Political Dissent In Democratic Athens:

Political Dissent in Democratic Athens Josiah Ober, 2011-11-28 How and why did the Western tradition of political theorizing arise in Athens during the late fifth and fourth centuries B C By interweaving intellectual history with political philosophy and literary analysis Josiah Ober argues that the tradition originated in a high stakes debate about democracy Since elite Greek intellectuals tended to assume that ordinary men were incapable of ruling themselves the longevity and resilience of Athenian popular rule presented a problem how to explain the apparent success of a regime irrationally based on the inherent wisdom and practical efficacy of decisions made by non elite citizens The problem became acute after two oligarchic coups d tat in the late fifth century B C The generosity and statesmanship that democrats showed after regaining political power contrasted starkly with the oligarchs violence and corruption Since it was no longer self evident that better men meant better government critics of democracy sought new arguments to explain the relationship among politics ethics and morality Ober offers fresh readings of the political works of Thucydides Plato and Aristotle among others by placing them in the context of a competitive community of dissident writers These thinkers struggled against both democratic ideology and intellectual rivals to articulate the best and most influential criticism of popular rule The competitive Athenian environment stimulated a century of brilliant literary and conceptual innovation Through Ober s re creation of an ancient intellectual milieu early Western political thought emerges not just as a footnote to Plato but as a dissident commentary on the first Western democracy *The Athenian Revolution* Josiah Ober, 1999-01-03 Eleven essays on Athenian democracy written and published between 1983 and 1993 **Democracy and Knowledge** Josiah Ober, 2008-09-15 When does democracy work well and why Is democracy the best form of government These questions are of supreme importance today as the United States seeks to promote its democratic values abroad Democracy and Knowledge is the first book to look to ancient Athens to explain how and why directly democratic government by the people produces wealth power and security Combining a history of Athens with contemporary theories of collective action and rational choice developed by economists and political scientists Josiah Ober examines Athenian democracy s unique contribution to the ancient Greek city state s remarkable success and demonstrates the valuable lessons Athenian political practices hold for us today He argues that the key to Athens s success lay in how the city state managed and organized the aggregation and distribution of knowledge among its citizens Ober explores the institutional contexts of democratic knowledge management including the use of social networks for collecting information publicity for building common knowledge and open access for lowering transaction costs He explains why a government s attempt to dam the flow of information makes democracy stumble Democratic participation and deliberation consume state resources and social energy Yet as Ober shows the benefits of a well designed democracy far outweigh its costs Understanding how democracy can lead to prosperity and security is among the most pressing political challenges of modern times Democracy and Knowledge reveals how ancient Greek politics can help us transcend the democratic dilemmas

that confront the world today **Rethinking Rhetorical Theory, Criticism, and Pedagogy** Antonio de Velasco, John Angus Campbell, David Henry, 2016-10-01 What distinguishes the study of rhetoric from other pursuits in the liberal arts From what realms of human existence and expression of human history does such study draw its defining character What in the end should be the purposes of rhetorical inquiry And amid so many competing accounts of discourse power and judgment in the contemporary world how might scholars achieve these purposes through the attitudes and strategies that animate their work *Rethinking Rhetorical Theory Criticism and Pedagogy The Living Art of Michael C Leff* offers answers to these questions by introducing the central insights of one of the most innovative and prolific rhetoricians of the twentieth century Michael C Leff This volume charts Leff's decades long development as a scholar revealing both the variety of topics and the approach that marked his oeuvre as well as his long standing critique of the disciplinary assumptions of classical Hellenistic renaissance modern and postmodern rhetoric *Rethinking Rhetorical Theory Criticism and Pedagogy* includes a synoptic introduction to the evolution of Leff's thought from his time as a graduate student in the late 1960s to his death in 2010 as well as specific commentary on twenty four of his most illuminating essays and lectures **Athenian Democracy** Robin Osborne, 2023-07-06 A sourcebook on Athenian democracy with a range of translated primary texts to support ancient history students *Athenian Democracy*, 2023-07-06 This volume in the LACTOR Sourcebooks in Ancient History series offers a generous selection of primary texts on Athenian democracy which flourished in the fifth and fourth centuries BC with an accompanying glossary and introductory notes It provides for the needs of students at schools and universities who are studying ancient history in English translation and has been written and reviewed by experienced teachers The texts selected include extracts from the important literary sources as well as some key inscriptions some of which were previously difficult for students to access **Race and Citizen Identity in the Classical Athenian Democracy** Susan Lape, 2010-02-15 In *Race and Citizen Identity in the Classical Athenian Democracy* Susan Lape demonstrates how a race ideology grounded citizen identity Although this ideology did not manifest itself in a fully developed race myth its study offers insight into the causes and conditions that can give rise to race and racism in both modern and pre modern cultures In the Athenian context racial citizenship emerged because it both defined and justified those who were entitled to share in the political symbolic and socioeconomic goods of Athenian citizenship By investigating Athenian law drama and citizenship practices this study shows how citizen identity worked in practice to consolidate national unity and to account for past Athenian achievements It also considers how Athenian identity narratives fuelled Herodotus and Thucydides understanding of history and causation [The Idea of Work in Europe from Antiquity to Modern Times](#) Catharina Lis, 2016-12-05 This volume takes a fresh and innovative approach to the history of ideas of work concerning perceptions attitudes cultures and representations of work throughout Antiquity and the medieval and early modern periods Focusing on developments in Europe the contributors approach the subject from a variety of angles considering aspects of work as described in literature visual culture and as perceived in

economic theory As well as external views of workers the volume also looks at the meaning of work for the self perception of various social groups including labourers artisans merchants and noblemen and the effects of this on their self esteem and social identity Taking a broad chronological approach to the subject provides readers with a cutting edge overview of research into the varying attitudes to work and its place in pre industrial society **The Republic** Plato,2007-05-31 The classic translation of the cornerstone work of western philosophy Plato s Republic is widely acknowledged as one of the most influential works in the history of philosophy Presented in the form of a dialogue between Socrates and three different interlocutors it is an inquiry into the notion of a perfect community and the ideal individual within it During the conversation other questions are raised what is goodness what is reality what is knowledge what is the purpose of education With remarkable lucidity and deft use of allegory Plato arrives at a depiction of a state bound by harmony and ruled by philosopher kings Translated by DESMOND LEE with an Introduction by MELISSA LANE Loyalty Sanford Levinson,Paul Woodruff,Joel Parker,2013-05-10 Few topics are more ubiquitous in everyday life and at the same time more controversial in practice than that of one s moral obligation to loyalty Featuring essays by scholars working in a variety of subjects from law to psychology Loyalty presents diverse perspectives on dilemmas posed by potential conflicts between loyalties to specific institutions or professional roles and more universalistic conceptions of moral duty The volume begins with a philosophical exploration of theories of loyalty both Eastern and Western then moves to examine several problematic situations in which loyalty is often a factor partisan politics the armed forces and lawyer client relationships A fair and balanced analysis from a wide range of disciplinary and normative viewpoints Loyalty infuses new life into an oft tread avenue of scholarly inquiry Contributors Ryan K Balot Paul O Carrese Yasmin Dawood Bernard Gert Kathleen M Higgins Sanford Levinson Daniel Markovits Lynn Mather Russell Muirhead Nancy Sherman Paul Woodruff Sanford Levinson is the W St John Garwood and W St John Garwood Jr Centennial Chair in Law and Professor of Government at the University of Texas at Austin and author or co author of many books including Framed America s 51 Constitutions and the Crisis of Governance and Our Undemocratic Constitution Where the Constitution Goes Wrong And How We the People Can Correct It Paul Woodruff is former dean of the School of Undergraduate Studies and currently Darrell K Royal Professor in Ethics and American Society at the University of Texas at Austin His latest book is The Ajax Dilemma Justice Fairness and Rewards Joel Parker is Lecturer in the Department of Political Science and Geography at the University of Texas at San Antonio **Ancient Greek Democracy** Eric W. Robinson,2008-04-15 This book invites readers to join in a fresh and extensive investigation of one of Ancient Greece s greatest inventions democratic government Provides an accessible up to date survey of vital issues in Greek democracy Covers democracy s origins growth and essential nature Raises questions of continuing interest Combines ancient texts in translation and recent scholarly articles Invites the reader into a process of historical investigation Contains maps a glossary and an index **Science without Laws** Angela N. H. Creager,Elizabeth Lunbeck,M. Norton Wise,2007-09-03 A comparison

of the use of model systems and exemplary cases across fields in the natural and social sciences The Oxford Handbook of Greek and Roman Comedy Michael Fontaine, Adele C. Scafuro, 2014-04 The Oxford Handbook of Greek and Roman Comedy marks the first comprehensive introduction to and reference work for the unified study of ancient comedy From its birth in Greece to its end in Rome from its Hellenistic to its Imperial receptions no topic is neglected The 41 essays offer cutting edge guides through comedy's immense terrain The Rhetoric of Manhood Joseph Roisman, 2005-02-21 The concept of manhood was immensely important in ancient Athens shaping its political social legal and ethical systems This book a groundbreaking study of manhood in fourth century Athens is the first to provide a comprehensive examination of notions about masculinity found in the Attic orators who represent one of the most important sources for understanding the social history of this period While previous studies have assumed a uniform ideology about manhood Joseph Roisman finds that Athenians had quite varied opinions about what constituted manly values and conduct He situates the evidence for ideas about manhood found in the Attic orators in its historical ideological and theoretical contexts to explore various manifestations of Athenian masculinity as well as the rhetoric that both articulated and questioned it Roisman focuses on topics such as the nexus between manhood and age on Athenian men in their roles as family members friends and lovers on the concept of masculine shame on relations between social and economic status and manhood on manhood in the military and politics on the manly virtue of self control and on what men feared **An Introduction to the Ancient World** Lukas de Blois, R.J. van der Spek, 2008-10-24 Integrating the results of scholarly work from the past decade the authors of An Introduction to the Ancient World Lukas de Blois and R.J. van der Spek have fully updated and revised all sixteen chapters of this best selling introductory textbook Covering the history and culture of the ancient Near East Greece and Rome within the framework of a short narrative history of events this book offers an easily readable integrated overview for students of history classics archaeology and philosophy whether at college at undergraduate level or among the wider reading public This revised second edition offers a new section on early Christianity and more specific information on the religions economies and societies of the ancient Near East There is extended coverage of Greek Macedonian and Near Eastern history of the fourth to second centuries BC and the history of the Late Roman Republic The consequences of Julius Caesar's violent death are covered in more detail as are the history and society of Imperial Rome This new edition is comprehensive covers 3 000 years of ancient history and provides the basis for a typical one semester course lavishly illustrated contains maps line drawings and plates to support and supplement the text with updated captions clearly and concisely written two established and respected university teachers with thirty years experience in the subject areas well organized traces the broad outline of political history but also concentrates on particular topics user friendly includes chapter menus an extensive and expanded bibliography organized by subject area and three appendices an improved introduction and the addition of an epilogue

Ancient Greek History and Contemporary Social Science Mirko Canevaro, 2018-06-06 The first full length academic

study to deal exclusively with female stardom in British cinema *Collective Wisdom* Hélène Landemore, Jon Elster, 2012-07-16 The contributors to this volume discuss and for the most part challenge whether many minds can be wiser than one **Anti-democracy in England, 1570-1642** Cesare Cuttica, 2022 Anti democracy in England 1570 1642 is a detailed study of anti democratic ideas in early modern England By examining the rich variety of debates about democracy that took place between 1570 and 1642 it shows the key importance anti democratic language held in the late Tudor and early Stuart periods In particular it argues that anti democratic critiques were addressed at popular government as a regime that empowered directly and fully the irrational uneducated dangerous commonalty it explains why and how criticism of democracy was articulated in the contexts here under scrutiny and it demonstrates that the early modern era is far more relevant to the development of democratic concepts and practices than has hitherto been acknowledged The study of anti democracy is carried out through a close textual analysis of sources often neglected in the history of political thought and by way of a contextual approach to Elizabethan Jacobean and Caroline history Most importantly the study re evaluates the role of religion and cultural factors in the history of democracy and of political ideas more generally The point of departure is at a time when the establishment and Presbyterians were at loggerheads on pivotal politico ecclesiastical and theoretical matters the end coincides with the eruption of the Civil Wars Cesare Cuttica not only places the unexplored issue of anti democracy at the centre of historiographical work on early modern England but also offers a novel analysis of a precious portion of Western political reflection and an ideal platform to discuss the legacy of principles that are still fundamental today

Brill's Companion to the Reception of Athenian Democracy , 2020-11-04 The first ever guide to the reception of classical Athenian democracy Brill s Companion to the Reception of Athenian Democracy delivers a fresh and wide ranging analysis of the uses and reinterpretations of ancient Greek democracy from the late Middle Ages to the XXI century The book s first section explores this history from the rediscovery of classical antiquity in the Renaissance in different countries England France Germany Italy American Republic and ages while the second section focuses on philosophical movements such as Marxism and on contemporary philosophers such as Leo Strauss Hannah Arendt and Michel Foucault the last section examines the reception from the perspective of current political science The book offers a comprehensive and multidisciplinary approach to this important topic by bringing together internationally recognised scholars from a variety of disciplines including ancient and modern historians historians of political thought political philosophers and political scientists [The Cambridge Companion to Thucydides](#) Polly Low, 2023-03-09 Thucydides History of the Peloponnesian War is one of the earliest and most influential works in the western historiographical tradition It provides an unfinished account of the war between Athens and her allies and Sparta and her allies which lasted from 431 to 404 BC and is a masterpiece of narrative art and of political analysis The twenty chapters in this Companion offer a wide range of perspectives on different aspects of the text its interpretation and its significance The nature of the text is explored in detail and problems of

Thucydides historical and literary methodology are examined Other chapters analyse the ways in which Thucydides work illuminates or complicates our understanding of key historical questions for this period above all those relating to the nature and conduct of war politics and empire Finally the book also explores the continuing legacy of Thucydides from antiquity to the present day
