*Political Implications of Economic Reform in Communist Systems* Donna Bahry, Joel C. Moses, 1990      **The Soviet Social Contract and why it Failed** Linda J. Cook, 1993 This book is the first critical assessment of the likelihood and implications of such a contract Linda Cook pursues the idea from Brezhnev's day to our own and considers the constraining effect it may have had on Gorbachev's attempts to liberalize the Soviet economy      Reinventing Vietnamese Socialism William S Turley, Mark Selden, 2019-07-11 This book presents a variety of disciplinary and theoretical perspectives on the problematic of reform in Vietnam It explores the Vietnam's reforms in relation to those taking place in other countries of the socialist world comparing doi moi with restructuring in other socialist states      Enduring Socialism Harry G. West, Parvathi Raman, 2009 Against the historical backdrop of successive socialist and post socialist claims to have completely remade society the contributors to this volume explore the complex and often paradoxical continuities between diverse post socialist presents and their corresponding socialist and pre socialist pasts The chapters focus on ways in which pre socialist economic political and cultural forms in fact endured an era of socialism and have found new life in the post socialist present notwithstanding revolutionary socialist claims continuities with a pre socialist past have been produced within the historical imaginary of post socialism and socialist economic political and cultural forms have in fact endured in a purportedly postsocialist era despite the claims of neo liberal reformers Publisher's website      **Political Culture and Participation in Rural China** Yang Zhong, 2013-06-17 Despite China's rapid urbanisation and industrialisation most Chinese still live in the vast countryside or have rural household registration Although there was significant economic improvement in rural areas in the 1980s the rural economy has been stagnating or deteriorating since then and the book argues that the rural urban income gap is giving rise to the potential for political instability throughout China This book based on extensive original research including interview fieldwork in rural areas examines the nature of political culture and participation in rural China discussing issues such as the support or lack of it for democratic values levels of political interest the ways in which Chinese peasants interact with village and local officials subjective factors that motivate them to vote or not to vote in village elections and rural people's views on market oriented economic reforms local and national government and the Communist Party The book argues that although hitherto peasants riots sit ins and demonstrations have been localised and uncoordinated they are frequent and have the potential to cause serious political crises for China's rulers It concludes by considering the future political development of China's vast countryside      *Two Societies in Opposition: The Republic of China and the People's Republic of China After Forty Years* Ramon Hawley Myers, 1991      **Routledge Library Editions: Education in Asia** Various, 2021-07-14 This set of reissued books examines education in Asia from a variety of different angles From the westernisation of early twentieth century Chinese education to the impact of the Communist revolution to education and society in Korea to Asian women's experiences of education this set collects some key texts by a range of

original thinkers      **Popular Political Support in Urban China** Jie Chen, 2004 On the basis of three carefully drawn surveys of Beijing residents between 1995 and 1999 the author finds that diffuse support for the current political system based on attitudes toward institutions and values remains strong at least among city dwellers though it is gradually declining

**Beyond the Cold War** Michael Cox, 1990 Since the rise to power of Mikhail Gorbachev observers increasingly ask Is the Cold War over What do these changes mean for foreign policy How confident can we be about anyone's ability to foresee the future This volume brings together a representative group of interpreters of the Cold War to address some of the recurrent questions Responses divide both scholars and politicians Critics of the Bush administration charge it has shown more nostalgia for the familiar patterns of the Cold War than energy in responding to changes in Soviet American relations Serious scholars who often agree on foreign policy assessments differ on key issues concerning the end of the Cold War and what will take its place Contributors William D Anderson Clay Clemens Michael Cox Anton W Deporte R Bates Gill Norman Graebner Sterling Kernek Shao Chuan Leng Peter Rutland Peter Shearman Steve Smith Jack Spence and Kenneth W Thompson Co Published with the Miller Center of Public Affairs

**The State and Industry in South Korea** Jong-Chan Rhee, 2002-01-31 The economic success of East Asia is often attributed to the relationship between state and business In The State and Industry in South Korea Jong Chan Rhee presents a more balanced view of Korea's industrial miracle The book examines the limits of a strong authoritarian state as a vehicle for intervening in the market or for sponsoring liberal reform In so doing the author focuses on how state controlled industrial adjustment in Korea has succeeded and failed      Chinese Education Irving Epstein, 2017-12-12 This book first published in 1991 is concerned with educational change It seeks to place Chinese educational policies within the broader social context of Chinese development and modernisation imperatives by analysing issues germane to specific educational structures and sectors At the same time it attempts to inform the reader of larger policy issues which affect the educational system as a whole and speak to more global concerns the nature of Chinese student activism gender inequality rural urban disparities educational inequality the influences of market forces and the growth of professionalism      Transition from Communism in China Edwin A. Winckler, 1999 Looks at China's transition in

comparison to other transitions from communism going beyond comparisons of whole countries to comparisons of institutional sectors and compares differing theoretical approaches to regime type and regime change Subjects include Leninist adaptability in China and Taiwan military dimensions of regime transition economic crisis and market transition in the 1990s principal agent analysis of fiscal decentralization state birth planning and reconstituting the arts and sciences Annotation copyrighted by Book News Inc Portland OR      **The Soviet Union** Peter Waldron, 2018-01-18 The Soviet Union was one of the most significant historical phenomena of the twentieth century This volume brings together key articles that analyse its birth in the 1917 revolution the development of Stalin's tyranny and Soviet decline from the 1960s onwards The collection includes scholarship of the highest quality that illuminates this key episode in the history of both Europe and the
