Larry Barton, Ph.D.

Political Suicide Cassette:

Mediterranean Israeli Music and the Politics of the Aesthetic Amy Horowitz, 2010 An ethnographic study of the emergence of a pan ethnic style of music in Israel between the mid 1970s and mid 1990s This two decade period encompasses the coming of age of the Middle Eastern and North African creators of the grassroots music network in the 1970s and the sea change in the music s reception by mainstream Israeli society in the 1990s , Distortion and Subversion Rodrigo Lopes de Barros, 2022-10-15 An Open Access edition of this book will be available on the Liverpool University Press website and the OAPEN library At the turn of the 21st century the Brazilian punk and hardcore music scene joined forces with political militants to foster a new social movement that demanded the universal right to free public transportation These groups collaborated in numerous venues and media music shows protests festivals conferences radio stations posters albums slogans and digital and printed publications Throughout this time the single demand for free public transportation reconceptualized notions of urban space in Brazil and led masses of people across the country to protest This book shows how the anti capitalist anti bourgeoisie stance present in the discourse of a number of Brazilian bands that performed from the late 1990s to the beginning of the 21st century in the underground music scenes of Florian polis and S o Paulo encountered a reverberation in the rhetoric emanating from the Campaign for the Free Fare subsequently known as the Free Fare Movement Movimento Passe Livre or MPL This allowed the engaged bands and the movement for free public transportation to contribute to each other s development The book also includes reflections on the Bus Revolt that occurred in the northeastern city of Salvador unveiling traces of the punk and anarcho punk movements and the Revolution Carnivals that occurred in the city of Belo Horizonte an event that mixed lectures vegetarianism protests soccer and punk rock music

Words on Cassette , 1999 Off Script Josh King, 2016-04-26 Donald Trump won election as the 45th President of the United States by studying American political stagecraft and learning what helped previous candidates succeed and doomed others to failure A figure on the periphery of campaigns for decades he glided down the Trump Tower escalator on June 16 2015 declared his candidacy and took his place permanently as an actor in the country s greatest spectacle Twenty eight years earlier at the dawn of what Josh King calls The Age of Optics in OFF SCRIPT An Advance Man s Guide to White House Stagecraft Campaign Spectacle and Political Suicide Trump began to position himself for his eventual run for the Oval Office Pictured at the foot of that same gilded escalator he posed at the foot of that same escalator for a cover story profile in TIME magazine This Man May Turn You Green With Envy Or Just Turn You Off read the first part of TIME s headline in January 1989 Flaunting It is the Game and TRUMP is the name the headline concluded The cover story came just after Massachusetts Governor Mike Dukakis lost in a landslide to Vice President George H W Bush in part because Dukakis made the disastrous decision to ride in an M1A1 Abrams tank in Sterling Heights Michigan less than two months before the election Why did Dukakis make that ride and why was it so deadly Indeed in each election that followed why did George Bush Bob Dole Al

Gore John Kerry John McCain and Mitt Romney make similar mistakes that cost them dearly at the polls These are the questions that Josh King answers in OFF SCRIPT King who served as Director of Production in Bill Clinton s White House and later was host of SiriusXM Satellite Radio s long running Polioptics The Theater of Politics brings readers on a wild ride over the last thirty years of the Age of Optics from Ronald Reagan s mastery of image to Barack Obama s Vanilla Presidency to ultimately the faceoff between Hillary Clinton and Trump As one of the White House s most creative advance men skilled at employing the tools to tell help tell the president s daily story and creating the scenes that the media can t resist turning into news packages and front page photos King pulls back the curtain on the behind the scenes alchemy of political stagecraft King s personal account in depth interviews and detail rich stories and his unique angle on what drives headlines makes news and wins elections will serve as an indispensable companion to those keeping a close eye on the Trump presidency

Tangled Roots: Social and Psychological Factors in the Genesis of Terrorism J. Victoroff,2006-11-14 The book is organized to assist readers in finding the topics that interest them the most What do we really know about the contributing causes of terrorism Are all forms of terrorism created equal or are there important differences in terrorisms that one must know about to customize effective counter strategies Does poverty cause terrorism Are terrorists typically crazy vengeful misled or simply making an entirely sensible choice Why would people blow themselves and others up Is the war on terrorism even a useful idea Is it being fought wisely or are much better ideas staring policy makers in the face Do leaders of targeted nations wilfully neglect the best solutions Most of the lessons in this book concern the basic human ingredients that combust to produce violent extremism Thus regardless of the mutations that occur in substate terrorism the timeless scholarship here will hopefully be somewhat helpful even to our grandchildren *Thirsty City* Skye Borden,2014-07-29 Explores the evolution of Atlanta s water system and charts the poor urban planning decisions that created the city s current water shortage Atlanta is running out of water and is in the midst of a water crisis Its crumbling infrastructure spews toxic waste and raw sewage into neighboring streams A tri state water war between Alabama Florida and Georgia has been raging since 1990 with Atlanta caught in the middle however the city s problems have been more than a century in the making In *Thirsty City* Skye Borden tells the complete story of how Atlanta s water ran dry Using detailed historical research legal analysis and personal accounts she explores the evolution of Atlanta s water system as well as charts the poor urban planning decisions that led to the city s current woes She also uncovers the loopholes in local state and federal environmental laws that have enabled urban planners to shirk responsibility for ongoing water quantity and quality problems From the city s unfortunate location to its present day debacle *Thirsty City* is a fascinating and highly readable account that reveals how Atlanta s quest for water is riddled with shortsighted decisions unchecked greed political corruption and racial animus Instead of a date filled statistically laden work of history and law Borden weaves a compelling story full of interesting asides and biographical anecdotes I found the history fascinating It represents a real contribution to the literature William L Andreen University of

Alabama School of Law **Corrupt Inept Rudderless Politicians** Sat Sharma, 2014-11-24 People living on the Indian subcontinent have been a sharply divided lot for a very long time in spite of belonging to the same established respected older civilization. Our divisiveness resulted in inviting repeated assaults by uncivilized Arabs and savages from other parts of Asia. This led to foreign subjugation for a millennium first by Islamic invaders and looters then by Europeans who came as traders but became rulers. The entry of aliens led to unabashed proselytizing into their newer religions. It may not be wrong to say that 99 percent of Muslims and Christians living on the subcontinent are converts from Hinduism that has been more a way of life rather than a watertight religion for two millennia or more. This means today's inhabitants are from the same civilization and culturally speaking Hindustanis. However, a proliferation of alien religions did aggravate and compound divisiveness. The British ruled the country for two centuries or so and did the maximum damage to our character, morale, and psyche. After the First War of Independence, the British promulgated pretty stiff laws, especially the Police Act of 1861, to keep their slaves under tight leash. Worse still, they introduced Macaulay's system of education in English to wean us away from our cultural moorings, heritage, literature, moral values, and our own Sanskrit language. Indian social, religious, and educational reformers Raja Ram Mohan Roy, Swami Sahjanand, Bankim Chandra Chatterjee, Swami Dayanand Saraswati, Swami Vivekananda, and Rishi Aurobindo Ghosh, as well as the likes of them, brought back the pride of our civilization and culture. Their influence was apparent from the beginning of the 19th century in the fields of politics, public administration, and education, as well as strengthening Hinduism. This first awakening from slumber or hibernation ignited the minds of revolutionaries who selflessly and untiringly worked hard on the soils of the subcontinent and the foreign lands, culminating in throwing out deeply entrenched British lock, stock, and barrel. Not so nationalistic but opportunistic Congress party, led by their self-serving trio of stalwarts Gandhi, his adopted son Nehru, and lieutenant Patel, got the subcontinent partitioned and formed government in divided India. Congress party ruled but NOT served Hindustan for 90 percent of the time since independence by strictly following British Divide and Rule policy to perfection without changing/improving archaic British laws. Being communal, Congress aggravated the divisiveness, thus bringing untold misery to the masses in the form of communal strife and Hindu-Muslim riots repeatedly. The prolonged misrule by those corrupt, inept, rudderless politicians, including the decade under its economist dummy PM heading the most corrupt and arrogant government ever in the history of independent country, brought in lawlessness, fragile environment, grossly inadequate infrastructure, increasing terrorism, and Maoism/Naxalism, ever mounting inflation, sky-rocketing corruption, gargantuan scams, bankrupt economy, policy paralysis, stalling of reforms, and what not. The absolute number of the poor today is far more than the total population of newly born country in 1947. This grave crisis-like situation warranted a second awakening in the 21st century. Expectedly, Hindustanis rose to the occasion once again, decimated the corrupt Congress, and voted for a change by electing a visionary, strong, and honest PM from BJP with a thumping majority. This gentleman is a dynamic, focused, highly optimistic, staunchly nationalistic real leader, unlike the

pygmies of Congress The task ahead is dauntingly stupendous Modi started showing promise during his first 60 days The damage done in 60 years may take ten years if not more to repair and actual proper turnaround thus placing this once great country on track to reclaim its lost genuine glory Although independence was ushered in 67 years ago yet freedom is still awaited That will require imminent electoral intellectual judicial police political and social reforms together with building moral character and bringing meritocracy in every appointment by doing away with the Congress policy of favours quotas and reservations for the undeserving Very much like Narendra Modi the first PM to be born after independence and heading the youngest India educated ministry all of us have to remain optimistic and vigilant We must perform our duties diligently as law abiding faithful but demanding citizens alive to the times

Up Against the Wall Curtis J. Austin, 2008-03-01 Curtis J Austin s *Up Against the Wall* chronicles how violence brought about the founding of the Black Panther Party in 1966 by Huey P Newton and Bobby Seale dominated its policies and finally destroyed the party as one member after another Eldridge Cleaver Fred Hampton Alex Rackley left the party was killed or was imprisoned Austin shows how the party s early emphasis in the 1960s on self defense though sorely needed in black communities at the time left it open to mischaracterization infiltration and devastation by local state and federal police forces and government agencies Austin carefully highlights the internal tension between advocates of a more radical position than the Panthers took who insisted on military confrontation with the state and those such as Newton and David Hilliard who believed in community organizing and alliance building as first priorities Austin interviewed a number of party members who had heretofore remained silent With the help of these stories Austin is able to put the violent history of the party in perspective and show that the survival programs such as the Free Breakfast for Children program and Free Health Clinics helped the black communities they served to recognize their own bases of power and ability to save themselves

Alongside Night J. Neil Schulman, 1999-06 A cautionary tale with a disturbing resemblance to past history and future possibilities Milton Friedman Nobel Laureate *Alongside Night* portrays the last two weeks of the world s greatest superpower and ends on a triumphant note of hope

Biblionews and Australian Notes & Queries, 2005 Playing Politics Scientific American Editors, 2012-10-15 *Playing Politics* The Science of Elections by the Editors of Scientific American Politics makes strange bedfellows and that becomes even more apparent when trying to analyze the science of politics Pulling from an array of disciplines including social science behavioral science and mathematics Scientific American does just that in this timely eBook *Playing Politics* The Science of Elections This anthology offers analyses of key factors in the process of electing a leader from dissecting those qualities considered to be ideal to how potential leaders are portrayed to voter behavior to the voting process casting collecting and counting the votes In recent years especially science has increasingly been at the center of controversies over voting methods a voter s motivation the geography of presidential elections including the introduction by the media of the terms red states and blue states even questions about the veracity and abilities of candidates Of particular importance is the analysis of how the electoral process

really works and whether it truly represents the majority's intentions of how the country should run. In addition to providing the tools to analyze the process, this ebook also addresses the top science issues of Election 2012. Scientific American partnered with ScienceDebate.org, an independent citizen's initiative to engage the current presidential candidates Barack Obama and Mitt Romney to answer where they stand on 14 key science and technology policy questions facing the United States today. This thoughtful debate, which includes questions on climate change, sustainable energy, the economy, and education, caps off an essential read for concerned voters.

Exclusive Sandra Brown, 2013-06-25. An ace reporter investigates the suspicious death of her best friend's baby in this #1 New York Times bestselling political thriller of murder, passion, and intrigue in the White House. Barrie Travis is not famous; she's just a damn good reporter stuck at a low-budget television station. Then her old friend, now America's First Lady, asks her to investigate the death of her baby. Stunned by grief after the loss of her infant son, the President's wife hints that her child didn't really die of SIDS; in reality, he may have been murdered. Blind to everything but finding the truth, Barrie delves into the private lives of the president and his wife and uncovers dark and terrible secrets that will test her ethics, her patriotism, and her courage. With the help of Gray Bondurant, a mysterious former presidential aide, this story could topple the presidency and change the course of history. In this fast-moving tale from a master of suspense, Barrie must fight powerful forces that want nothing more than to see the scandalous past and a certain young reporter dead and buried.

Rules and Rights in the Middle East Ellis Goldberg, Reşat Kasaba, Joel S. Migdal, 1993. As a whole, the book demonstrates that neither the region's overgrown state structures nor the corresponding weakness of autonomous societal organizations can be explained by referring to cultural characteristics of the people in the Middle East or to the precepts of their religions. True explanations, the authors argue, should be framed historically. They pay special attention to the relations among the various groups and regions of the Middle East and to those between the Middle East and western Europe. The authors emphasize the important role played by economic issues and constraints in broadening or narrowing the scope of democracy at various points in time, and finally, they are in agreement in seeing religion and culture of the Middle East not in static and essentialist terms but as dynamic phenomena that grow independently and even in opposition to existing political authorities.

BOOK JACKET

From Politics to Prison Larry Barton, Ph.D., **Cinematic Terror** Tony Shaw, 2014-11-20. The first history of cinema's treatment of terrorism from the birth of film to today.

The Politics of Insects Scott Wilson, 2011-08-18. Canadian film director David Cronenberg has long been a figure of artistic acclaim and public controversy. Bursting into view with a trio of shocking horror films in the 1970s, Cronenberg's work has become increasingly complex in its sensibilities and inward-looking in its concerns and themes. This trajectory culminates in the multiplex successes of his most recent films, which appear to conclude a straightforward evolutionary arc that begins in the cold outside of shock horror and arrives in the warm embrace of commercial and critical success. Scott Wilson argues persuasively that Cronenberg's career can be divided into broad thematic stages, and instead

offers a complex examination of the relationship between three inter related terms the director as auteur the industry that support or denies commercial opportunity and the audience who receive interpret and support or decry the vision represented on screen The Politics of Insects provides an opportunity to explore Cronenberg s films in relation to each other in terms of their thematic continuity and in terms of their relationship to industrial concerns and audience responses

Image Testimonies Kerstin Schankweiler, Verena Straub, Tobias Wendl, 2018-12-17 Recent political conflicts signal an increased proliferation of image testimonies shared widely via social media Although witnessing with and through images is not a phenomenon of the internet era contemporary digital image practices and politics have significantly intensified the affective economies of image testimonies This volume traces the contours of these conditions and develops a conception of image testimony along four areas of focus The first and second section of this volume reflects the discussion of image testimonies as an interplay of evidential qualities and their potential to express affective relationalities and emotional involvement The third section focuses on the question of how social media technologies shape and subsequently are shaped by image testimonies To further complicate the ethical position of the witness the final section looks at image testimony at the intersection of creation and destruction taking into account the perspectives of different actors and their opposed moral positions With an emphasis on the affectivity of these images *Image Testimonies* provides new and so far overlooked insights in the field It will appeal to students and researchers interested in fields such as Sociology and Social Policy Media and Communications Visual Arts and Culture and Middle East Studies New Trends in the Study of Haredi Culture and Society

David N. Myers, Nechumi Malovicki-Yaffe, 2024-12-15 Who are Haredim And why are they the source of both increasing attention and continuing misunderstanding *New Trends in the Study of Haredi Culture and Society* draws on the innovative research of leading scholars from a variety of disciplines including history religious studies demography linguistics and geography to trace the growing prominence of Haredi often called ultra Orthodox Jews in Jewish life Haredi Jews are committed to preserving a measure of segregation from the rest of society consistent with the guiding principles of their forebears yet increasingly they are appearing more visibly and assertively in public spaces Demographic analysis suggests that they will constitute a much larger share nearly one quarter of the world Jewish population over the next twenty years By examining the evolution of political cultural and social trends in Haredi communities across the globe this interdisciplinary and transnational volume sheds important light both on Haredi communities and on the societies of which they are part
