HEGEMONY AND
ECONOMIC LIBERALISM

ANTHONY TUO-KOFI GADZEY

GENERAL EDITOR: TIMOTHY M. SHAW

Political Economy Of Power Hegemony And Economic Liberalism

Brian Burkitt, Frances Hutchinson

Political Economy Of Power Hegemony And Economic Liberalism:

The Political Economy of Power Anthony Tuo-Kofi Gadzey,1996 This book goes beyond the theoretical debate over the status of US hegemony to offer an empirical test of the hegemonic stability proposition linking US hegemonic leadership to the supply of postwar economic liberalism as a public good By downplaying the benevolence and unilateralism of the US role in constructing postwar liberalism the book is able to emphasize the reality of interstate politics in creating postwar liberalism as involving important contributions by the weaker states

International Bibliography of Economics 1994

British Library of Political and Economic Science at the London School of Economics,1995 The IBSS is the essential tool for librarians university departments research institutions and any public or private institutions whose work requires access to up to date and comprehensive knowledge of the social sciences

Introduction to International Relations Robert H.

Jackson,Georg Sørensen,2007 This edition provides a systematic introduction to the principle theories in international relations It focuses on the main theoretical traditions realism liberalism international society and theories of international political economy It also includes two chapters on social constructivism and foreign policy

Financial Crisis Management and the Pursuit of Power Asst Prof Mine Aysen Doyran,2013-03-28 How does America manage crisis on behalf of international finance in the absence of a global state Doyran explores the relationship between state power and global finance and in particular examines the various attempts by the US state at financial crisis management The case studies highlight the dramatic consequences of the rise of financial capitalism in the US economy and also explore regulatory sources of market failures systemic risk and moral hazard This book focuses on this primary issue facing scholars of American power in various social science disciplines including political science finance and international relations professional financial analysts and Government officials This book is for the critical reader who is interested in financial policy and wants to learn more about the causes and consequences of the rise of financial markets

The Aftermath of 'Real Existing Socialism' in Eastern Europe Anne Lorentzen,Marianne Rostgaard,2016-07-27 This selection of studies discusses potentials and barriers to social and industrial change in Central and Eastern Europe It is argued that levers of change in today s international setting primarily must be found within the countries themselves The main themes addressed in the book are firstly the formation of new social classes and institutions regulating social and economic life Secondly the reshaping of intra firm as well as inter firm relations and thirdly links between firms and public authorities including R D institutions

Whither Ukraine? Scott A. Jones,2018-05-08 This title was first published in 2002 Examining the development of and rationale behind the Ukrainian export control system this text uses an original theoretically informed case study methodology to explain how and why Ukraine has continued to emphasize the importance of not only maintaining but augmenting its export control system Furthermore it assesses the utility of four international relations approaches in explaining non proliferation export control development This ground breaking study on Ukrainian politics and economics is ideally suited to

audiences of European Ukrainian and US policy makers academics and specialists in security and political economy A
Political Economy of Power Raphaël Fèvre,2021 This book highlights the crucial albeit overlooked role of economic and political power in the making of ordoliberal thought Rapha l F vre explores the roots of contemporary political and economic debates on European governance Economy-Environment-Development-Knowledge Ken Cole,2002-01-04 As we approach the end of the second millennium we find ourselves in times of radical social change Orthodox explanations of the economy the environment and the development process are unable to provide coherent policies for such issues as employment creation environmental degradation and social progress Economy Environment Development Knowledge provides alternative perspectives on these fundamental aspects of human existence Economists environmentalists and development theorists have so far been unable to agree on the most successful prescriptions to address problems To understand contrast and compare alternative understandings of economic environmental and development issues we need to be aware why theorists conceptualise the process of social experience so differently Part 1 of Economy Environment Development Knowledge addresses the subjective preference cost of production and abstract labour theories of values in economics Part 2 explains egocentrism ecocentrism and socioecocentrism as competing theoretical perspectives in environmental theory Part 3 highlights modernisation theory structuralist theory and class struggle as ways to account for the process of development and Part 4 examines the generation of knowledge through positivism paradigms and praxis legitimating competing perspectives in economics environmentalist and development The book concludes by considering why different people find alternative explanations more or less plausible By addressing the disagreements between theorists Economy Environment Development Knowledge provides a unique basis to contrast and compare the plethora of theories of and policies for economic prosperity environmental sustainability and social progress Arms on the Market Suzette Grillot R,Suzette R. Grillot,1998-07-17 Almost overnight the massive military industrial assets of the Soviet Union came under the jurisdiction of fifteen states instead of one established government While only four states inherited weapons of mass destruction most of the fifteen states of the former Soviet Union can produce sensitive materials and equipment Because all the states se **Money and Security** Hubert Zimmermann,2002-04-22 This study links the transatlantic security system and the international monetary system during the Cold War era Hegemonic Globalisation Thanh Duong,2017-11-22 This title was first published in 2002 This innovative work analyses how the United States has laid down the foundations for global power It reassesses and re evaluates the declinist renewal argument and challenges conventional balance of power theories demonstrating how the United States is attempting to hegemonically globalise the entire international system To evaluate the success of hegemonic globalisation the book analyses four major powers and regions Russia the People s Republic of China PRC the European Union EU and Japan and their historical political economic cultural and geopolitical relations with the United States Each study examines the tangible and intangible sources of their relationship and the possible tensions and

resistance towards United States hegemony therein Providing much needed insight and a fresh perspective this book makes a worthwhile contribution to our understanding of contemporary international power International Political Economy Benjamin J. Cohen, 2017-03-02 Prior to the 1970s few serious efforts were made to bridge the gap between economics and political science in the study of international relations Systematic scholarly analysis of International Political Economy IPE emphasizing formal integration of elements of orthodox market and political analysis is really of very recent origin This volume brings together some of the most important research papers published in the modern field of IPE since its birth less than four decades ago emphasizing work that has significantly advanced theoretical and analytical understandings Coverage includes grand questions of systemic transformation and system governance as well as more narrowly focused explorations of the two most central issue areas of the world economy trade and money and finance The introductory essay locates this selection of articles in the context of the field's broad evolution and development to date **Political Economy, Power and the Body** G. Youngs, 1999-10-28 Political Economy Power and the Body is carefully organized to provide an introductory section of three chapters which set out a number of detailed theoretical arguments relevant to the work developed in the next two sections In this sense the collection should be a major contribution in laying the groundwork in the new area The strength of the volume lies in the way the individual chapters bring theory and practice together It could be argued that it represents the maturity of feminist work in international political economy now The book will be a vital teaching as well as research text especially in international relations international political economy women's studies generally **Journal of Economic Literature**, 1995 **Introduction to International Relations** Robert Jackson, Georg Sørensen, 2012-12-13 This new edition has been updated in light of current events and ongoing debates and includes a new chapter on feminism post structuralism and post colonialism It provides a highly readable introduction to the principal theories in international relations combining original analysis with a range of learning features *The Theoretical Evolution of International Political Economy* George T. Crane, Abba Amawi, 1997 This collection of classic and contemporary readings charts the historical and theoretical evolution of the field This is a valuable resource for students and teachers of international relations and international economics **Global Political Economy, Geopolitics and International Security** Omprakash Mishra, Souradeep Sen, 2024-06-11 The volume delves into the intricate web of contemporary permacrisis rooted in the strategic imperatives of nation states Through a historical lens it navigates the evolving landscape of international politics tracing the transition of power dynamics from purely military to a fusion of economic and military prowess The contributions in the volume argue that this shift has redefined the traditional balance of power with economic instruments emerging as potent tools for geopolitical manoeuvring Examining the interplay of geopolitical geoeconomic and security imperatives it scrutinises the complex relationships that often perpetuate crises instead of global stability It sheds light on the unprecedented hybridity of modern warfare where military and economic dimensions intertwine exemplified by the ongoing

tensions between the liberal international order on the one hand and Russia and China on the other Recognising this complexity the volume raises concerns about the uneven capacity of states to navigate these imperatives Beneficial for specialists in International Relations and Strategic Studies policymakers security experts scholars and postgraduate students this comprehensive volume offers insights into the intricate dynamics of geopolitics political economy and security issues of our time

Regionalism in the New Asia-Pacific Order Joseph A. Camilleri, 2003-01-01 Regionalism in the Asia Pacific is a complex and rapidly evolving phenomenon This volume explores the relationship between globalization and regionalization between states markets and civil society and between US hegemony and Asian aspirations

The Global Resistance Reader Louise Amoore, 2005 The Global Resistance Reader provides the first comprehensive collection of work on the phenomenal rise of transnational social movements and resistance politics from the visible struggles against the financial economic and political authority of large international organizations such as the World Trade Organization World Bank and International Monetary Fund to the much less visible acts of resistance in everyday life The conceptual debates substantive themes and case studies have been selected to open up the idea of global resistance to interrogation and discussion by students and to provide a one stop orientation for researchers journalists policymakers and activists

The Political Economy of Social Credit and Guild Socialism Brian Burkitt, Frances Hutchinson, 2006-04-14 This work approaches the phenomenon of guild socialism from a new perspective focusing on the Douglas Social Credit movement It explores the key ideas gives an overview of the main theories and traces their subsequent history Thoroughly researched it provides original material relevant to the field of political economy This early approach to non equilibrium economics reveals the extent of the incompatibility between capitalist growth economics and social and environmental sustainability
