Legal Spaces Sabine Müller-Mall, 2013-04-09 This book is concerned with a central question in contemporary legal theory how to describe global law In addressing this question the book brings together two features that are different and yet connected to one another the conceptual description of contemporary law on the one hand and methods of taking concrete perspectives on law on the other hand The book provides a useful concept for describing global law thinking of law spatially It illustrates that space is a concept with the capacity to capture the relationality dynamics and hybridity of law Moreover this book investigates the role of topological thinking in finding concrete perspectives on law Legal Spaces offers an innovative and interdisciplinary approach to law

Identification Scott Hunsaker, 2023-05-31 Editor Scott L Hunsaker's new volume sheds much needed light on the process of identifying students for gifted education services a topic surrounded by controversy and confusion With contributions from leading experts in the field Identification takes an in depth look at the research and practice of identification of gifted and talented students Each of the four sections tackles an important aspect of the issue Theoretical Foundations Professional Foundations Identification Practice and Instrumentation The text presents multiple points of view and does not shy away from thorny issues such as the theory practice gap underrepresentation of diverse populations identification as status bestowal rather than assessment process rigidity in use of processes and instruments the search for the magic bullet test and the validity of nonverbal intelligence tests Whether you are an administrator teacher gifted education specialist professor or parent Identification will offer you insight presented nowhere else

Educating for Democracy Walter Feinberg, 2023-04-27 In our world of unceasing turmoil an educated citizenry is the first and strongest line of defence for democratic renewal Educating for Democracy shows how students can prepare for the responsibilities of the most important office in a democracy that of a citizen Education can provide students with the dispositions and skills needed to exercise their role judiciously and responsibly as a patriot who cares about democracy and as a custodian who cares for democracy These two aspects of caring call for curriculum wide reform The outcome of this reform is a patriot who serves as custodian of democratic culture where commitment and competence heart and mind love and intellect are brought together for the sake of democratic renewal While nations as both instruments and proximal objects of care have an important role to play in this renewal the ultimate aim is the care and cultivation of a democratic culture

Awakening Warrior Timothy L. Challans, 2010-03-10 2007 CHOICE Outstanding Academic Title Awakening Warrior argues for a revolution in the ethics of warfare for the American War Machine those political and military institutions that engage the world with physical force Timothy L Challans focuses on the systemic institutional level of morality rather than bemoaning the moral shortcomings of individuals He asks What are the limits of individual moral agency What kind of responsibility do individuals have when considering institutional moral error How is it that neutral or benign moral actions performed by individuals can have such catastrophic morally negative effects

from a systemic perspective Drawing upon and extending the ethical theories of Kant Dewey and Rawls Challans makes the case for an original set of moral principles to guide ethical action on the battlefield Challans s call for reformation combined with a demand for a new set of moral principles to govern the ethical behavior on the battlefield is certain to garner the attention and ire of many readers and military leaders Parameters This is an important book that needs to be read and taken seriously If it is it could be as revolutionary as its subtitle suggests CHOICE *Constitutional Commentary* ,2002 **MAA Notes** ,1983 Current Publications in Legal and Related Fields ,2003 American Book Publishing Record ,2002 *Choice* ,2002 **Teaching Thinking** Brian Kevin Beck,2007 *The Writers Directory* ,2013 **The Writers Directory 2008** Michelle Kazensky,2007-06 Features bibliographical biographical and contact information for living authors worldwide who have at least one English publication Entries include name pseudonyms addresses citizenship birth date specialization career information and a bibliography
