Politically Correct Phrasebook What They Say You Can And Cannot Say In The 1990s:

The Politically Correct Phrasebook Nigel Rees, 1993 A light hearted look at the absurdities and controversies of modern language It contains an A Z section of politically correct words and phrases and covers such topics as colour age sexual orientation physical ability beauty proportions and mental ability *The History of English in a Social Context* Dieter Kastovsky, Arthur Mettinger, 2011-07-20 TRENDS IN LINGUISTICS is a series of books that open new perspectives in our understanding of language The series publishes state of the art work on core areas of linguistics across theoretical frameworks as well as studies that provide new insights by building bridges to neighbouring fields such as neuroscience and cognitive science TRENDS IN LINGUISTICS considers itself a forum for cutting edge research based on solid empirical data on language in its various manifestations including sign languages It regards linguistic variation in its synchronic and diachronic dimensions as well as in its social contexts as important sources of insight for a better understanding of the design of linguistic systems and the ecology and evolution of language TRENDS IN LINGUISTICS publishes monographs and outstanding dissertations as well as edited volumes which provide the opportunity to address controversial topics from different empirical and theoretical viewpoints High quality standards are ensured through anonymous reviewing Political Correctness in Academia Sandra Dzenis, 2025-03-22 This book explores the phenomenon of political correctness in academia and explains why and how scholars and administrators impact PC s prominence in the academic sphere To do so it examines the actions of these agents through the lens of public choice theory revealing how self interested strategies drive the policies and norms of the university The book examines the ideological dimensions of political correctness and highlights four key spheres of influence academic research higher education curricula affirmative action and speech codes The book offers a nuanced exploration of how PC and liberalism have common ground It demonstrates how the liberal values of equality and individual liberty largely underpin PC whose regulatory function is to protect a liberal value system from illiberal truth claims Yet the book also shows how interest groups form around the concept of PC in universities and have successfully used systems of rent seeking and collective action to shape institutional policy and protect their members from ideological and professional competition which can be seen as a violation of classical liberal principles of fair competition and equal opportunity This book is a valuable tool for researchers working in political economy and PPE politics philosophy and economics as well as those interested in the political economy of academia and the concept of PC more generally *The Communicated Stereotype* Anastacia Kurylo, 2013-06-20 The Communicated Stereotype From Celebrity Vilification to Everyday Talk argues that a consequential interactional dilemma is enacted when people communicate stereotypes in everyday talk The interactional dilemma is a result of the tension between a political correctness movement that prescribes against the communication of stereotypes and the benefits gained from communicating these in conversation Despite the punishment and shame that befalls celebrities who communicate stereotypes people continue to communicate stereotypes in

everyday conversation often evoking little if any outrage The Communicated Stereotype advances previous theory and research related to group categorization stereotype maintenance and functional discourse analytic and critical approaches by demonstrating the process whereby the vilification of celebrities diverts attention from the everyday communication of stereotypes and emboldens people to communicate stereotypes without self criticism The way this interactional dilemma is handled in conversation helps to explain why stereotypes are maintained over time within a culture despite deterrents intended to dissuade people from using them An appreciation of stereotypes as poor communication choices provides the potential for the reduction of stereotype use *Leo Strauss, Education, and Political Thought* J. G. York, Michael A.

Peters, 2011-04-22 This collection by some of the leading scholars of Strauss work is the first devoted to Strauss thought regarding education It seeks to address his conception of education as it applies to a range of his most important concepts such as his views on the importance of revelation his critique of modern democracy and the importance of modern classical education This book attempts to maintain traditional scholarly standards in the hope of approaching both Strauss and his work in a dispassionate and objective manner It contains both biographical as well as scholarly chapters aimed first and foremost at understanding the corpus of Strauss work and also his significance as an educational thinker **In a Manner**

Color of Privilege Aida Hurtado, 2005-08-18 This groundbreaking and important book explores how women of different ethnic racial groups conceive of feminism Aida Hurtado advances the theory of relational privilege to explain those differing conceptions Previous theories about feminism have predominantly emphasized the lives and experiences of middle class white women Aida Hurtado argues that the different responses to feminism by women of color are not so much the result of personality or cultural differences between white women and women of color but of their differing relationship to white men For Hurtado subordination and privilege must be conceived as relational in nature and gender subordination and political solidarity must be examined in the framework of culture and socioeconomic context Hurtado's analysis of gender oppression is written from an interdisciplinary multicultural standpoint and is enriched by selections from poems by Sandra Cisneros Gloria Anzaldúa Lorna Dee Cervantes and Elba Sanchez and from plays by El Teatro Campesino the United Farm Workers theater group A final chapter proposes that progressive scholarship and especially feminist scholarship must have at its core a reflexive theory of gender oppression that allows writers to simultaneously document oppression while taking into account the writer's own privilege to analyze the observed as well as the observer Aida Hurtado is Associate Professor of Psychology University of California Santa Cruz

Knowledge Economy, Development and the Future of Higher Education Michael A. Multikulturalismus Und Political Correctness in Den USA Mathias Hildebrandt, 2005-11-25 Die Debatte um Multikulturalismus und Political Correctness dominierte in den 90er Jahren die öffentliche Auseinandersetzung in den USA und prägte die amerikanische politische Kultur nachhaltig Ihre Erschütterungen reichten bis Europa und Deutschland Mathias Hildebrandt berücksichtigt nicht nur die historische Tiefendimension dieser US-amerikanischen Selbstverständnisdebatte

Political Correctness Gerhard Werner, 1998-11-12

Inhaltsangabe Einleitung Was Political Correctness PC ist scheint fast jeder zu wissen. Man sagt nicht mehr Neger sondern Farbiger und diese Art der Problemlösung stammt aus Amerika. Diese dürfte etwa die landläufige Vorstellung von PC sein. Indes so einfach ist der Fall nicht. PC ist mehr als ein paar neue Wörter. Seit einigen Jahren kann man immer wieder einmal in den verschiedenen Feuilletons lesen, da eine ganze Welle von Moralismus Eiferertum und Dauerbetroffenheit all dies angeblich Auswuchs von PC und weit mehr als nur Sprachnormen langsam auch bei uns Verbreitung findet. Auch wenn sich einige Aufregung bereits wieder gelegt hat und das Thema nicht mehr so weit oben auf der Tagesordnung steht, gab und gibt es doch beträchtliche Irritationen, Ängste und Missverständnisse bezüglich des Begriffs PC und seiner wirklichen Bedeutung. Dies merkt man auch daran, da das Reden über PC fast immer unter einem bermächtigem Phrasendrescherei, Dogmatismus und Polemik leidet. In der Tat ist PC von zwei scheinbar widersprüchlichen Grundgegebenheiten gekennzeichnet. Einerseits erscheint uns Europäern das ganze als eine typisch amerikanische Beherrschung von Puritanismus Reinlichkeitshysterie und Blauäugigkeit. Der so gern und heimlich kolportierte Aktionismus der angeblichen US Sprachbrigaden kommt uns schon deshalb fremd und unwirklich vor, weil man hierzulande weder derart explizite Sprachvorschriften, speech codes gewohnt ist, noch Rassismus und schier endlose Debatten darüber so alltäglich sind wie in den USA. Kurz PC scheint doch ein wenig ulkig und außerdem sehr weit weg und daher für uns nicht besonders wichtig zu sein. Andererseits sind Sprachpflege und Sprachreinheit, woraus PC ja grötenteils besteht, Disziplinen mit einer langen Tradition auch und gerade in Deutschland. Warnungen vor Sprachverfall und Aufrufe zur Förderung von gutem Deutsch gab und gibt es in großer Anzahl. In der vorliegenden Arbeit wird nun der Versuch unternommen zu ergreifen, ob es eine spezifisch deutsche Form von PC gibt und worin sich diese Korrektheit von der angloamerikanischen Correctness unterscheidet. Im Mittelpunkt der Darstellung stehen also die Schnittpunkte von deutschen Nachahmungen des ursprünglichen US Trends und die oft viel älteren Gegebenheiten des Sprachstandorts Deutschland. Wenn es stimmt, da Gesellschaft wesentlich durch Sprache konstituiert wird, erlauben die vorliegenden Ergebnisse gewisse Rückschlüsse über

Authentizität! Wolfgang Engler, 2017-03-30 Authentischsein gilt zu allen Zeiten als erstrebenswert, doch was genau ist damit gemeint? Welche Eigenschaften muss ein Mensch in sich vereinen, um als authentisch wahrgenommen zu werden? Und

welche gesellschaftlichen Rahmungen sind dem Streben nach Authentizität förderlich oder hinderlich Wie natürlich darf kann oder muss man sein um als authentisches Individuum zu gelten Und verstellt sich zwingend wer sich verwandelt in Szene setzt im Alltag oder auf der Bühne Rollen spielt Der Soziologe Wolfgang Engler verfolgt das Konzept der Authentizität in seiner historischen Entwicklung und kritisiert das zeitgenössische Ideal in allen Lebenslagen im Privaten in der Öffentlichkeit im Beruf in der Kunst ohne Abstriche man selber sein zu wollen Was dabei letztlich auf dem Spiel steht sind Spiellust und Spielvermögen des Menschen wie des Schauspielers
