James Larry Taulbee

Political Mercenaries Citizen Soldiers:

Zones of Amity, Zones of Enmity James Sperling, Yogendra Malik, David Louscher, 2021-11-15 This volume addresses the problem of military and economic cooperation in the Asia Pacific particularly the impact of the end of the Cold War on the evolution of its four regional subsystems Australasia Southern Asia Southeast Asia and Northeast Asia the level of institutionalization in its economic and military dimensions and the tendency towards regional amity or regional enmity It investigates the regional institutions of military and economic security organizing the interstate relations of the Asia Pacific assesses the military and economic ambitions of China Japan and the United States and suggests that the clash of civilizations thesis is of limited use in understanding the dynamics of interstate relations in this centrally important area of the world Contributors are Shigekio N Fukai Haruhiro Fukui Norman A Graham Steven A Hoffmann Jim Rolfe Sheldon Simon James Sperling and Robert M Uriu

A Companion to the Classical Greek World Konrad H. Kinzl, 2010-01-11 This Companion provides scholarly yet accessible new interpretations of Greek history of the Classical period from the aftermath of the Persian Wars in 478 B C to the death of Alexander the Great in 323 B C Topics covered range from the political and institutional structures of Greek society to literature art economics society warfare geography and the environment Discusses the problems of interpreting the various sources for the period Guides the reader towards a broadly based understanding of the history of the Classical Age

Citizens, Soldiers and National Armies Thomas Hippler, 2007-08-07 The first systematic and comparative study of growth of military conscription in Europe An innovative fusion of primary empirical research and postmodern philosophy It will appeal to students of modern European history political science military history and intellectual history in general

The Minuteman is a Missile, Not a Soldier James M. Skelly, 1984

Military Ethics Igor Primoratz, 2017-05-15 Recent developments such as the new wars or the growing privatisation of warfare and the ever more sophisticated military technology present the military with difficult ethical challenges This book offers a selection of the best scholarly articles on military ethics published in recent decades It gives a hearing to all the main ethical approaches to war just war theory consequentialism and pacifism Part I includes essays on justice of war jus ad bellum focussing on defence against aggression and humanitarian armed intervention but also addressing topics such as conscientious objection and the relation of patriotism to war Articles in Part II deal with the central problems of justice in war jus in bello civilian immunity and collateral damage to civilian life and property Essays in Part III look into the moral issues facing the military as a profession such as the civil military relations the responsibilities of officers to their soldiers and to their military superiors and the status and responsibilities of prisoners of war

The Saffron Wave Thomas Blom Hansen, 1999-04-12 The text goes on to argue that the Hindu nationalist movement has successfully articulated the anxieties and desires of the large and amorphous Indian middle class Consequently the movement has attracted privileged groups fearing encroachment on their dominant positions but also plebian and impoverished groups seeking recognition around a

majoritarian rhetoric of cultural pride order and national strength **Armies of Arabia** Zoltan Barany, 2021-09-17 *Armies of Arabia* is the first comprehensive analysis of the Gulf monarchies armed forces including their political social and economic characteristics foreign relations and battleground performance The Arabian Peninsula is among the most strategically and economically important areas in the world but its militaries remain terra incognita In *Armies of Arabia* the first book to comprehensively analyze the Gulf monarchies armed forces Zoltan Barany explains their notorious ineffectiveness with a combination of political structural and sociocultural factors Drawing on over 150 interviews and meticulous multidisciplinary research Barany paints a fascinating portrait of Arabia's armies from Ibn Saud's Ikhwan to the present He explores the methods ruling families employ to ensure their armies loyalty examines the backgrounds and career trajectories of soldiers and officers and explains the monarchies reliance on mercenaries and the enduring importance of tribal networks Even though no other world region spends more on security Arabia's armies remain ineffective because of an absence of meritocracy the domination of personal connections over institutional norms insipid leadership a casual work ethic and training that lacks intensity frequency and up to date scenarios Massive weapons acquisitions are primarily pay offs to the US for protecting them and have resulted in bloated and inappropriate arsenals and large scale corruption Barany explains why the Gulf Cooperation Council has been a squandered opportunity and examines the kingdoms military relationships with the Arab world and beyond The performance of the Saudi led coalition's disastrous war in Yemen starkly illustrates the Gulf armies humiliating combat record The book concludes with thoughts on waste of human potential resources institutions as a dominant theme of Gulf military affairs considers likely changes in response to long term weakening demand for oil and suggests ways in which the armies effectiveness could be raised Chock full of insights and stories from the field and written with a general audience in mind *Armies of Arabia* will be essential reading for anyone interested in military affairs and Middle Eastern politics society and international relations **The Ethics of Military Privatization** David M.

Barnes, 2016-08-25 This book explores the ethical implications of using armed contractors taking a consequentialist approach to this multidisciplinary debate While privatization is not a new concept for the US military the public debate on military privatization is limited to legal financial and pragmatic concerns A critical assessment of the ethical dimensions of military privatization in general is missing More specifically in light of the increased reliance upon armed contractors it must be asked whether it is morally permissible for governments to employ them at all To this end this book explores four areas that highlight the ethical implications of using armed contractors how armed contractors are distinct from soldiers and mercenaries the commodification of force the belligerent equality of combatants and the impact of armed contractors on the professional military While some take an absolutist position wanting to bar the use of private military altogether this book reveals how these absolutist arguments are problematic and highlights that there are circumstances where turning to private force may be the only option Recognising that outsourcing force will continue this book thus proposes some changes to

account for the problems of commodification belligerent equality and the challenge to the military profession This book will be of interest to students of private security military studies ethics security studies and IR in general **International Law and Armed Conflict** Association for Legal and Social Philosophy (Great Britain). Conference, Anthony Bradney, 1992 United Kingdom Association for Social and Legal Philosophy sixteenth Annual Conference at Leicester 5 7 April 1990 T p The Warrior State E. Dolman, 2015-12-11 Putting into question the conventional view that the military is detrimental to democratic development Dolman provides a multifaceted examination of the institutional incentives of the military and its relations with civilian authorities Drawing on classical political theory a wide range of historical examples and statistical findings The Warrior State argues that the military can facilitate democracy as the result of specific norms and conditions that focus on individual action Ironically this may be best inculcated through a focus on the offensive precisely the military doctrine commonly seen as most likely to result in international conflict The paradox of offensive strategies possibly increasing international conflict while also enhancing democracy which is supposed to decrease such conflict from a core of this provocative book The Cambridge History of Greek and Roman Warfare Philip Sabin, Hans van Wees, Michael Whitby, 2007-12-06 First volume of a systematic and up to date account of warfare from Archaic Greece to Republican Rome On Tactics Brett Friedman, 2017-05-15 Originally setting out to write the very book that he would have wanted to own as a young infantryman the author penned On Tactics as a remedy for navigating the chaotic and inchoate realm of tactical theory Challenging centuries old conventional wisdom regarding the principles of war tactics and the roles of strategy doctrine experiential learning and military history Friedman s work offers a striking synthesis of thinking on tactics as well as strategy Part One of the book establishes a tactical system meant to replace the Principles of War checklist First the contextual role of tactics with regards to strategy and war will be established This will necessarily lean on major strategic theories in order to illuminate the role of tactics This section will be formed around the Physical Mental and Moral planes of battlefield interaction used by theorists such as J F C Fuller and John Boyd Each plane will then be examined in turn and many of the classic Principles of War will be discussed along with some new ones It will present some standard methods that tacticians can use to gain an advantage on the battlefield using historical examples that illustrate each concept These tactical tenets include maneuver mass firepower tempo surprise deception confusion shock and the role of the moral aspects of combat Finally Part One will circle back around by discussing the role of tactical victory once achieved in contributed to a strategy Part One is short by design It is intended to be both compelling and easily mastered for junior non commissioned officers and company grade officers while still rich enough to be interesting to both specialist and non specialist academics It is a book meant not just for bookshelves but also for ruck sacks and cargo pockets Part Two builds on Part One by exploring concepts with which the tactician must be familiar with such as the culminating point of victory mission tactics and decentralized command and control offensive and defensive operations and the initiative Part Three will conclude the book

examining implications of the presented tactical systems to a variety of other issues in strategic studies War, Food, and Politics in Early Hellenistic Athens G. J. Oliver, 2007-09-06 A new assessment of the economic history of Athens in the Hellenistic era G J Oliver assesses how political and military change affected the fragile economies of the Athenian polis and highlights the ways in which the citizens of Athens contributed to the defence and finances of their city Private Military and Security Companies (PMSCs) and the Quest for Accountability George Andreopoulos, John Kleinig, 2019-03-18 Private Military and Security Companies PMSCs have constituted a perennial feature of the security landscape Yet it is their involvement in and conduct during the ongoing wars in Iraq and Afghanistan that have transformed the outsourcing of security services into such a pressing public policy and world order issue The PMSCs ubiquitous presence in armed conflict situations as well as in post conflict reconstruction their diverse list of clients governments in the developed and developing world non state armed groups intergovernmental and non governmental organizations and international corporations and in the context of armed conflict situations involvement in instances of gross misconduct have raised serious accountability issues The prominence of PMSCs in conflict zones has generated critical questions concerning the very concept of security and the role of private force a rethinking of essential governmental functions a rearticulation of the distinction between public private and global local in the context of the creation of new forms of security governance and a consideration of the relevance as well as limitations of existing regulatory frameworks that include domestic and international law in particular international human rights law and international humanitarian law This book critically examines the growing role of PMSCs in conflict and post conflict situations as part of a broader trend towards the outsourcing of security functions Particular emphasis is placed on key moral legal and political considerations involved in the privatization of such functions on the impact of outsourcing on security governance and on the main challenges confronting efforts to hold PMSCs accountable through a combination of formal and informal domestic as well as international regulatory mechanisms and processes It will be of interest to scholars policymakers practitioners and advocates for a more transparent and humane security order This book was published as a special issue of Criminal Justice Ethics **The Life of Greece** Will Durant, 2011-06-07 The Story of Civilization Volume II A history of Greek civilization from the beginnings and of civilization in the Near East from the Death of Alexander to the Roman Conquest This is the second volume of the classic Pulitzer Prize winning series The Origins of Democracy in Tribes, City-States and Nation-States Ronald M. Glassman, 2017-06-19 This four part work describes and analyses democracy and despotism in tribes city states and nation states The theoretical framework used in this work combines Weberian Aristotelian evolutionary anthropological and feminist theories in a comparative historical context The dual nature of humans as both an animal and a consciously aware being underpins the analysis presented Part One covers tribes It uses anthropological literature to describe the campfire democracy of the African Bushmen the Pygmies and other band societies Its main focus is on the tribal democracy of the Cheyenne Iroquois Huron and other tribes and it pays special

attention to the role of women in tribal democracies Part Two describes the city states of Mesopotamia Syria and Canaan Phoenicia and includes a section on the theocracy of the Jews This part focuses on the transition from tribal democracy to city state democracy in the ancient Middle East from the Sumerian city states to the Phoenician Part Three focuses on the origins of democracy and covers Greece Mycenaean Dorian and the Golden Age It presents a detailed description of the tribal democracy of Archaic Greece emphasizing the causal effect of the hoplite phalanx military formation in egalitarianizing Greek tribal society Next it analyses the transition from tribal to city state democracy with the new commercial classes engendering the oligarchic and democratic conflicts described by Plato and Aristotle Part Four describes the Norse tribes as they contacted Rome the rise of kingships the renaissance of the city states and the parliamentary monarchies of the emerging nation states It provides details of the rise of commercial city states in Renaissance Italy Hanseatic Germany and the Netherlands **The Oxford Handbook of Gender, War, and the Western World since 1600** Karen

Hagemann, Stefan Dudink, Sonya O. Rose, 2020-10-30 To date the history of military and war has focused predominantly on men as historical agents disregarding gender and its complex interrelationships with war and the military The Oxford Handbook of Gender War and the Western World since 1600 investigates how conceptions of gender have contributed to the shaping of war and the military and were transformed by them Covering the major periods in warfare since the seventeenth century the Handbook focuses on Europe and the long term processes of colonization and empire building in the Americas Asia Africa and Australia Thirty two essays written by leading international scholars explore the cultural representations of war and the military war mobilization and war experiences at home and on the battle front Essays address the gendered aftermath and memories of war as well as gendered war violence Essays also examine movements to regulate and prevent warfare the consequences of participation in the military for citizenship and challenges to ideals of Western military masculinity posed by female gay and lesbian soldiers and colonial soldiers of color The Oxford Handbook of Gender War and the Western World since 1600 offers an authoritative account of the intricate relationships between gender warfare and military culture across time and space *Genocide, Mass Atrocity, and War Crimes in Modern History* James Larry Taulbee, 2017-02-06 Defining genocide as an international crime this two volume set provides a comparative study of historical cases of genocide and mass atrocity clearly identifying the factors that produced the attitudes and behaviors that led to them discusses the reasons for rules in war and examines how the five principles laid out in the Geneva Conventions and other international agreements have functioned in modern warfare Written by an expert on international politics and law *Genocide Mass Atrocity and War Crimes in Modern History* Blood and Conscience is an easy to understand resource that explains why genocides and other atrocities occur why humanity saw the need to create rules that apply during war and how culture rules about war and the nature of war intersect The first volume addresses the history and development of the normative regime s that define genocide and mass atrocity Through a comparative study of historical cases that pay

particular attention to the factors involved in producing the attitudes and behaviors that led to the incidents of mass slaughter and mistreatment the author identifies the reasons that genocides and mass atrocities in the 20th century were largely ignored until the early 1990s and why even starting then responses were inconsistent The second book discusses why rules in war exist which factors may lead to the adoption of rules what defines a war crime and how the five fundamental principles laid out in the Geneva Conventions and other international agreements have actually functioned in modern warfare It also poses and answers the interesting question of why we should obey rules when our opponents do not The final chapter examines what actions could serve to identify future situations in which mass atrocities may occur and identifies the problems of timely humanitarian intervention in international affairs *Meditations on Modern Political Thought* Jean Bethke Elshtain, 2010-11-01 *The Complete Story of Civilization* Will Durant, 2014-01-21 The Complete Story of Civilization by Will Durant represents the most comprehensive attempt in our times to embrace the vast panorama of man's history and culture This eleven volume set includes Volume One Our Oriental Heritage Volume Two The Life of Greece Volume Three Caesar and Christ Volume Four The Age of Faith Volume Five The Renaissance Volume Six The Reformation Volume Seven The Age of Reason Begins Volume Eight The Age of Louis XIV Volume Nine The Age of Voltaire Volume Ten Rousseau and Revolution Volume Eleven The Age of Napoleon

Unveiling the Power of Verbal Artistry: An Mental Sojourn through **Political Mercenaries Citizen Soldiers**

In some sort of inundated with displays and the cacophony of immediate interaction, the profound energy and psychological resonance of verbal beauty usually disappear into obscurity, eclipsed by the constant barrage of noise and distractions. Yet, nestled within the lyrical pages of **Political Mercenaries Citizen Soldiers**, a interesting perform of literary beauty that impulses with raw feelings, lies an unique trip waiting to be embarked upon. Penned by a virtuoso wordsmith, that magical opus courses visitors on an emotional odyssey, lightly revealing the latent possible and profound impact embedded within the delicate internet of language. Within the heart-wrenching expanse of this evocative analysis, we will embark upon an introspective exploration of the book is main themes, dissect its charming writing design, and immerse ourselves in the indelible effect it leaves upon the depths of readers souls.

Political Mercenaries Citizen Soldiers Introduction

In today's digital age, the availability of Political Mercenaries Citizen Soldiers books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Political Mercenaries Citizen Soldiers books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Political Mercenaries Citizen Soldiers books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Political Mercenaries Citizen Soldiers versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Political Mercenaries Citizen Soldiers books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Political Mercenaries Citizen Soldiers books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent

resource for literature enthusiasts. Another popular platform for Political Mercenaries Citizen Soldiers books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Political Mercenaries Citizen Soldiers books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Political Mercenaries Citizen Soldiers books and manuals for download and embark on your journey of knowledge?

FAQs About Political Mercenaries Citizen Soldiers Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience.
