**LGBTQ+ Youth Movement was Built** Michael Barron,2025-07-31 This book offers a unique insider perspective from a queer author and activist who was centrally involved in Ireland s journey from 1993 the year when homosexuality was decriminalised to 2015 when it became the first country in which marriage equality was enacted by popular vote It is the first comprehensive study of the impact of LGBTQ youth civil society as a leading force on Irish public policy change Interdisciplinary in nature it uses both activist and academic frames to reassess LGBTQ activism histories It draws on personal historical and policy analysis to provide a comprehensive account of how civil society can drive progressive change in difficult conditions Essential reading for understanding the significant public policy changes that have occurred in Ireland this book provides deep insight into the dynamics of organised social change over long periods of time and offers lessons for future work in this area      What Then Must We Do? Gar Alperovitz,2013-05-01

Never before have so many Americans been more frustrated with our economic system more fearful that it is failing or more open to fresh ideas about a new one The seeds of a new movement demanding change are forming But just what is this thing called a new economy and how might it take shape in America In *What Then Must We Do* Gar Alperovitz speaks directly to the reader about where we find ourselves in history why the time is right for a new economy movement to coalesce what it means to build a new system to replace the crumbling one and how we might begin He also suggests what the next system might look like and where we can see its outlines like an image slowly emerging in the developing trays of a photographer s darkroom already taking shape He proposes a possible next system that is not corporate capitalism not state socialism but something else entirely and something entirely American Alperovitz calls for an evolution not a revolution out of the old system and into the new That new system would democratize the ownership of wealth strengthen communities in diverse ways and be governed by policies and institutions sophisticated enough to manage a large scale powerful economy For the growing group of Americans pacing

at the edge of confidence in the old system or already among its detractors What Then Must We Do offers an elegant solution for moving from anger to strategy      **How Power Shapes Energy Transitions in Southeast Asia** Jens

Marquardt, 2016-12-01 An understanding of the role of energy related governance systems and the conditions required for a shift towards renewables in developing countries is urgently needed in order to tap into the global potential of low carbon development Although renewable energy sources have become technically feasible and economically viable social and political factors continue to persist as the most critical obstacles for their dissemination How Power Shapes Energy Transitions in Southeast Asia conceptualizes power for the field of sustainable energy governance Based on empirical findings from the Philippines and Indonesia the book develops an analytical approach that incorporates power theory into a multi level governance framework The book begins with a profound background on renewable energy development around the world and presents major trends in development cooperation A power based multi level governance approach is introduced that is rooted in development thinking Examining how coordination and power relations shape the development and dissemination of renewable energy technologies the book also shows how decentralization affects low carbon development in emerging economies Sparking debate on the ways in which energy transitions can be triggered and sustained in developing countries this book will be of great interest to students and scholars of renewable energy development and environmental politics and governance as well as practitioners in development cooperation
