## **Political Obligation In A Liberal State:**

Political Obligation in a Liberal State Steven M. DeLue, 1989-01-01 The tension between the individualist view and the communalist view dominates current debate about liberal politics DeLue establishes a basis for political discourse in a liberal society an enlarged discourse that allows people of both views to be critically reflective citizens with the necessary strong sense of obligation to the state DeLue describes this enlarged culture and prescribes what the state must do to nurture it

**The Principle of Fairness and Political Obligation** George Klosko, 2004 In *The Principle of Fairness and Political Obligation* George Klosko presents the first book length treatment of political obligation grounded in the premises of liberal political theory In this now classic work he clearly and systematically formulates what others thought impossible a principle of fairness that specifies a set of conditions which grounds existing political obligations and bridges the gap between the abstract accounts of political principles and the actual beliefs of political actors Brought up to date with a new introduction this new edition will be of great interest to all interested in political thought

**Political Obligation in a Liberal State** Steven M. DeLue, 1989-07-21 The tension between the individualist view and the communalist view dominates current debate about liberal politics DeLue establishes a basis for political discourse in a liberal society an enlarged discourse that allows people of both views to be critically reflective citizens with the necessary strong sense of obligation to the state DeLue describes this enlarged culture and prescribes what the state must do to nurture it

Obligation in Exile Ilan Zvi Baron, 2014-12-22 Combining political theory and sociological interviews spanning four countries Ilan Zvi Baron explores the Jewish Diaspora Israel relationship and suggests that instead of looking at Diaspora Jews relationship with Israel as a matter of loyalty it is o

**Political Obligation** John Horton, 2017-08-24 How should we understand the relationship between citizens and governments and what are the obligations of citizens In this substantially revised new edition of an influential text John Horton challenges dominant theories by offering an associative account focusing particularly on what it is to be a member of a political community

**The Liberal State and Criminal Sanction** Jonathan A. Jacobs, 2020-07-07 In a liberal democracy theory suggests that the political order and character of a civil society are closely connected the political order allows for a dynamic and pluralistic civil society and people s civic participation encourages support for the political order In examining the role of punishment in the U S and the U K however Jonathan Jacobs maintains that the current state of incarceration is antithetical to the principles of a liberal democracy and betrays an abandonment of that project s essential values The existing system imposes harsh injustices on incarcerated people it subjects them to inhumane prison conditions creates numerous obstacles that block their reentry into society upon release and erodes their capacity to participate in civic life and exercise individual moral agency And in recent decades the number of its people that the U S has incarcerated has grown dramatically Jacobs engages with substantial philosophical literature to argue that necessary and significant reforms to the U S and U K criminal justice systems demand a serious recommitment to the values and principles of a liberal

democracy Topics include the justification and aims of punishment the role of criminal justice within theories of a just society and empirical considerations regarding long term incarceration and its impact By comprehensively exploring the relationship between criminal justice and justice he highlights distinctive elements of criminal justice as the basis for a retributivist conception of punishment that highlights desert and proportionality Jacobs defends retributivism against familiar accusations that it approves vindictiveness and inevitably harms offenders and shows how consequentialist approaches are seriously flawed Drawing equally from both philosophy and criminology Jacobs argues for a renewed dedication to the values and principles of a liberal democracy as critical to the possibility of criminal justice being truly just

The Problem of Political Obligation Carole Pateman, 1979 Most recent discussions of the political authority of the liberal democratic state and the political obligation of its citizens are based on one of two assumptions that general problems about political obligation have now been resolved or are easily resolvable or that no such problems exist One aim of this book is to show that the latter assumption is unfounded and that political obligation is inherently problematic My larger aim which is both more substantive and more controversial is to show that political obligation in the liberal democratic state constitutes an insoluble problem insoluble because political obligation cannot be given expression within the context of liberal democratic institutions The problem of political obligation can be solved only through the development of the theory and practice of participatory or self managing democracy Introduction

**Political Obligation and the Liberal State** Sergej Zoubok, 1990

**The Power of Culture** Richard Wightman Fox, T. J. Jackson Lears, 1993-04 We are in the midst of a dramatic shift in sensibility and cultural history is the rubric under which a massive doubting and refiguring of our most cherished historical assumptions is being conducted Many historians are coming to suspect that the idea of culture has the power to restore order to the study of the past Whatever its potency as an organizing theme there is no doubt about the power of the term culture to evoke and stand for the depth of the re examination not taking place At a time of deep intellectual disarray culture offers a provisional nominalist version of coherence whatever the fragmentation of knowledge however centrifugal the spinning of the scholarly wheel culture which even etymologically conveys a sense of safe nurture warm growth budding or ever present wholeness will shelter us The PC buttons on historians chests today stand not for politically correct but positively cultural from the Introduction More and more scholars are turning to cultural history in order to make sense of the American past This volume brings together nine original essays by some leading practitioners in the field The essays aim to exhibit the promise of a cultural approach to understanding the range of American experiences from the seventeenth century to the present Expanding on the editors pathbreaking *The Culture of Consumption* the contributors to this volume argue for a cultural history that attends closely to language and textuality without losing sight of broad configurations of power that social and political history at its best has always stressed The authors here freshly examine crucial topics in both private and public life Taken together the essays shed new light on the power of culture in the lives of Americans past and present

Islamic

Doctrines and Political Liberalism Gozde Hussain, 2024-11-13 This book delves into the compatibility of Islam with liberal values engaging in a comparative analysis of Islamic moral language and John Rawls's liberal democratic ideas Rawls a prominent modern liberal political philosopher posits that diverse moral and religious doctrines in a pluralistic society should align with the principles of a liberal democratic political culture The author shares Rawls's assumptions and maps out a spectrum of Islamic orthodoxy positions to assess the plausibility of reconciling Islamic doctrines with a liberal political order While acknowledging that such compatibility is not the mainstream outlook the book argues that it's feasible through reasonable interpretations of Islamic sources The central question addressed is the realism of observant Muslims endorsing a liberal democratic state from within their doctrinal tradition By examining a range of Islamic orthodoxy positions the book demonstrates that Muslims can theoretically find Islamic reasons rooted in acceptable interpretations of divine sources to justify their commitment to a liberal state Furthermore it provides moral reasons and strategies for the liberal state to address incompatible Islamic doctrines ensuring Muslims can maintain religious practices without an Islamic political authority This theoretical framework offers insights for future empirical and theoretical studies on Muslims navigating pluralistic liberal societies making it a vital contribution to the discourse on Islam and liberalism

**Liberal States, Authoritarian Families** Rita Koganzon, 2021-05-18 Children have posed a longstanding dilemma for liberalism The authority of adults over children has always been difficult to square with liberalism's foundationally anti authoritarian premises But since liberal regimes rely heavily on education finding a way to square adult authority with children's natural liberty is essential The logic behind anti authority childrearing and educational advice is that of congruence to form good citizens of a liberal democracy families and schools should resemble miniature protected democracies so that children can practice liberty and equality in a low risk environment This kind of congruence between family and state has very old philosophical roots surfacing first in ancient Greek and Christian thought and re emerging in its modern form in the seventeenth century In **Liberal States Authoritarian Families** Rita Koganzon rejects this impulse demonstrating that it rests on misunderstanding and neglect of the arguments of early liberals specifically John Locke and Jean Jacques Rousseau about what kind of upbringing and education liberal regimes require Koganzon shows that not only did early liberals emphatically deny the possibility of congruence between pedagogical and political authority but they counterintuitively demanded that parents and teachers exercise extensive personal authority over children while denying the legitimacy of such authority over adults in politics While contemporary theorists argue that the family should be democratized to reflect the egalitarian ideals of the liberal state this book argues that the desire for congruence between familial and state authority was originally illiberal in origin advanced by theorists of absolute sovereignty like Bodin and Hobbes Early liberals opposed modelling the family on the state even on a democratic egalitarian state because they viewed the authoritarian family as a necessary educational buttress for children against the new fashionable forms of social tyranny that liberal commercial states would develop Unlike the old

authorities these forces might leave our bodies and properties alone but they would subtly and forcefully shape our understandings subjecting us to a new tyranny of public opinion Koganzon finds that the educational writings of early liberals reveal an important corrective insight for modern liberalism authority is not the enemy of liberty but a necessary prerequisite for it *The Ethics of Homelessness: Philosophical Perspectives*, 2020-01-20 This new and expanded edition of G John M Abbarno s anthology *The Ethics of Homelessness* underscores what is ignored in plain sight people without a home or dwelling are also without privacy and dignity It is argued that they lack moral standing The chapters uncover the harsh realities of poverty where economic value overrides competing human values Naomi Zack argues that homelessness is symbolic of society s materialistic values It has a tendency to resist sufficient charity and perpetuates conditions of injustice Uma Narayan questions whether the homeless have protection under the U S Constitution Other authors present an enlarged sphere of homeless to include runaway children refugees adoptees and the disabled The book demonstrates the value of applied philosophy

**Liberal Loyalty** Anna B Stilz, 2009-07-06 Many political theorists today deny that citizenship can be defended on liberal grounds alone Cosmopolitans claim that loyalty to a particular state is incompatible with universal liberal principles which hold that we have equal duties of justice to persons everywhere while nationalist theorists justify civic obligations only by reaching beyond liberal principles and invoking the importance of national culture In *Liberal Loyalty* Anna Stilz challenges both views by defending a distinctively liberal understanding of citizenship Drawing on Kant Rousseau and Habermas Stilz argues that we owe civic obligations to the state if it is sufficiently just and that constitutionally enshrined principles of justice in themselves rather than territory common language or shared culture are grounds for obedience to our particular state and for democratic solidarity with our fellow citizens She demonstrates that specifying what freedom and equality mean among a particular people requires their democratic participation together as a group Justice therefore depends on the authority of the democratic state because there is no way equal freedom can be defined or guaranteed without it Yet as Stilz shows this does not mean that each of us should entertain some vague loyalty to democracy in general Citizens are politically obligated to their own state and to each other because within their particular democracy they define and ultimately guarantee their own civil rights *Liberal Loyalty* is a persuasive defense of citizenship on purely liberal grounds

**Democracy, Risk, and Community** Richard P. Hiskes, 1998 This book is intended for students and scholars of political philosophy and political science *Veil Politics in Liberal Democratic States* Ajume H. Wingo, 2003-08-18 In this exciting and challenging account of the development and sustainability of the liberal democratic state Ajume H Wingo offers a completely new perspective from that provided by political theorists Such theorists will typically argue for the basic values of liberal democracies by rationally justifying them This book argues that it is non rational factors rhetoric symbols traditions that more often than not provide the real source of motivation Drawing from both historical and philosophical sources Ajume H Wingo demonstrates that these veils as he calls them can play an essential role in a thriving stable liberal democratic state

This theory of veil politics furnishes a conceptual framework within which we can reassess the role of aesthetics in politics the nature and function of political myths in liberal democracies and the value of civic education *Liberalism and Affirmative Obligation* Patricia Smith,1998-11-26 The scope of affirmative obligation is a point of contention among liberals Some see affirmative obligations required by social justice as incompatible with a strong commitment to individual freedom The task before the moderate liberal is then to consider what a consistently liberal view of affirmative obligation would have to be in order to accommodate liberal commitments to freedom and justice and also account for long standing institutions that are central to liberal democratic society In this book Patricia Smith argues that this can be achieved by reconstructing the liberal doctrine of positive and negative duty She offers a careful consideration of these elements of liberal principles as they relate to affirmative obligation Through an innovative analysis of the institutions of family and contract Smith develops the idea of duties of membership as preferable to natural duties to explain family obligation and as needed to supplement contractual duties to explain professional obligation This idea is then applied to the problem of justifying political obligation She argues that membership obligations implied in cooperative endeavor must supplement obligations of consent that are central to liberal theory This is deftly illustrated through a state of nature theory that includes community membership eliminating atomistic individualism while maintaining consonance with what Smith calls cooperative individualism The resulting view of liberal individualism is consistent complete and capable of handling long standing liberal institutions while taking seriously the demands of affirmative obligations Smiths clear articulation of a liberal view of affirmative obligation finds a middle ground on this polarized topic with compelling and reasoned implications for liberal political philosophy Her discussion will interest students and scholars of legal and political philosophy and political science **Powers, Possessions and Freedom** Alkis Kontos,1979-01-01 Crawford Brough Macpherson has been teaching at the University of Toronto for some forty years building an international reputation through his identification and critique of possessive individualism as a core concept in Western liberal democratic theory The essays brought together here from eminent scholars all over the English speaking world are independent statements on the issues that preoccupy Macpherson powers possessions and freedom the central problems in political theory They are arranged in a historical sequence touching on the thought of Hobbes Locke Rousseau Marx and Macpherson himself and facing with vigour and originality the dilemmas of liberal democratic and Marxian theory of social and political life It concludes with an explication by the editor of the inner parable of Durrenmatt s play *The Visit* as a profound critique of capitalism and with a bibliography of Macpherson s published work *Justice at a Distance* Loren E. Lomasky,Fernando R. Tesón,2015-09-29 The current global justice literature starts from the premise that world poverty is the result of structural injustice mostly attributable to past and present actions of governments and citizens of rich countries As a result that literature recommends vast coercive transfers of wealth from rich to poor societies alongside stronger national and international governance *Justice at a Distance* in contrast argues that global

injustice is largely home grown and that these native restrictions to freedom lie at the root of poverty and stagnation The book is the first philosophical work to emphasize free markets in goods services and labor as an ethical imperative that allows people to pursue their projects and as the one institutional arrangement capable of alleviating poverty Supported by a robust economic literature Justice at a Distance applies the principle of noninterference to the issues of wealth and poverty immigration trade the status of nation states war and aid

**Why We Fought** Robert B. Westbrook, 2012-01-11 Why We Fought is a timely and provocative analysis that examines why Americans really chose to sacrifice and commit themselves to World War II Unlike other depictions of the patriotic greatest generation Westbrook argues that strictly speaking Americans in World War II were not instructed to fight work or die for their country above all they were moved by private obligations Finding political theory in places such as pin ups of Betty Grable he contends that more often than not Americans were urged to wage war as fathers mothers husbands wives lovers sons daughters and consumers not as citizens The thinness of their own citizenship contrasted sharply with the thicker political culture of the Japanese which was regarded with condescending contempt and even occasionally wistful respect Why We Fought is a profound and skillful assessment of America's complex political beliefs and the peculiarities of its patriotism While examining the history of American beliefs about war and citizenship Westbrook casts a larger light on what it means to be an American to be patriotic and to willingly go to war

*Political Thinking, Political Theory, and Civil Society* Steven M. DeLue, Timothy M. Dale, 2016-07-01 This comprehensive overview of the Western tradition of political thought approaches concepts with the aim of helping readers develop their own political thinking and critical thinking skills This text is uniquely organized around the theme of civil society what is the nature of a civil society why is it important that will engage students and help make the material relevant Major thinkers discussed in the text are explored not only with the goal of understanding their views but also with an interest in understanding the relationship of their ideas to the notion of a civil society DeLue and Dale contend that a civil society is important for securing the way of life that most of us value and want to preserve a way of life that allows people to live freely and place significance on their own lives New to the Fourth Edition Connects traditional political theory to contemporary challenges to civil society including new coverage of US electoral politics the Black Lives Matter movement Citizens United and Robert Putnam's view of the decline of social support systems Updates the coverage of feminism and feminist thinkers including coverage of gay marriage in the context of civil society Expands coverage of global civil society especially in terms of contemporary challenges posed by ISIS the failure of the Arab Spring and ongoing humanitarian crises in Syria Iran and beyond

This is likewise one of the factors by obtaining the soft documents of this **Political Obligation In A Liberal State** by online. You might not require more become old to spend to go to the book establishment as competently as search for them. In some cases, you likewise realize not discover the message Political Obligation In A Liberal State that you are looking for. It will utterly squander the time.

However below, like you visit this web page, it will be therefore enormously easy to get as with ease as download guide Political Obligation In A Liberal State

## Political Obligation In A Liberal State Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Political Obligation In A Liberal State PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze.

This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Political Obligation In A Liberal State PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Political Obligation In A Liberal State free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### FAQs About Political Obligation In A Liberal State Books

1. Where can I buy Political Obligation In A Liberal State books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
