts an emerging common regime of exploitation which threatens the depiction of some countries as more inclusionary than others. The politicisation of immigration has intensified the challenge for policy makers who today must respond to populist calls for restrictive immigration policy whilst simultaneously heeding business groups' calls for cheap labour and respecting legal obligations that require more liberal and welcoming policy regimes. The resultant policy regimes often have counterproductive effects in many cases, marginalising immigrant communities and contributing to the growth of underground and criminal economies. Finally, developments on the horizon driven by technological progress threaten to intensify distributional challenges. While these will make the politics around immigration even more fraught in coming decades, the real issue is not immigration but the loss of good jobs which will have serious implications across all Western countries. This book will appeal to scholars and students of criminology, social policy, political economy, political sociology, the sociology of immigration, and race and migration studies.

The Political Economy of Work in the Global South Anita Hammer, Adam Fishwick, 2020-03-28. Part of the Critical Perspectives on Work and Employment series, this edited collection brings together contributions from leading international scholars to initiate an important dialogue between labour process analysis and scholarship on work in the Global South. This book characterises the forms of work and labour process that characterise globalising capitalism today and addresses core analytical concerns within Labour Process Theory and research on work in the South. It explores how a wide range of production relations in the Global South, ranging from formal to informal employment and self employment, are embedded in

wider social relations of gender caste religion and ethnicity and are related to wider patterns of commodification and resistance Drawing on cutting edge research the book s chapters consider a diverse range of working situations covering migrant workers in the Middle East commercial surrogacy work in India and cooperative garment workers in Argentina In offering a novel reading of the political economy of work in the Global South and shedding light on lesser considered fields of work and worker organization this volume will provide new insights for making sense of the changing world of work for students scholars labour activists and practitioners alike

International Political Economy in the 21st Century Roy Smith,Imad El-Anis,Christopher Farrands,2025-06-26 Understanding the theories that underpin international political economy IPE and their practical applications is crucial to the study of international relations politics development and economics International Political Economy in the 21st Century offers students an engaging and coherent foundation to the subject It considers traditional and alternative approaches to IPE and in doing so elucidates key concepts assumptions and the intellectual and historical context in which they arose and developed At all times it makes clear their relevance to issues from trade finance and government to environment technology health labour security migration development and culture The book encourages independent reflection and critical thinking through a range of in text guiding features In addition each chapter presents theoretical analysis alongside contemporary issues helping the reader to relate to the real world of IPE and to better understand how theory helps inform interpretation of it This third edition has been comprehensively updated to include Key coverage of the build up to and the post COP26 era causes and consequences of recent energy crises and governmental and non governmental responses to these crises cryptocurrencies within finance and the role of big data companies Fully updated data reflective questions recommended readings concept and example boxes and illustrations A new chapter on climate change and a new chapter on energy and energy security Online material This comprehensive and accessible introductory textbook will be key reading for undergraduate students of international political economy

Political economy of international labor migration Gilberto Cardenas,Estevan T. Flores,1977* **Towards a Gendered Political Economy** J. Cook,J. Roberts,G. Waylen,2000-04-17 This collection sets out how a gendered approach to political economy can help us understand the inherently gendered structures that characterise our society and provide the foundation for a truly interdisciplinary social science It provides a comprehensive coverage of gendered political economy what it is where it is and perhaps more importantly how it should develop The twelve chapters that make up this volume combine the development of a theoretical framework with empirical examples which illustrate the core concerns of gendered political economy

The Political Economy of the Middle East, 1973-78 United States. Congress. Joint Economic Committee,1980

might not be the Political Economy Of International Labour Migration full book , it can give you a taste of the authors writing style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Political Economy Of International Labour Migration eBooks, including some popular titles.

FAQs About Political Economy Of International Labour Migration Books

What is a Political Economy Of International Labour Migration PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Political Economy Of International Labour Migration PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Political Economy Of International Labour Migration PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Political Economy Of International Labour Migration PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Political Economy Of International Labour Migration PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and

local laws.
