Political Ideas Of Stendhal:

The Political Ideas of Stendhal Manuel Brussaly, 1933 The Political Ideas of Stendhal, Etc. [A Thesis. With a Bibliography.]. Manuel BRUSSALY, 1933 The Political Ideas of Stendhal Manuel Brussaly, 1933 **Politicians & Moralists of the Nineteenth Century** Émile Faguet, 1928 **Stendhal's Parallel Lives** Francesco Manzini, 2004 This book deals with the important and hitherto neglected relationship between the works of Stendhal and Plutarch's Parallel Lives Stendhal's readings of Plutarch are shown to inform his literary representations of Revolution and Empire Restoration and Orleanism as well as his theorizations of Romanticism In particular the Plutarchan concept of Parallel Lives is used to analyse one of the major themes of Stendhal's writing the self construction of individual identity whether auto biographical or fictional by means of the emulation as distinct from the imitation of heroic exemplars As a consequence the balance between irony and idealism often identified by critics in Stendhal's work is shown rather to be an imbalance weighted in favour of an idealism derived from Plutarchan conceptions of heroism particularly as they are represented in the Lives of Julius Caesar and Marcus Brutus *The Political Ideas of the English Romanticists* Crane Brinton, 1926 The Literary Doctrine and Criticism of Stendhal Joe Otis Embry, 1943 **The Thematics of Commitment** Peter Maxwell Cryle, 2014-07-14 Viewing thematic writing as the differentiation and elaboration of cultural knowledge P M Cryle applies this new kind of thematics to the commitment most often mentioned by literary critics in connection with existentialist literature Originally published in 1985 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Political Ideas in Modern India Project of History of Indian Science, Philosophy, and Culture, 2006-03-31 The volumes of the Project on the History of Science Philosophy and Culture in Indian Civilization aim at discovering the main aspects of India's heritage and present them in an interrelated way In Political Ideas in Modern India an outstanding group of social and political theorists offers a creative reinterpretation of the ideas and principles that have shaped modern Indian society and state The ideas interpreted or analysed include rights freedoms equality social justice constitutional rule swaraj swadeshi satyagraha class war socialism Hindutva Hind Swaraj syncretic culture composite nationalism and international peace and justice *CliffsNotes on Stendhal's The Red and the Black* D. L. Gobert, 1999-03-03 This CliffsNotes guide includes everything you've come to expect from the trusted experts at CliffsNotes including analysis of the most widely read literary works **The Year's Work in Modern** , The Dispute of the New World Antonello Gerbi, 2010-06-20 Translated by Jeremy Moyle When Hegel described the Americas as an inferior continent he was repeating a contention that inspired one of the most passionate debates of modern times Originally

formulated by the eminent natural scientist Georges Louis Leclerc Comte de Buffon and expanded by the Prussian encyclopedist Cornelius de Pauw this provocative thesis drew heated responses from politicians philosophers publicists and patriots on both sides of the Atlantic The ensuing polemic reached its apex in the latter decades of the eighteenth century and is far from extinct today Translated into English in 1973 *The Dispute of the New World* is the definitive study of this debate Antonello Gerbi scrutinizes each contribution to the debate unravels the complex arguments and reveals their inner motivations As the story of the polemic unfolds moving through many disciplines that include biology economics anthropology theology geophysics and poetry it becomes clear that the subject at issue is nothing less than the totality of the Old World versus the New and how each viewed the other at a vital turning point in history *Nietzsche, Power and Politics* Herman Siemens, Vasti Roodt, 2009-02-26 Nietzsche's legacy for political thought is a highly contested area of research today With papers representing a broad range of positions this collection takes stock of the central controversies Nietzsche as political anti political thinker Nietzsche and contra democracy Arendt and contra Nietzsche as well as new research on key concepts power the agon aristocracy friendship i a on historical contemporary and futural aspects of Nietzsche's political thought International contributors include well known names Conway Ansell Pearson Hatab Taureck Patton Connolly Villa van Tongeren and young emerging scholars from various disciplines **Leon Blum: Prime Minister, Socialist, Zionist** Pierre Birnbaum, 2015-01-01 L on Blum 1872 1950 was many things a socialist and political activist leader of the Popular Front a dedicated statesman who served as France's prime minister three times a hero who courageously opposed anti-Semitism Nazi aggression and the pro German Vichy government a passionate lover of women art and life A tireless champion for workers rights Blum dramatically changed French society by establishing the forty hour work week paid holidays and collective bargaining on wage claims He was also a proud Jew and Zionist and a survivor who endured the horrors of Buchenwald and Dachau Unlike previous biographies that downplay the significance of Blum's Jewish heritage on his progressive politics Pierre Birnbaum's enlightening portrait depicts an extraordinary man whose political convictions were shaped and driven by his religious and cultural background The author powerfully demonstrates how Blum's Jewishness was central to his milieu and mission from his earliest entry into the political arena in reaction to the infamous Dreyfus Affair and how it sustained and motivated him throughout the remainder of his life **Modernity in Crisis** L. Donskis, 2011-08-15 A blend of political theory social theory and philosophy of culture the book will show the relationship and tension between thought and action politics and literature power and dissent in modern politics and culture **The Regime of the Brother** Juliet Flower MacCannell, 2002-01-22 *The Regime of the Brother* is one of the first attempts to challenge modernity on its own terms Using the work of Lacan Kristeva and Freud Juliet MacCannell confronts the failure of modernity to bring about the social equality promised by the Enlightenment On the verge of its destruction the Patriarchy has reshaped itself into a new and often more oppressive regime that of the Brother Examining a range of literary and social texts from Rousseau's

Confessions to Richardson's *Clarissa* and from Stendhal's *De L'Amour* to James's *What Maisie Knew* and Jean Rhys's *Wide Sargasso Sea* MacCannell illustrates a history of the suppression of women revealing the potential for a specifically feminine alternative
