Summary of City Government Finances in ..., 1963. *Municipal Government and Administration: Administration* William Bennett Munro, 1923. **Cities, Politics, and Policy** John P. Pelissero, 2002-10-01. Just because Milwaukee isn't Manhattan doesn't mean that those urban centers face completely unique challenges. Through effective comparative analysis of key issues in urban studies, how city managers share power with mayors, how spending policies affect economic development, and how school politics impact education policy, students can clearly see how scholars discern patterns and formulate conclusions to offer theoretical and practical insights from which all cities can benefit. Pelissero brings together an impressive team of contributors to explore variation among cities through case studies and cross-sectional analyses. Each author synthesizes the field's seminal literature while explaining how urban leaders and their constituents grapple with everything from city council politics to conflict and cooperation among minority groups. Authors identify both key trends and gaps in the scholarship and help set the research agenda for the years to come. Lively case material will hook your students while the accessible presentation of empirical evidence makes this reader the comprehensive and sophisticated text you demand. **Local Power and Post-Soviet Politics** Theodore H.
